Define your handling solution in a few steps:

# Contents

Preface	4
Digital products and services	6
Wide range of industry segments – one competent partner.	8
Your partner for safety	10

**We are pneumatic.  
We are electric.  
We are 30,000 technology-neutral solutions.**

**→ WE ARE THE ENGINEERS  
OF PRODUCTIVITY.**

Dear customers and distribution partners,

It is important to have a good partner by your side, especially in uncertain and unpredictable times. Supply chain disruptions, pandemic, logistics issues – we hope that the uncertainties and fluctuations will soon return to a more normal level. But you can of course always rely on Festo. We are doing everything we can to guarantee you the best possible supply security. That's a promise!

In the new catalogue you will see many standard products along the entire control chain. They will help you to solve the majority of your automation tasks. And you can implement solutions more and more sustainably, since we have specifically reduced the weight of components – yet performance remains the same or is even improved. A great example of this is our compact cylinders ADN-S/AEN-S. They are extremely small and light, and deliver outstanding performance with a small stroke. New – or at this point unfamiliar – materials also contribute to the careful use of resources. For example, the MS-B compressed air preparation units in polymer housings are attractively priced basic components focused on the most important technical functions.

Or the solenoid valves VSNC-FK/VSNC-FKA for process automation. Thanks to the switched connections, you can always keep the valve orientation and valve mounting for your rotary actuator the same, but change the rotary actuator's direction of rotation – this is ideal in confined spaces.

To make sure everything fits together, we have developed a whole range of software tools for you. One of these is the new Electric Motion Sizing. It will help you to find the right electric drive in no time. With the Handling Guide Online, you can very quickly configure suitable industrial robots, from single-axis solutions to 3D gantries, in just a few steps.

Pneumatic sizing and simulation or being able to determine the compressed air consumption are additional tools that enhance your design. By comparing pneumatic and electric products, our "CO2 & TCO Guide" selection software shows you straight away which solution best meets your needs in terms of energy and costs. Try it for yourself!

I trust this catalogue and our engineering tools will support you in making the right automation decisions quickly.

Frank Notz  
Member of the Management Board Sales of Festo SE & Co.KG

## Digital products and services

### Comprehensive digitalisation concepts: AI becomes the new standard

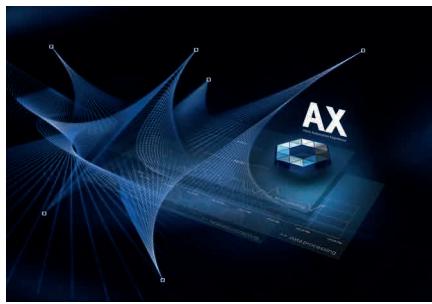

All our development activities for digitalised automation revolve around one question: how can we make you more productive along the entire value chain?

From initial engineering, procurement and commissioning to maintenance and operation? At Festo you will find the right digital offer for your needs.

Below you will see a selection that we have compiled for you.

→ [www.festo.com/engineeringtools](http://www.festo.com/engineeringtools)

### The Festo Automation Experience (Festo AX)

You can already optimise your processes right now with data analytics, machine learning and artificial intelligence from Festo.

- Smart maintenance
- Predictive maintenance
- Predictive quality
- Predictive energy

This is how customers can achieve optimisations of 25%, e.g. thanks to reduced unplanned downtime.

Smartenance, for example, is suitable for simple digital maintenance. We use Festo AX to optimise your applications based on data, either as part of a project or with a standard app.

→ [www.festo.com/Smartenance](http://www.festo.com/Smartenance)

→ [www.festo.com/AX](http://www.festo.com/AX)

### Pneumatic Sizing

You may have already asked yourself if there's a quicker and more accurate way to calculate the optimal pneumatic control chain. Yes, there is! Pneumatic Sizing doesn't just offer you one design version that is suitable for your application, but up to three. By entering three application parameters such as load, stroke and positioning time, you will get up to three suggestions: the precise result as well as the performance and eco versions.

Pneumatic Sizing allows you to benefit from:

- Optimal air consumption
- The ideal travel time per cycle
- Direct connections to the Festo Online Shop.

→ [www.festo.com/pneumaticsizing](http://www.festo.com/pneumaticsizing)

### Festo Design Tool 3D

Festo Design Tool 3D is a 3D product configurator for generating Festo-specific CAD product combinations. It will make your search for matching accessories for standard products with fast delivery, such as the pneumatic cylinder series DSBC, DSNU and ADN, faster, more reliable and easier in the future. At the same time documentation requires less effort and traceability is easy.

The benefits for design, purchasing and commissioning:

- Quick and easy automated generation of product combinations
- Shorter bills of materials, fewer sources of error and optimised ordering processes
- Native CAD models for retaining CAD/component links (CAD Constraints, CAD Mates)
- Simplified, accelerated warehousing and assembly processes

→ [www.festo.com/fdt-3d-online](http://www.festo.com/fdt-3d-online)

### CO2 & TCO Guide

Before choosing the technology for your system, you should make sure you know how high the CO2 consumption will be during operation and what you can expect the total cost of ownership (TCO) to be in the future.

Our CO2 TCO tool enables you to compare electric and pneumatic drives from our product portfolio. It provides a clear comparison of the energy consumption, CO2 emissions, the procurement costs and the

total cost of ownership and thus provides you with all the key factors as a valuable decision-making support.

- Guide for selecting the right technology
- Comparison of pneumatic and electric drives
- Comparison of energy consumption, CO2 emissions, procurement costs and total cost of ownership

→ [www.festo.com/x/co2-tco](http://www.festo.com/x/co2-tco)

## Simplified Motion Series – Solution Finder

→ [www.festo.com/x/simplified-motion-series](http://www.festo.com/x/simplified-motion-series)

The simplicity of pneumatics is now combined for the first time with the advantages of electric automation thanks to the Simplified Motion Series.

These integrated drives are the perfect solution for all users who are looking for an electric alternative for very simple movement and positioning tasks, but don't want the commissioning process for traditional electric drive systems that can often be quite complex.

- Configure the right product for any simple linear or rotary movement.
- Select the product and order it in the Online Shop.

## Schematic Solution for EPLAN projects

→ [www.festo.com/eplan](http://www.festo.com/eplan)

This circuit diagram service for complete EPLAN projects is unique to Festo: EPLAN Schematic Solution documents your individually configured solutions in next to no time. 3D CAD data and product information for standard catalogue products have already been available for 15 years. With EPLAN Schematic Solution you simply enter the order code and receive the complete plan in just a few minutes – error-free and trouble-free. No more tedious searching for, downloading and piecing together individual components.

- Intuitive, fast and reliable: error-free documentation at the push of a button
- Complete mechatronic display of configured products like CPX, VTSA, MPA
- Reliably automated according to the standards IEC 61355, IEC 81346, ISO 1219

## FluidDraw – circuit diagrams for complete systems

→ [www.festo.com/fluiddraw](http://www.festo.com/fluiddraw)

Planning and documenting electric and pneumatic components in your system have never been easier. FluidDraw gives you direct access to the catalogue and any online baskets you saved at Festo, as well as letting you import additional databases and use a standardised symbol library. For maximum convenience choose the FluidDraw 365 software subscription with regular updates and the latest upgrades.

- IMX and Eplan interfaces
- Tubing lengths, wire and cable lengths
- Standardised hydraulic symbols to ISO 1219

## Configurator for process valve units and quarter turn actuator units

→ [www.festo.com/kvza](http://www.festo.com/kvza)  
→ [www.festo.com/kvzb](http://www.festo.com/kvzb)  
→ [www.festo.com/kdfp-dfpd](http://www.festo.com/kdfp-dfpd)

The configurator for process valve units (KVZA and KVZB) and quarter turn actuator units (KDFP-DFPD) significantly simplifies engineering and procurement processes. The tool ensures quick and successful project management by taking all relevant factors into account: from initial product search, configuration, sizing and documentation right through to ordering and delivery of the ready-to-install units – everything is combined in one tool, including customer-specific requests.

All components come from a single source, are pre-assembled and perfectly compatible with each other.

- Tailored and ready-to-install solutions
- Increased reliability for your specific application
- CAD data for configuration and documentation for direct download
- The system ID can also be used for subsequent orders
- Reliable planning with immediate price and delivery time information

Wide range of industry segments – one competent partner.

## Food, drink and packaging industry

From continuous processes, and food and splash zones to end line packaging:

- Solutions for controlling special media flows
- Automation components in easy-to-clean design and with food-safe materials
- Handling systems with suitable gripper solutions
- Technology mix: electric, pneumatic and servo-pneumatic

→ [www.festo.com/food](http://www.festo.com/food)

## Automotive industry and Tier 1 suppliers

- Flexible automation solutions for electromobility
- Intelligent and energy-efficient technologies
- Safety-related concepts and components
- Matching product portfolio – electric, pneumatic, servo-pneumatic
- Engineering and industry competencies along the entire process chain

→ [www.festo.com/automotive](http://www.festo.com/automotive)

## Small parts assembly and electronics industry

Expertise along the entire process chain:

- From wafer production at the front end to finished chips at the back end
- For quality inspection and assembly of the finished products
- In small parts assembly, electronics or non-electronics

→ [www.festo.com/electronics](http://www.festo.com/electronics)

## LifeTech – technologies for the life sciences

- Delivery of automation components for key processes:
  - Laboratory automation
  - Medical technology
  - In vitro diagnostics
  - Point-of-care applications
- Kinematics for sample handling
- Liquid handling with dispensing and pipetting systems
- Precise regulation of medical gases

→ [www.festo.com/lifetech](http://www.festo.com/lifetech)

## Biotech, pharma and cosmetics industry

- Delivery of automation components for key processes:
  - API manufacturing
  - Manufacturing pharmaceuticals, cosmetics and personal care products
  - Filling and packaging
- Customer-oriented consulting and engineering
- Compressed air quality analyses
- Energy Saving Services

→ [www.festo.com/biotech](http://www.festo.com/biotech)

## Water treatment

- Delivery of automation components for key processes:
  - Water treatment
  - Wastewater treatment
- Customer-oriented consulting and engineering
- Compressed air quality analyses
- Energy Saving Services

→ [www.festo.com/water](http://www.festo.com/water)

Your partner for safety

## Reduce risk – think preventively: Safety@Festo

Machines have to be designed in a way that protects people, animals, property and the environment from harm. The objective is to prevent physical damage of any type. With safety-oriented pneumatics from Festo, you can be sure that implemented safety measures are in compliance with the EC Machinery Directive.

Festo offers many safety solutions for the entire control chain in the area of electrics and pneumatics, for input, logic and output.

These can be individual products, customer-specific solutions, proposals for circuit diagrams or training courses. Festo Didactic offers training and consulting services on standards and directives as well as risk assessments and assessments of technical safety measures.

### Normal operation

## Product overview

### Software-Tools

#### Pneumatic sizing

Size pneumatic control loop systems quickly and energy-efficiently.

In order to survive in a tough competitive environment, many companies are searching for ways to make savings in their production. Such savings can often be found in their existing compressed air systems, which have generally been in place for years. Up to 60% of energy costs can be saved through optimisation at both the production facility and system level.

This tool can be found at

→ [www.festo.com/x/pneumatic-sizing](http://www.festo.com/x/pneumatic-sizing)

#### Festo Design Tool 3D

The Festo Design Tool 3D is a 3D product configurator for generating specific CAD product combinations from Festo. The configurator makes your search for the right accessory easier, more reliable and faster.

You can then order the module that has been created as a single order item, either completely pre-assembled or as individual parts in a single box. This considerably reduces your bill of materials, and downstream processes such as product ordering, order picking and assembly are significantly simplified.

This tool can be found at

→ [www.festo.com/x/festo-design-tool](http://www.festo.com/x/festo-design-tool)

#### Air consumption of cylinders

Calculate your system's air consumption.

Determine your system's air consumption quickly and conveniently. Simply enter all the drives and tubing, set the cycle times and working pressure and the air consumption per minute and per day will be calculated for you. The input table and results can be exported directly to Excel.

This tool can be found at

→ [www.festo.com/x/air-consumption](http://www.festo.com/x/air-consumption)

#### CO2 & TCO Guide

CO2 values and TCO for your application.

Take a quantum leap in automation technology. By using suitable components from Festo in an intelligent way, you can reduce the energy consumption of your systems and thus specifically lower your production's carbon emissions.

This tool can be found at

→ [www.festo.com/x/co2-tco](http://www.festo.com/x/co2-tco)

## Software-Tools

### Mass moment of inertia

Juggling pencils and pocket calculators is now a thing of the past. Whether you have discs, blocks, push-on flanges, grippers, etc.: this tool does the job of calculating all the mass moments of inertia. Just save, send or print and you're finished.

This tool can be found at

→ [www.festo.com/x/mass-moment-of-inertia](http://www.festo.com/x/mass-moment-of-inertia)

### Semi-rotary drives >

#### Semi-rotary drives with rotary vane

Semi-rotary drives  
DRVS

<b>Size</b>	6, 8, 12, 16, 25, 32, 40
<b>Theoretical torque at 6 bar</b>	0.15 ... 20 Nm
<b>Permissible mass moment of inertia</b>	6.5 ... 350 kgcm <sup>2</sup>
<b>Position sensing</b>	Via proximity switch
<b>Swivel angle</b>	0 ... 270°
<b>Description</b>	<ul style="list-style-type: none"><li>Double-acting semi-rotary drive with rotary vane</li><li>Lighter than other semi-rotary drives</li><li>Fixed swivel angle, adjustable swivel angle possible with the help of accessories</li><li>Housing protected against splash water and dust</li><li>Sustainable in production thanks to reduced use of materials</li></ul>
<b>→ Page/online</b>	<b>54</b>

## Product overview

### Customised components – for your specific requirements

#### Drives with customised designs

Can't find the pneumatic drive you need in our catalogue?

We can offer you customised components that are tailored to your specific requirements.

#### Common product modifications:

- Materials for special ambient conditions
- Customised dimensions
- Special strokes
- Customised mounting options
- Implementation of special cylinder functions (cylinder/valve combinations, single-acting principle, etc.)

Many additional variants are possible.

Ask your Festo sales engineer, who will be happy to help:

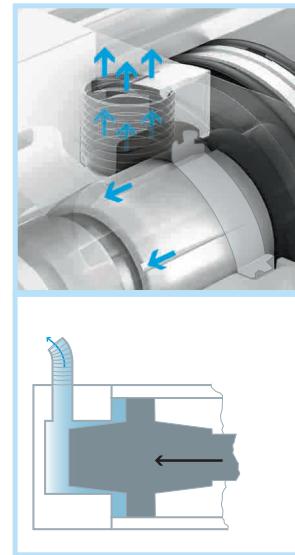

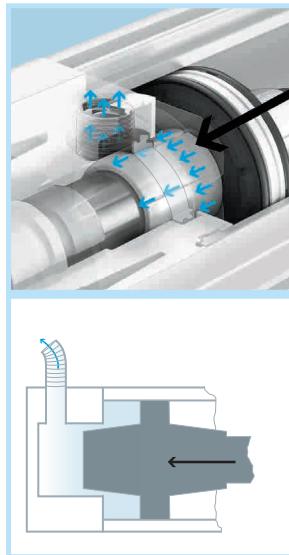

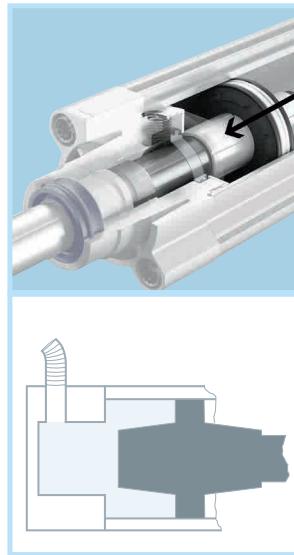

→ [www.festo.com/contact](http://www.festo.com/contact)

## Self-adjusting end-position cushioning PPS for standards-based cylinders

### More productivity, less work: PPS

Simply ingenious: the unique, self-adjusting end-position cushioning PPS saves huge amounts of time during commissioning, adjusts optimally to changes in load and speed and allows the cylinder to move dynamically and gently into the end position. This reduces wear on the entire system.

This and many other advantages are the result of the unique design with longitudinal slots which allow air to escape.

### Use the advantages of PPS – in these cylinders

DSNU  
→ 25

### Software tool

Festo Design Tool 3D

The Festo Design Tool 3D is a 3D product configurator for generating specific CAD product combinations from Festo. The configurator makes your search for the right accessory easier, more reliable and faster.

You can then order the module that has been created as a single order item, either completely pre-assembled or as individual parts in a single box. This considerably reduces your bill of materials, and downstream processes such as product ordering, order picking and assembly are significantly simplified.

This tool can be found at

→ [www.festo.com/x/festo-design-tool](http://www.festo.com/x/festo-design-tool)

## Self-adjusting end-position cushioning PPS for standards-based cylinders

### Less can be more: the advantages of self-adjusting cushioning at a glance

#### Less shock

Running smoothly, Part 1:

The better the cushioning, the less settling and impact vibration. Better for the cylinder, better for the machine.

#### Less time

Save time and effort in adjusting. The calculation is simple:

no. of cylinders x 5 mins = big cost saving.

#### Less noise

Running smoothly, Part 2:

Where there is no vibration, there is nothing to disturb the working environment of both workers and machines.

#### Less errors

Always correct. All by itself. PPS cushioning prevents setting errors and automatically compensates for changing loads.

#### Less adjustment required:

Goodbye screwdriver. Not just less adjustment, but no adjustment at all! Standards-based cylinders with PPS cushioning are self-adjusting.

#### Less planning

Making it easy – setting multiple cylinders to run in parallel is a nightmare. Standards-based cylinders with PPS cushioning. Simply fit and forget.

#### Less cleaning

A clean solution. No cushioning screws cuts dust and dirt traps and makes for smoother surfaces. In other words, adjusting-screw-free.

#### Less bulky

Compact cylinders ADN-PPS offer up to 300% more end of stroke energy absorption. Smaller or more powerful, the choice is yours.

#### Less variants

Relaxed purchasing. Cylinders with PPS cushioning have a far wider operating range than most standard cylinders. The result is fewer variants with more application options.

#### Less risk

No screws, no setting on live machinery; safer and faster. And no operator fiddling. Standards-based cylinders with PPS are self-adjusting.

#### Less wear

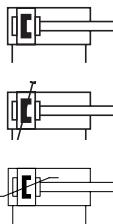

Self-adjusting means always perfectly set. Perfectly set cushioning means that cylinders operate more smoothly and longer. More machine uptime and greater throughput.

#### Less stock

Less is more. Your finance department will think so too. PPS cushioning enables a narrower range of cylinders to cover the same performance range. And less stock = lower costs.

- Diameter 8 ... 25 mm: ISO 6432
- For very high demands on running characteristics, service life and load capacity
- Can be used universally thanks to individual variants
- Comprehensive range of accessories
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Accessories

1 Rod eye SGS → 63

2 Coupling piece KSG/KSZ → **dsnu**

3 Rod clevis SG → 63

4 Self-aligning rod coupler FK → 63

5 Flange mounting FBN → 28

6 Foot mounting HBN → 28

7 Swivel mounting WBN → 28

8 Swivel mounting SBN → 28

9 Clevis foot LBN → 28

10 One-way flow control valve GRLA/GRLZ → 210

11 Push-in fitting QS → 319

12 Mounting kit SMBR → **dsnu**13 Proximity switch SMEO-/SMTO-4U → **dsnu**

14 Mounting kit SMBR-8 → 244

15 Proximity switch SMT-8M → 243

16 Bellows kit DADB → **dsnu**

17 Right-angle clevis foot LQG → 28

18 Rod clevis SGA → 28

19 Clevis foot LBG → 28

1) ...x2: 2x foot, 1x nut

5 Flange mounting FBN		
For Ø	Type	Part no.
32	FBN-32	195855
40	FBN-40	195856

7 Swivel mounting WBN		
For Ø	Type	Part no.
32	WBN-32	195863
40	WBN-40	195864

9 Clevis foot LBN		
For Ø	Type	Part no.
32	LBN-32	195860
40	LBN-40	195861

18 Rod clevis SGA		
For Ø	Type	Part no.
32	SGA-M10x1,25	32954
40	SGA-M12x1,25	10767

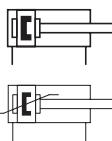

6 Foot mounting HBN <sup>1)</sup>		
For Ø	Type	Part no.
32	HBN-32x2	195851
40	HBN-40x2	195852

8 Swivel mounting SBN		
For Ø	Type	Part no.
32	SBN-32	539924
40	SBN-40	539925

17 Right-angle clevis foot LQG		
For Ø	Type	Part no.
32	LQG-32	31768
40	LQG-40	31769

19 Clevis foot LBG		
For Ø	Type	Part no.
32	LBG-32	31761
40	LBG-40	31762

1) ...x2: 2x foot, 1x nut

- Compact variant of standards-based cylinder DSNU
- Piston Ø 8... 25 mm
- Stroke 10 ... 200 mm

## Order code – Basic design

Heat-resistant design		
8 ... 25	SMBR-8-8/100-S6	538937

1) ...x1: 1x foot; ...x2: 2x foot, 1x nut

- Strokes of up to 2800 mm
- Excellent flexibility thanks to a wide range of variants
- Extensive range of accessories makes it possible to install the cylinder virtually anywhere
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Product options

100, 125 mm Piston Ø	E1	End-position locking at both ends	D3	Sensor slot on 3 sides of the profile	A1	Increased chemical resistance
1 ... 2800 mm Variable stroke			P	Elastic cushioning rings/plates both ends	A2	Hard scraper
Q With protection against rotation	E2	End-position locking with advanced piston rod	R3	High corrosion protection	A3	Suitable for unlubricated operation
L Running characteristic low friction	E3	End-position locking with retracted piston rod	T1	Heat-resistant seals up to max. 120 °C	A6	Metal scraper
U Constant, slow movement	T	Through piston rod	T3	Low temperature -40 ... +80 °C	F1A	Recommended for production facilities for manufacturing lithium-ion batteries
L1 Low friction for balancer applications	F	Female piston rod thread	T4	Temperature range 0 ... +150 °C	EX4	EU certification (II 2GD)
C Clamping unit attached			P2	Bellows on bearing cap	E...	Extended piston rod 500 mm
					...L	Extended piston rod thread 0 ... 70 mm

**[14] Trunnion mounting kit DAMT**

For Ø	Type	Part no.
32	DAMT-V1-32-A	2213233
40	DAMT-V1-40-A	2214899
50	DAMT-V1-50-A	2214909
63	DAMT-V1-63-A	2214971
80	DAMT-V1-80-A	163529

**[16] Right-angle clevis foot LQG**

For Ø	Type	Part no.
32	LQG-32	31768
40	LQG-40	31769
50	LQG-50	31770
63	LQG-63	31771
80	LQG-80	31772

**[17] Rod clevis SGA**

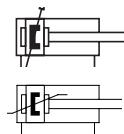

For Ø	Type	Part no.
32	SGA-M10x1,25	32954
40	SGA-M12x1,25	10767
50	SGA-M16x1,5	10768
63	SGA-M16x1,5	10768
80	SGA-M20x1,5	10769

**[27] Multi-position kit DPNC**

For Ø	Type	Part no.
32	DPNC-32	174418
40	DPNC-40	174419
50	DPNC-50	174420
63	DPNC-63	174421
80	DPNC-80	174422

Piston rod cylinders > Tie rod and profile barrel cylinders >

## Standards-based cylinders DSBF-C, to ISO 15552, clean design

- Strokes of up to 2800 mm
- Standards-based cylinder with increased corrosion protection
- Resistant to conventional cleaning agents
- Long service life thanks to optional dry-running seal

- Comprehensive range of mounting accessories for just about every type of installation
  - Selected types in accordance with ATEX directive for potentially explosive atmospheres
- [www.festo.com/ex](http://www.festo.com/ex)

80, 100	CRSGS-M20x1,5	<b>195585</b>
125	CRSGS-M27x2	<b>195586</b>

18 Self-aligning rod coupler CRFK		
For Ø	Type	Part no.
32	CRFK-M10x1,25	<b>2305778</b>
40	CRFK-M12x1,25	<b>2305779</b>
50, 63	CRFK-M16x1,5	<b>2490673</b>
80, 100	CRFK-M20x1,5	<b>2545677</b>

Cylinders with piston rod > Compact, short-stroke and flat cylinders >  
Compact cylinders ADN-S/AEN-S, double-acting/single-acting

- Extremely small and lightweight
- Perfect for micro-movements
- Improved running characteristics thanks to precise manufacturing from a single piece
- Wide range of mounting options, interfaces from two sides

- Variants with copper and zinc content less than 1% – recommended for production facilities for manufacturing lithium-ion batteries

## Accessories

- [1] Coupling piece KSG → 41  
[2] Self-aligning rod coupler FK → 41  
[3] Foot mounting HNA → 41  
[4] Flange mounting FNC → 41  
[5] One-way flow control valve GRLA/GRLZ → 210  
[6] Push-in fitting QS → adn-s  
[7] Proximity switch SMT-10M → 41  
SMT-8M → 41  
CRSMT-8M/SDBT-MS → adn-s  
Position transmitter  
SDAS-MHS/SDAT-MHS/SMAT-8M → adn-s  
Connecting cables NEBU → 41  
[8] Slot cover ABP-5 → adn-s

## Accessories for piston Ø 12 ... 63 mm

[1] Coupling piece KSG		
For Ø	Type	Part no.
32, 40	KSG-M10x1,25	32963
50, 63	KSG-M12x1,25	32964

[2] Self-aligning rod coupler FK		
For Ø	Type	Part no.
12	FK-M5	30984
16	FK-M6	2061
20, 25	FK-M8	2062
32, 40	FK-M10x1,25	6140
50, 63	FK-M12x1,25	6141

[3] Foot mounting HNA		
For Ø	Type	Part no.
12	HNA-12	537237
16	HNA-16	537238
20	HNA-20	537239
25	HNA-25	537240
32	HNA-32	537241
40	HNA-40	537242
50	HNA-50	537243
63	HNA-63	537244

[4] Flange mounting FNC		
For Ø	Type	Part no.
12	FNC-12	537245
16	FNC-16	537246
20	FNC-20	537247
25	FNC-25	537248
32	FNC-32	174376
40	FNC-40	174377
50	FNC-50	174378
63	FNC-63	174379

## Proximity switch for piston Ø 6, 10 mm

[7] Proximity switch, N/O, magneto-resistive SMT-10M		
Description	Type	Part no.
PNP, for round slot, inserted in the slot from above		
Cable, 3-wire, lengthwise, 2.5 m	SMT-10M-PS-24V-E-2,5-L-OE	551373
Plug M8x1, 3-pin, lengthwise, 0.3 m	SMT-10M-PS-24V-E-0,3-L-M8D	551375
NPN, for C-slot, inserted in the slot from above		
Cable, 3-wire, lengthwise, 2.5 m	SMT-10M-NS-24V-E-2,5-L-OE	551377
Plug M8x1, 3-pin, lengthwise, 0.3 m	SMT-10M-NS-24V-E-0,3-L-M8D	551379

## Proximity switch for piston Ø 12 ... 63 mm

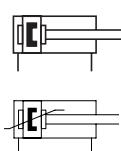

[7] Proximity switch, N/O, magneto-resistive SMT-8M		
Description	Type	Part no.
PNP, for T-slot, inserted in the slot from above, flush with the cylinder profile, short design		
Cable, 3-wire, 2.5 m	SMT-8M-A-PS-24V-E-2,5-OE	574335
Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-PS-24V-E-0,3-M8D	574334
NPN, for T-slot, inserted in the slot from above, flush with the cylinder profile, short design		
Cable, 3-wire, 2.5 m	SMT-8M-A-NS-24V-E-2,5-OE	574338
Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-NS-24V-E-0,3-M8D	574339

[7] Connecting cable NEBU		
Cable length	Connection right	Type
Connection left: straight socket, M8x1, 3-pin		
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3
5 m		NEBU-M8G3-K-5-LE3
Connection left: angled socket, M8x1, 3-pin		
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3
5 m		NEBU-M8W3-K-5-LE3

[7] Proximity switch, N/C, magneto-resistive SMT-8M		
Description	Type	Part no.
PNP, for T-slot, inserted in the slot from above, flush with the cylinder profile, short design		
Cable, 3-wire, 7.5 m	SMT-8M-A-PO-24V-E-7,5-OE	574340
Connection left: straight socket, M8x1, 3-pin		
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3
5 m		NEBU-M8G3-K-5-LE3
Connection left: angled socket, M8x1, 3-pin		
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3
5 m		NEBU-M8W3-K-5-LE3

Cylinders with piston rod &gt; Compact, short-stroke and flat cylinders &gt;

## Compact cylinders ADN, to ISO 21287, double-acting

- Compact cylinders with standard dimensions
- Up to 50% less installation space than comparable standards-based cylinders to ISO 15552
- Innovative technology for maximum speeds
- Flexible in use thanks to easy-to-configure variants
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Order code – Basic design

001	002	003	004	005	006	007	008	009	010	011	012	013	014	015	016
ADN					A										

001	Type	009	Temperature resistance
ADN	Double-acting compact cylinder, to ISO 21287	-	Standard
002	Piston Ø [mm]	010	Constant motion
...	12, 16, 20, 25, 32, 40, 50, 63, 80	-	None
003	Stroke [mm]	011	Low friction
...	5, 10, 15, 20, 25, 30, 40, 50, 60, 80	-	Standard
004	Piston rod thread type	012	Increased lateral force
A	Male thread	-	None
I	Female thread	013	Captive rating plate
005	Cushioning	-	Rating plate, glued
P	Elastic cushioning rings/plates at both ends	014	Low temperature
PPS	Pneumatic cushioning, self-adjusting at both ends	-	None
006	Position sensing	015	Wiper seal
A	Via proximity switch	-	Standard
007	Protection against rotation	016	EU certification (ATEX)
-	None	-	None
008	Piston rod type		
-	Piston rod at one end		

Legend:  Mandatory entry  Optional entry

## Product options

100, 125 mm Piston Ø	K8	Extended piston rod	K5	Special piston rod thread	S11	Low friction
1 ... 500 mm Variable stroke	S1	Reinforced piston rod	K10	Smooth anodised aluminium piston rod	R3	High corrosion protection
F1A Recommended for production facilities for manufacturing lithium-ion batteries (Cu<=1%, Zn<=1%, Ni<=1%)	S2	Through piston rod	S6	Heat-resistant seals up to max. 120 °C	R8	Dust protection
Q Square piston rod	S20	Through, hollow piston rod	S10	Constant, slow movement	TL	Laser etched rating plate
	K2	Extended male piston rod thread			TT	Low temperature -40 ... +80°C

## P and PPS cushioning

**P cushioning:**  
Elastic cushioning rings/plates at  
both ends

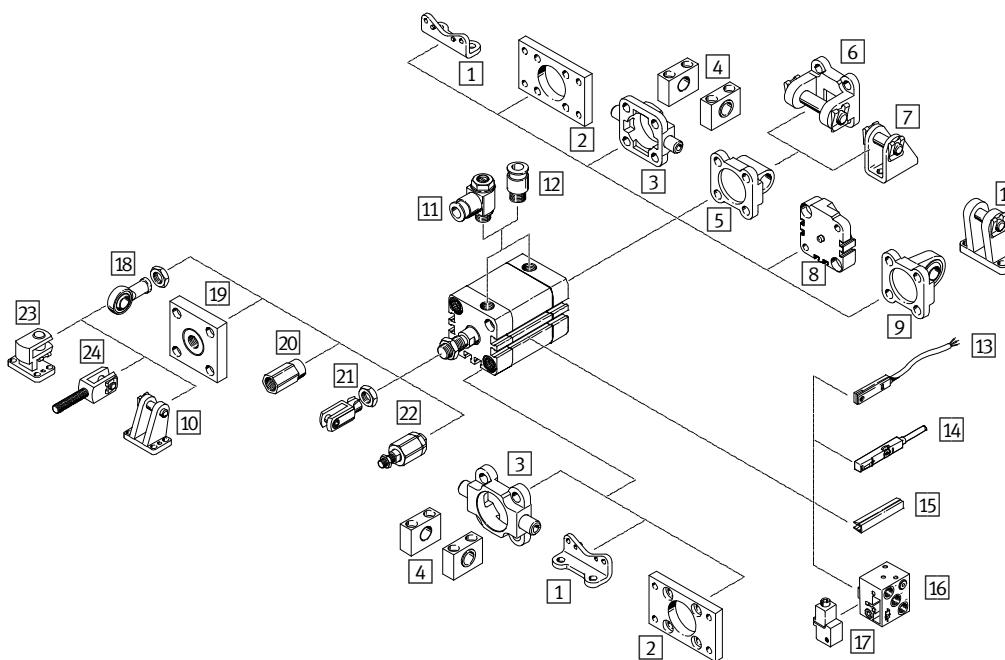

**PPS cushioning:**  
Pneumatic cushioning, self-ad-  
justing at both ends

Cylinders with piston rod &gt; Compact, short-stroke and flat cylinders &gt;

## Compact cylinders ADN, to ISO 21287, double-acting

## Accessories

- [1] Foot mounting HNA → 44
- [2] Flange mounting FNC → 44

## Accessories

## [2] Moment compensator FKC

For Ø	Type	Part no.
8, 12	FKC-8/12	529350
18	FKC-18	538714
25	FKC-25	538715
32	FKC-32	538961
40	FKC-40	538962
50, 63	FKC-50/63	545240

## [9] Foot mounting HPC

For Ø	Type	Part no.
8	HPC-8	526385
12	HPC-12	526388
18	HPC-18	533667
25	HPC-25	533668
32	HPC-32	533669
40	HPC-40	533670
50	HPC-50	545236
63	HPC-63	545237

## [4] Shock absorber YSRW-DGC

For Ø	Type	Part no.
For DGC-G		
8	YSRW-DGC-8	540344
12	YSRW-DGC-12	540345
For DGC-GF		
18	YSRW-DGC-18-GF	540346
25	YSRW-DGC-25-GF	540348
32	YSRW-DGC-32-GF	540350
40	YSRW-DGC-40-GF	540352
50	YSRW-DGC-40/50-B	1232870
63	YSRW-DGC-63	543069
For DGC-KF		
18	YSRW-DGC-18-KF	540347
25	YSRW-DGC-25-KF	540349
32	YSRW-DGC-32-KF	540351
40, 50	YSRW-DGC-40/50-B	1232870
63	YSRW-DGC-63	543069

[10] Centring pin/sleeve ZBS/ZBH<sup>1)</sup>

For Ø	Description	Type	Part no.
For DGC-G			
8, 12	For slide	ZBS-5	150928
8, 12	For end cap	ZBS-2	525273
50, 63		ZBH-9-B	8137184
For DGC-GF			
18	For slide	ZBS-5	150928
25 ... 63		ZBH-9-B	8137184
50, 63	For end cap	ZBH-9-B	8137184
For DGC-KF			
8, 12, 18	For slide	ZBS-5	150928
25 ... 63		ZBH-9-B	8137184
8, 12	For end cap	ZBH-2	525273
18		ZBS-5	150928
25 ... 63		ZBH-9-B	8137184

1) Packaging unit 10 pieces.

## [7] Connecting cable NEBU

Cable length	Connection right	Type	Part no.
Connection left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	541333
5 m		NEBU-M8G3-K-5-LE3	541334
Connection left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	541338
5 m		NEBU-M8W3-K-5-LE3	541341
Connection left: straight socket, M12x1, 5-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M12G5-K-2.5-LE3	541363
5 m		NEBU-M12G5-K-5-LE3	541364
Connection left: angled socket, M12x1, 5-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M12W5-K-2.5-LE3	541367
5 m		NEBU-M12W5-K-5-LE3	541370

[11] Slot cover ABP-S<sup>2)</sup>

For Ø	Type	Part no.
For sensor slot		
18 ... 63	ABP-5-S	151680

2) Packaging unit 2x 0.5 m.

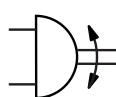

[12] Slot nut HMBN<sup>3)</sup>

For Ø	Type	Part no.
For mounting slot		
25, 32, 40	HMBN-5-1M5	547264
50, 63	HMBN-5-2M5	186566

3) Packaging unit 10 pieces.

## [8] Profile mounting MUC

For Ø	Type	Part no.
8	MUC-8	526384
12	MUC-12	526387
18	MUC-18	531752
25	MUC-25	531753
32	MUC-32	531754
40	MUC-40	531755
50	MUC-50	531756
63	MUC-63	531757

- Modern and compact design
- Lighter than other semi-rotary drives
- Housing protected against splash water and dust
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

	PNP, plug	SIEN-M8B-PS-S-L	150387

## [12] Connecting cable NEBU

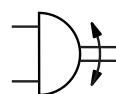

Cable length	Connection right	Type	Part no.
Connection left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	541333
5 m		NEBU-M8G3-K-5-LE3	541334
Connection left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	541338
5 m		NEBU-M8W3-K-5-LE3	541341

## [13] One-way flow control valves GRLA

For size	Type	Part no.
6, 8	GRLA-M3-QS-3	175041

Semi-rotary drives &gt; Semi-rotary drives with rack and pinion &gt;

## Twin-piston semi-rotary drives DRRD, double-acting

- Extremely accurate in the end positions
  - Very high load-bearing capacity
  - Very good axial run-out at the flanged shaft
  - High mass moments of inertia
  - Selected types in accordance with ATEX directive for potentially explosive atmospheres
- [www.festo.com/ex](http://www.festo.com/ex)

## Order code – Basic design

**One-way flow control valve GRLA**

For size	Type	Part no.
To set the swivel speed		
16 <sup>1)</sup> , 20, 25	GRLA-M5-QS-3-RS-D	197576
	GRLA-M5-QS-4-RS-D	197577
32, 35, 40	GRLA-1/8-RS-B	151169

1) Strongly recommended for this size.

Guided drives &gt; Drives with slide &gt;

## Mini slides DGST, double-acting

- Very compact design
- Shortest mini slide on the market
- Powerful twin-piston drive
- Very precise recirculating ball bearing guide
- Yoke plate and slide manufactured from a single piece
- Easy end-position adjustment
- Short cycle times and high effective power with twin piston
- High precision and robustness

## Order code – Basic design

- [3] Centring sleeve ZBH, centring pin ZBS → 60
- [4] Proximity switch SMT-10M/SMT-8M → 60  
Position transmitter SMAT-8M/SDAT → dgst
- [5] Shock absorber DYEF (included in the scope of delivery of the mini slide DGST) → 60
- [6] Shock absorber DYSS (included in the scope of delivery of the mini slide DGST) → 60
- [7] Threaded sleeve included in the scope of delivery of the shock absorber [5]/[6]
- [8] Connection set DADG-AK-G8 for axial connection of compressed air tubing → dgst
- [9] Shock absorber retainer DADP → dgst
- [10] Cushioning Y12 → dgst
- [11] Intermediate-position module DADM → dgst

Guided drives &gt; Drives with slide &gt;

## Mini slides DGST, double-acting

## [1] Push-in fitting QSM

For size	Type	Part no.
For connecting compressed air tubing with standard outside diameters		
6	QSM-M3-4	153303
8, 10, 12, 16	QSM-M5-4	153304
20, 25	QSM-1/8-6	153307

## [4] Proximity switch, N/O, magneto-resistive SMT-8M

For size	Description	Type	Part no.
PNP, for T-slot, inserted in the slot from above, flush with the cylinder profile, short design			
16, 20, 25	Cable, 3-wire, 2.5 m	SMT-8M-A-PS-24V-E-2,5-OE	574335
	Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-PS-24V-E-0,3-M8D	574334
NPN, for T-slot, inserted in the slot from above, flush with the cylinder profile, short design			
16, 20, 25	Cable, 3-wire, 2.5 m	SMT-8M-A-NS-24V-E-2,5-OE	574338
	Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-NS-24V-E-0,3-M8D	574339

## [2] One-way flow control valve GRLA

For size	Type	Part no.
For regulating speed		
6	GRLA-M3-QS-3	175041
8, 10, 12, 16	GRLA-M5-QS-6-D	193139
20, 25	GRLA-1/8-QS-8-D	193145

[3] Centring sleeve ZBH<sup>1)</sup>/centring pin ZBS<sup>1)</sup>

For size	Type	Part no.
For centring loads and attachments on the slide		
6, 8, 10, 12, 16	ZBH-5-B	8146543
20, 25	ZBH-12-B	8137185
For centring loads and attachments on the yoke plate		
6	ZBS-2	525273
8, 10	ZBH-5-B	8146543
12, 16	ZBH-7-B	8146544
20, 25	ZBH-12-B	8137185
For centring the mini slide during mounting		
6, 8	ZBH-5-M4	8119593
10, 12	ZBH-7-B	8146544
16	ZBH-9-B	8137184
20, 25	ZBH-12-B	8137185

1) Packaging unit 10 pieces

[5] Shock absorber DYEF<sup>2)</sup>

For size	Type	Part no.
For DGST-...-P, elastic cushioning at both ends, self-adjusting, with end-position adjustment		
6	DYEF-G8-M4-Y1	8073902
8	DYEF-G8-M5-Y1	8073903
10	DYEF-G8-M6-Y1	8073904
12	DYEF-G8-M8-Y1	8073905
16	DYEF-G8-M10-Y1	8073906
20	DYEF-G8-M12-Y1	8073907
25	DYEF-G8-M14-Y1	8073908

[6] Shock absorber DYSS<sup>2)</sup> with fixed stop

For size	Type	Part no.
For DGST-...-Y12, shock absorbers at both ends, self-adjusting, with end-position adjustment		
6	DYSS-G8-2-4-Y1F	8073911
8	DYSS-G8-3-4-Y1F-G2	8111383
10	DYSS-G8-4-4-Y1F-G2	8111384
12	DYSS-G8-5-5-Y1F	8073914
16	DYSS-G8-7-5-Y1F	8073915
20	DYSS-G8-8-8-Y1F	8073916
25	DYSS-G8-10-10-Y1F	8073917

2) Scope of delivery: 1 cushioning component and 1 threaded sleeve included in the scope of delivery of the mini slide DGST

- Drive and guide unit in a single housing
- Minimal space requirement
- Sturdy and precise
- Plain or recirculating ball bearing guide
- High resistance to torques and lateral forces
- Wide range of applications

- Selected types in accordance with ATEX directive for potentially explosive atmospheres
- [www.festo.com/ex](http://www.festo.com/ex)

## Order code – Basic design

## Product options

80, 100 mm Piston Ø  
10 ... 400 mm Variable stroke

PPV Pneumatic cushioning adjustable at both ends  
YSRW Self-adjusting, progressive shock absorber, at both ends

F1A Recommended for production facilities for manufacturing lithium-ion batteries  
S6 Heat-resistant seals up to max. 120 °C  
AJ Precision adjustment in the end positions, advanced

EJ Precision adjustment in the end positions, retracted  
EX3 II 2G to EU Explosion Protection Directive (ATEX)

This product and all its product options can be ordered online via the configurator:

## Accessories

Piston Ø 6, 10 mm

Piston Ø 12 ... 63 mm

- [1] Push-in fitting QSM/QS → 317, 319
- [2] One-way flow control valve GRLA → 210
- [3] Proximity switch SMT-10G → dfm
- [4] Proximity switch SME-8M → dfm SMT-8M → 243 SME-/SMT-8 → dfm
- [5] Slot cover ABP-5-S → dfm

Centring sleeves ZBH for piston Ø 12 ... 63 mm (included in the scope of delivery) → dfm  
Adapters for drive/drive combinations → dfm

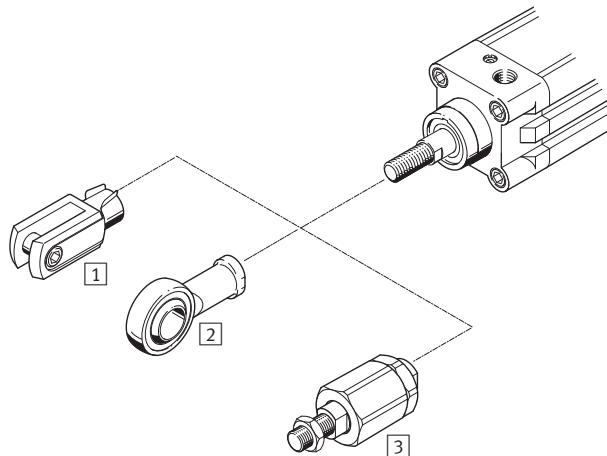

- Coordinated with Festo's cylinder range
- Versatile combinations
- Sturdy and functional
- Stainless-steel variants

- [1] Rod clevis SG: permits a swivelling movement of the cylinder in one plane
- [2] Rod eye SGS: with spherical bearing
- [3] Self-aligning rod coupler FK: for compensating radial and angular deviations

Spindle axes

**EGC-BS-KF**

- + Spindle support enables maximum travel speed
- + Optionally with clamping unit

→ 80

Electric cylinder units

**EPCS-BS**

- + Complete solution consisting of integrated drive, motor and servo drive
- + Easy commissioning according to the plug and work principle

→ 95

Electric cylinder with spindle drive

**EPCC**

- + Low-cost: optimum price/performance ratio
- + Dynamic due to low internal friction

→ 99

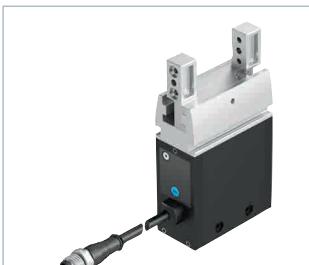

Electric cylinders

**ESBF**

- + High feed forces with compact size
- + Optionally with high corrosion protection

→ 102

Parallel grippers, electric

**EHPS**

- + Gripping force adjustable at the gripper module
- + Long stroke for different workpieces

→ 129

### Software-Tools

<b>Electric Motion Sizing</b>		Find the right electric or electromechanical servo drive.  Electric Motion Sizing, the online sizing and simulation tool for electric drives (servo drives and motors = servo drive package) as well as for electromechanical drive solutions (= electromechanical servo drive package comprising servo drives and motors as well as mechanics), helps you to find the right electromechanical drive solution for your application quickly and without complications.  This tool can be found at → <a href="http://www.festo.com/x/electric-motion-sizing">www.festo.com/x/electric-motion-sizing</a>
<b>Simplified Motion Series – Solution Finder</b>		The simplicity of pneumatics is now combined for the first time with the advantages of electric automation thanks to the Simplified Motion Series.  These integrated drives are the perfect solution for all users who are looking for an electric alternative for very simple movement and positioning tasks, but don't want the commissioning process for traditional electric drive systems that can often be quite complex.  This tool can be found at → <a href="http://www.festo.com/x/simplified-motion-series">www.festo.com/x/simplified-motion-series</a>

## Product overview

### Customised components – for your specific requirements

#### Drives with customised designs

Can't find the electromechanical drive you need in our catalogue?

We can offer you customised components that are tailored to your specific requirements.

Common product modifications:

- Special strokes
- Design for special ambient conditions
- Design optimised for the installation space
- Design with carriages moving in opposite directions
- Design with absolute encoder

Many additional variants are possible.

Ask your Festo sales engineer, who will be happy to help:

→ [www.festo.com/contact](http://www.festo.com/contact)

## Toothed belt axes EGC-TB-KF, with recirculating ball bearing guide

- Recirculating ball bearing guide for high loads and torques
  - Optionally with clamping unit, at one or both ends
  - Profile with optimised rigidity and load capacity
  - Comprehensive range of mounting accessories for multi-axis combinations
  - Precision: the slide position can be sensed directly using the optional displacement encoder
  - Selected types in accordance with ATEX directive for potentially explosive atmospheres
- [www.festo.com/ex](http://www.festo.com/ex)

- [20] Central support EAHF-L5 → 79
- [21] Adjusting kit EADC-E15 → [egc-tb](#)
- [22] Foot mounting HPE → 79

Guide axis EGC-FA → [egc-fa](#)  
Connecting shaft KSK → [ksk](#)

## Accessories

## [1] Emergency buffer NPE

For size	Type	Part no.
For use in combination with shock absorber retainer KYE		
For avoiding damage at the end stop in the event of malfunction		
70	NPE-70	562581
80	NPE-80	562582
120	NPE-120	562583

## [2] Shock absorber YSRW

For size	Type	Part no.
For use in combination with shock absorber retainer KYE		
For avoiding damage at the end stop in the event of malfunction		
70	YSRW-8-14	191194
80	YSRW-12-20	191196
120	YSRW-16-26	191197

## [1]/[2] Shock absorber retainer KYE

For size	Type	Part no.
70	KYE-70	557584
80	KYE-80	557585
120	KYE-120	557586

## [3] Centring pin ZBS/centring sleeve ZBH

For size	Type	Part no.
70	ZBS-5 <sup>1)2)</sup>	150928
80, 120	ZBH-9-B <sup>1)2)</sup>	8137184

1) Packaging unit 10 pieces.

2) 2 centring pins/sleeves included in the scope of delivery of the axis.

Electric axes &gt;

## Toothed belt axes EGC-TB-KF, with recirculating ball bearing guide

## Accessories

## [5] Switch lug SF-EGC

For size	Type	Part no.
For sensing via proximity switch SIES-8M		
70	SF-EGC-1-70	558047
80	SF-EGC-1-80	558048
120	SF-EGC-1-120	558049
For sensing via proximity switch SIEN-M8B		
70	SF-EGC-2-70	558052
80	SF-EGC-2-80	558053
120	SF-EGC-2-120	558054

## [6] Sensor bracket HWS-EGC

For size	Type	Part no.
For proximity switch SIEN-M8B		
70, 80	HWS-EGC-M5	558057
120	HWS-EGC-M8-B	570365

## [7] Proximity switch, round design, inductive SIEN-M8B

Description	Type	Part no.
N/O contact	PNP, cable, 2.5 m	SIEN-M8B-PS-K-L
	PNP, plug, M8x1	SIEN-M8B-PS-S-L
	NPN, cable, 2.5 m	SIEN-M8B-NS-K-L
	NPN, plug, M8x1	SIEN-M8B-NS-S-L
N/C contact	PNP, cable, 2.5 m	SIEN-M8B-PO-K-L
	PNP, plug, M8x1	SIEN-M8B-PO-S-L
	NPN, cable, 2.5 m	SIEN-M8B-NO-K-L
	NPN, plug, M8x1	SIEN-M8B-NO-S-L

## [8] Axial kit EAMM-A

For	With motor/gear unit <sup>1)</sup>	Type	Part no.
In combination with stepper motor			
50	EMMS-ST-57...	EAMM-A-L27-57A	560678

	EMME-AS-100...		
	EMGA-80-A-G...-100A		

1) The input torque must not exceed the max. permissible transferable torque of the axial kit.

## Accessories

**[11] Slot cover ABP**

For size	Type	Part no.
For mounting slot, 0.5 m		
70, 80	ABP-5	151681
120	ABP-8	151682
For sensor slot, 0.5 m		
70, 80, 120	ABP-5-S1	563360

**[12] Proximity switch for T-slot, inductive SIES-8M**

Description	Type	Part no.
N/O contact	PNP, cable, 7.5 m	SIES-8M-PS-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PS-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NS-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NS-24V-K-0,3-M8D
N/C contact	PNP, cable, 7.5 m	SIES-8M-PO-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PO-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NO-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NO-24V-K-0,3-M8D

**[13] Connecting cable NEBU**

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	541333
5 m		NEBU-M8G3-K-5-LE3	541334
Connection, left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	541338
5 m		NEBU-M8W3-K-5-LE3	541341

**[14] Clip SMBK**

For size	Type	Part no.
For sensor slot, for attaching the proximity switch cables		
70, 80, 120	SMBK-8	534254

**[15] Slot nut NST**

For size	Type	Part no.
70, 80	NST-5-M5	150914
120	NST-8-M6	150915

**[18] Profile mounting MUE**

For size	Type	Part no.
70, 80	MUE-70/80	558043
120	MUE-120/185	558044

**[20] Central support EAHF-L5**

For size	Type	Part no.
70	EAHF-L5-70-P	2349256
80	EAHF-L5-80-P	3535188
120	EAHF-L5-120-P	2410274

**[22] Foot mounting HPE**

For size	Type	Part no.
70	HPE-70	558321
80	HPE-80	558322
120	HPE-120	558323

Electric axes &gt;

## Spindle axes EGC-BS-KF, with recirculating ball bearing guide

- High speeds and feed forces
- Recirculating ball bearing guide and rigid profile
- Large loads and torques

## Order code – Basic design

Electric axes &gt;

## Spindle axes EGC-BS-KF, with recirculating ball bearing guide

## Accessories

Guide axis EGC-FA → [egc-fa](#)

## Accessories

**[1] Emergency buffer NPE**

For size	Type	Part no.
For use in combination with shock absorber retainer KYE		
70	NPE-70	562581
80	NPE-80	562582
120	NPE-120	562583

**[2] Centring pin/sleeve ZBS/ZBH**

For size	Type	Part no.
70	ZBS-5 <sup>1)</sup> <sup>2)</sup>	150928
80, 120	ZBH-9-B <sup>1)</sup> <sup>2)</sup>	8137184

1) Packaging unit 10 pieces.

2) 2 centring pins/sleeves included in the scope of delivery of the axis.

**[1] Shock absorber retainer KYE**

For size	Type	Part no.
For avoiding damage at the end stop in the event of malfunction		
70	KYE-70	557584
80	KYE-80	557585
120	KYE-120	557586

**[4] Switch lug SF-EGC-1**

For size	Type	Part no.
For sensing via proximity switch SIES-8M		
70	SF-EGC-1-70	558047
80	SF-EGC-1-80	558048
120	SF-EGC-1-120	558049

## Accessories

## [4] Switch lug SF-EGC-2

For size	Type	Part no.
For sensing via proximity switch SIEN-M8B		
70	SF-EGC-2-70	558052
80	SF-EGC-2-80	558053
120	SF-EGC-2-120	558054

## [5] Sensor bracket HWS-EGC

For size	Type	Part no.
For proximity switch SIEN-M8B		
70, 80	HWS-EGC-M5	558057
120	HWS-EGC-M8-B	570365

## [6] Proximity switch, round design, inductive SIEN-M8B

Description	Type	Part no.
N/O contact	PNP, cable, 2.5 m	SIEN-M8B-PS-K-L
	PNP, plug, M8x1	SIEN-M8B-PS-S-L
	NPN, cable, 2.5 m	SIEN-M8B-NS-K-L
	NPN, plug, M8x1	SIEN-M8B-NS-S-L
N/C contact	PNP, cable, 2.5 m	SIEN-M8B-PO-K-L
	PNP, plug, M8x1	SIEN-M8B-PO-S-L
	NPN, cable, 2.5 m	SIEN-M8B-NO-K-L
	NPN, plug, M8x1	SIEN-M8B-NO-S-L

## [7] Foot mounting HPE

For size	Type	Part no.
70	HPE-70	558321
80	HPE-80	558322
120	HPE-120	558323

## [8] Slot cover ABP

For size	Type	Part no.
For mounting slot, 0.5 m		
70, 80	ABP-5	151681
120	ABP-8	151682
For sensor slot, 0.5 m		
70, 80, 120	ABP-5-S1	563360

## [9] Proximity switch for T-slot, inductive SIES-8M

Description	Type	Part no.
N/O contact	PNP, cable, 7.5 m	SIES-8M-PS-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PS-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NS-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NS-24V-K-0,3-M8D
N/C contact	PNP, cable, 7.5 m	SIES-8M-PO-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PO-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NO-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NO-24V-K-0,3-M8D

## [10] Connecting cable NEBU

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	541333
5 m		NEBU-M8G3-K-5-LE3	541334
Connection, left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	541338
5 m		NEBU-M8W3-K-5-LE3	541341

## [11] Clip SMBK

For size	Type	Part no.
For sensor slot, for attaching the proximity switch cables		
70, 80, 120	SMBK-8	534254

## [12] Slot nut NST

For size	Type	Part no.
70, 80	NST-5-M5	150914
120	NST-8-M6	150915

## [15] Profile mounting MUE

For size	Type	Part no.
70, 80	MUE-70/80	558043
120	MUE-120/185	558044

## [17] Central support EAHF-L5

For size	Type	Part no.
70	EAHF-L5-70-P	2349256
80	EAHF-L5-80-P	3535188
120	EAHF-L5-120-P	2410274

## [19] Parallel kit EAMM-U

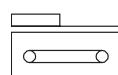

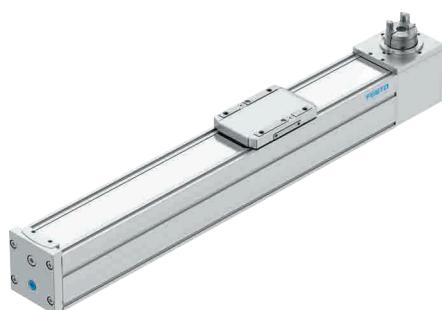

For	With motor	Type	Part no.
In combination with stepper motor			
70	EMMS-ST-42...	EAMM-U-50-S38-42A-78	1217945
	EMMS-ST-57...	EAMM-U-60-S38-57A-91	1218568
80	EMMS-ST-57...	EAMM-U-60-S48-57A-91	1219379
	EMMS-ST-87...	EAMM-U-86-S48-87A-177	1217604
120	EMMS-ST-87...	EAMM-U-86-S62-87A-177	1217373
In combination with servo motor			
70	EMME-AS-40...	EAMM-U-50-S38-40P-78	2155239
80	EMMT-AS-60...	EAMM-U-70-S48-60P-96	2629253
	EMME-AS-60...		
120	EMMT-AS-80...	EAMM-U-86-S62-80P-177	2157004
	EMME-AS-80...		

## [21] Axial kit EAMM-A

For	With motor	Type	Part no.
In combination with stepper motor			
70	EMMS-ST-42...	EAMM-A-S38-42A-G2	3637965
	EMMS-ST-57...	EAMM-A-S38-57A-G2	3637956
80	EMMS-ST-57...	EAMM-A-S48-57A-G2	3637963
	EMMS-ST-87...	EAMM-A-S48-87A-G2	3637962
120	EMMS-ST-87...	EAMM-A-S62-87A-G2	3637966
In combination with servo motor			
70	EMME-AS-40...	EAMM-A-S38-40P-G2	3637972
	EMMT-AS-60...	EAMM-A-S38-60P-G2	3637958
	EMME-AS-60...		
80	EMMT-AS-60...	EAMM-A-S48-60P-G2	3637964
	EMME-AS-60...		
120	EMME-AS-100...	EAMM-A-S62-100A-G2	3637960
	EMMT-AS-100...

80/60	EHAA-D-L2-80-L2-60-AP	8066720

## [5] Clamping component EADT-S-L5

For size	Type	Part no.
32, 45	EADT-S-L5-32	8065818
60, 80	EADT-S-L5-70	8058451

## [6] Sensor bracket EAPM-L2-SH

For size	Type	Part no.
32, 45, 60, 80	EAPM-L2-SH	4759852

## [7] Proximity switch for T-slot, inductive SIES-8M

Description	Type	Part no.
N/O contact	PNP, cable, 7.5 m	SIES-8M-PS-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PS-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NS-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NS-24V-K-0,3-M8D
N/C contact	PNP, cable, 7.5 m	SIES-8M-PO-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PO-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NO-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NO-24V-K-0,3-M8D

## [8] Switch lug EAPM-L2-SLS

For size	Type	Part no.
For sensing using inductive proximity switches SIES-8M		
32	EAPM-L2-32-SLS	8067259
45	EAPM-L2-45-SLS	8067260
60	EAPM-L2-60-SLS	8067261
80	EAPM-L2-80-SLS	8067262

## [9] Profile mounting EAHF-L2-...-P

For size	Type	Part no.
For mounting the axis on the side of the profile		
32	EAHF-L2-25-P	4835684
45, 60, 80	EAHF-L2-45-P	4835728

## [10] Profile mounting EAHF-L2-...-P-S

For size	Type	Part no.
For mounting the axis on the side of the profile		
32	EAHF-L2-25-P-S	5183153
45, 60, 80	EAHF-L2-45-P-S	5184133

Electric axes &gt;

## Toothed belt axis units ELGS-TB-KF

- Without external servo drive: all the necessary electronic components are combined in the integrated drive
- Simplified commissioning: all parameters can be manually set directly on the drive
- Clean look design: easy to clean and less prone to contamination

- Without external servo drive: all the necessary electronic components are combined in the integrated drive
- Simplified commissioning: all parameters can be manually set directly on the drive
- Innovative interpretation of toothed belt technology for maximum dynamic response and minimal positioning times
- Complete solution for simple movements between mechanical end positions
- Ideal for fast movement in sorting, distribution and testing applications

- [13] Profile mounting EAHF-L2-P → epce
- Centring sleeve ZBH → 94

5   Rod eye SGS	Type	Part no.
For size		
45	SGS-M6	9254
60	SGS-M10x1,25	9261

9   Right-angle clevis foot LQG	Type	Part no.
For size		
60	LQG-32	31768

6   Coupling piece KSG	Type	Part no.
For size		
60	KSG-M10x1,25	32963

10   Rod clevis SGA	Type	Part no.
For size		
60	SGA-M10x1,25	32954

7   Rod clevis SG	Type	Part no.
For size		
45	SG-M6	3110
60	SG-M10x1,25	6144

aA Clevis foot LBG	Type	Part no.
For size		
60	LBG-32	31761

8   Self-aligning rod coupler FK	Type	Part no.
For size		
45	FK-M6	2061
60	FK-M10x1,25	6140

Centring sleeve ZBH <sup>1)</sup>	Type	Part no.
For centring the electric cylinder unit in combination with multimount cover		
45, 60	ZBH-7-B	8146544

1) Packaging unit 10 pieces

- Without external servo drive: all the necessary electronic components are combined in the integrated drive
- Simplified commissioning: all parameters can be manually set directly on the drive
- Two control options integrated as standard: digital I/O and IO-Link
- Complete solution for simple movements between mechanical end positions
- Ideal for precise and fast movement in sorting, distribution or clamping applications

1) Proximity switches are optional and only required in order to sense any intermediate positions.

## Accessories

## [1] IO-Link master USB CDSU-1

Cable length	Type	Part no.
For using the unit with IO-Link		
0.3 m	CDSU-1	8091509

## [2] Adapter NEFC-M12G8

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M12x1, 8-pin			
0.3 m	Straight plug, M12x1, 5-pin	NEFC-M12G8-0.3-M12G5-LK	8080777

## [3] Supply cable NEBL-T12

Cable length	Connection, right	Type	Part no.
Connection, left: angled socket, M12x1, 4-pin			
2 m	Cable, open end, 4-wire	NEBL-T12W4-E-2-N-LE4	8080778
5 m		NEBL-T12W4-E-5-N-LE4	8080779
10 m		NEBL-T12W4-E-10-N-LE4	8080780
15 m		NEBL-T12W4-E-15-N-LE4	8080781
Connection, left: straight socket, M12x1, 4-pin			
2 m	Cable, open end, 4-wire	NEBL-T12G4-E-2-N-LE4	8080790
5 m		NEBL-T12G4-E-5-N-LE4	8080791
10 m		NEBL-T12G4-E-10-N-LE4	8080792
15 m		NEBL-T12G4-E-15-N-LE4	8080793

## [4] Connecting cable NEBC-M12

Cable length	Connection, right	Type	Part no.
Connection, left: angled socket, M12x1, 8-pin			
2 m	Cable, open end, 8-wire	NEBC-M12W8-E-2-N-B-LE8	8094476
5 m		NEBC-M12W8-E-5-N-B-LE8	8094478
10 m		NEBC-M12W8-E-10-N-B-LE8	8094481
15 m		NEBC-M12W8-E-15-N-B-LE8	8094479
2 m	Straight plug, M12x1, 8-pin	NEBC-M12W8-E-2-N-M12G8	8080786
5 m		NEBC-M12W8-E-5-N-M12G8	8080787

15 m		NEBC-M12W8-E-15-N-M12G8	8080789
Connection, left: straight socket, M12x1, 8-pin			
2 m	Cable, open end, 8-wire	NEBC-M12G8-E-2-N-B-LE8	8094480
5 m		NEBC-M12G8-E-5-N-B-LE8	8094477
10 m		NEBC-M12G8-E-10-N-B-LE8	8094482
15 m		NEBC-M12G8-E-15-N-B-LE8	8094475
2 m	Straight plug, M12x1, 8-pin	NEBC-M12G8-E-2-N-M12G8	8080782
5 m		NEBC-M12G8-E-5-N-M12G8	8080783
10 m		NEBC-M12G8-E-10-N-M12G8	8080784
15 m		NEBC-M12G8-E-15-N-M12G8	8080785

## [6] Sensor bracket EAPM-L2

For size	Type	Part no.
32, 45, 60	EAPM-L2-SH	4759852

## [7] Rod eye SGS

For size	Type	Part no.
With spherical bearing		
32	SGS-M8	9255
45	SGS-M10x1,25	9261
60	SGS-M12x1,25	9262

## [8] Coupling piece KSG

For size	Type	Part no.
To compensate for radial deviations		
45	KSG-M10x1,25	32963
60	KSG-M12x1,25	32964

## [9] Rod clevis SG

For size	Type	Part no.
Permits a swivelling movement of the cylinder in one plane		
32	SG-M8	3111
45	SG-M10x1,25	6144
60	SG-M12x1,25	6145

## [10] Self-aligning rod coupler FK

For size	Type	Part no.
To compensate for radial and angular deviations		
32	FK-M8	2062
45	FK-M10x1,25	6140
60	FK-M12x1,25	6141

## [11] Right-angle clevis foot LQG

For size	Type	Part no.
For rod eye SGS		
45	LQG-32	31768
60	LQG-40	31769

## [12] Rod clevis SGA

For size	Type	Part no.
45	SGA-M10x1,25	32954
60	SGA-M12x1,25	10767

## [13] Clevis foot LBG

For size	Type	Part no.
45	LBG-32	31761
60	LBG-40	31762

## [14] Adapter kit EAHA-P2

For size	Type	Part no.
For mounting the swivel flange and trunnion flange on the front		
32	EAHA-P2-32	5173020
45	EAHA-P2-45	5172353
60	EAHA-P2-60	5173082

## [15] Flange mounting EAHH-P2

For size	Type	Part no.
For mounting the electric cylinder via the profile		
32	EAHH-P2-32	5126157
45	EAHH-P2-45	5126669
60	EAHH-P2-60	5127005

Electric cylinders and slides &gt;

## Electric cylinder units EPCS-BS

## Accessories

**[16] Swivel mounting EAHS-P2**

For size	Type	Part no.
Position freely selectable along the cylinder length		
32	EAHS-P2-32	5125041
45	EAHS-P2-45	5125167
60	EAHS-P2-60	5125281

**[17] Trunnion support LNZG**

For size	Type	Part no.
For cylinders with trunnion flange mounting		
32	LNZG-16	1434912
45	LNZG-32	32959
60	LNZG-40/50	32960

**[18] Profile mounting EAHF-L2-...-P-S**

For size	Type	Part no.
For mounting the cylinder on the side of the profile		
32	EAHF-L2-25-P-S	5183153
45, 60	EAHF-L2-45-P-S	5184133

**[19] Profile mounting EAHF-L2-P**

For size	Type	Part no.
For mounting the cylinder on the side of the profile		
32	EAHF-L2-25-P	4835684
45, 60	EAHF-L2-45-P	4835728

**[22] Swivel flange SNCB**

For size	Type	Part no.
With parallel motor mounting, for spherical bearing		
45	SNCB-32	174390
60	SNCB-40	174391

**[23] Clevis foot LBN**

For size	Type	Part no.
With parallel motor mounting, for spherical bearing		
32	LBN-20/25	6059

**[24] Clevis foot LBG**

For size	Type	Part no.
With parallel motor mounting, for spherical bearing		
45	LBG-32	31761
60	LBG-40	31762

**[25] Swivel flange SNCL**

For	Type	Part no.
With parallel motor mounting		
32	SNCL-20	537792
45	SNCL-32	174404
60	SNCL-40	174405

**[26] Swivel flange SNCS**

For size	Type	Part no.
With parallel motor mounting		
45	SNCS-32	174397
60	SNCS-40	174398

**[27] Adapter kit EAHA-P2**

For size	Type	Part no.
For mounting the swivel flange and trunnion flange on the front		
32	EAHA-P2-32	5173020
45	EAHA-P2-45	5172353
60	EAHA-P2-60	5173082

- With ball screw
- Degree of protection IP40
- Compact dimensions
- Extensive mounting accessories for various installation situations
- Suitable for simple applications in factory automation that in the past were mostly carried out using pneumatic solutions

45, 60	EAHF-L2-45-P	4835728

Electric cylinders and slides &gt;

## Electric cylinders ESBF, with spindle drive

- Based on ISO 15552
- Available with ball screw (size 32 ... 100) and lead screw (size 32 ... 50)
- There is a choice of three spindle pitches (ball screw) for selecting the optimal force/speed ratio
- High rigidity and precision (ball screw)
- Axial or parallel motor mounting

## [1] Profile mounting EAHF-L2-...-P

For size	Type	Part no.
For mounting the axis on the side of the profile		
25, 32	EAHF-L2-25-P	4835684
45, 60	EAHF-L2-45-P	4835728

## [2] Profile mounting EAHF-L2-...-P-S

For size	Type	Part no.
For mounting the axis on the side of the profile		
25, 32	EAHF-L2-25-P-S	5183153
45, 60	EAHF-L2-45-P-S	5184133

## [4] Sensor bracket EAPM-L2-SH

For size	Type	Part no.
25, 32, 45, 60	EAPM-L2-SH	4759852

## [5] Proximity switch for T-slot, inductive SIES-8M

Description	Type	Part no.
N/O contact	PNP, cable, 7.5 m	SIES-8M-PS-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PS-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NS-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NS-24V-K-0,3-M8D
N/C contact	PNP, cable, 7.5 m	SIES-8M-PO-24V-K-7,5-OE
	PNP, plug, 0.3 m	SIES-8M-PO-24V-K-0,3-M8D
	NPN, cable, 7.5 m	SIES-8M-NO-24V-K-7,5-OE
	NPN, plug, 0.3 m	SIES-8M-NO-24V-K-0,3-M8D

## [6] Switch lug EAPM-L2-SLS

For size	Type	Part no.
For sensing using inductive proximity switches SIES-8M		
25	EAPM-E19-25-SLS	8067258
32	EAPM-L2-32-SLS	8067259
45	EAPM-L2-45-SLS	8067260
60	EAPM-L2-60-SLS	8067261

## [7] Axial kit EAMM-A

For	With motor	Type	Part no.
In combination with stepper motor EMMS-ST			
25	EMMS-ST-28...	EAMM-A-V20-28A	4505258
32	EMMS-ST-42...	EAMM-A-V25-42A	4582608
45	EMMS-ST-42...	EAMM-A-V32-42A	4281142
	EMMS-ST-57...	EAMM-A-V32-57A	4597016
60	EMMS-ST-57...	EAMM-A-T42-57A	4327034
	EMMS-ST-87...	EAMM-A-T42-87A	4610008

## In combination with servo motor

32	EMME-AS-40...	EAMM-A-V25-40P	4491059
45	EMME-AS-40...	EAMM-A-V32-40P	4595742
	EMME-AS-60...	EAMM-A-V32-60P	4608750
	EMMT-AS-60...		
60	EMME-AS-60...	EAMM-A-T42-60P	4133487
	EMMT-AS-60...		
	EMME-AS-80...	EAMM-A-T42-80P	4623788
	EMMT-AS-80...		

## [8] Parallel kit EAMM-U

For	With motor	Type	Part no.
In combination with stepper motor EMMS-ST			
25	EMMS-ST-28...	EAMM-U-30-V20-28A-44	4767125
32	EMMS-ST-42...	EAMM-U-45-V25-42A-63	4825645
45	EMMS-ST-42...	EAMM-U-45-V32-42A-63	4280674
60	EMMS-ST-57...	EAMM-U-65-T42-57A-87	4331535
In combination with servo motor EMME-AS			
32	EMME-AS-40...	EAMM-U-45-V25-40P-63	4782056
45	EMME-AS-40...	EAMM-U-45-V32-40P-63	4718297

	EMMT-AS-60...		

Electric cylinders and slides &gt;

## Mini slide units EGSS-BS-KF

- Without external servo drive: all the necessary electronic components are combined in the integrated drive
- Simplified commissioning: all parameters can be manually set directly on the drive
- Very high-quality ball screw with low internal friction
- Rigid, high load-bearing and precise linear guide for absorbing lateral forces and increased protection against rotation

Electric semi-rotary drives &gt;

## Rotary drive units ERMS

- Without external servo drive: all the necessary electronic components are combined in the integrated drive
- Complete solution for simple movements between mechanical end positions
- Simplified commissioning: all parameters can be manually set directly on the drive
- End-position feedback similar to that of a conventional proximity switch is integrated as standard

# Highlights

# Contents

Servo motors

**EMMT-AS**

- + Simple connection technology (OCP: one cable plug)
- + Choice of absolute measurement system: single turn or multi-turn, battery free

→ 118

Product overview	114
Servo motors EMMT-AS	118
Stepper motors EMMS-ST	121
Servo drives CMMT-AS	123
Servo drive CMMT-ST, for extra-low voltage	125

Stepper motors

**EMMS-ST**

- + Small increments and high driving torques thanks to 2-phase hybrid technology
- + Optimised connection technology

→ 121

## Product overview

### Software-Tools

<b>Festo Configuration Tool (FCT)</b>		<p>The „Festo Configuration Tool“ is a configuration and parameterisation software program that supports all Festo devices, in particular motor controllers.</p> <p>The software is extremely flexible, provides full support for the device properties and is simple and intuitive to operate.</p> <p>The user is guided step-by-step through the commissioning process while each individual step is checked.</p> <p>The „Festo Configuration Tool“ parameterisation software can be found at  <a href="http://www.festo.com/fct">→ www.festo.com/fct</a> &gt; section „Other useful tools for the first start“</p>
<b>Electric Motion Sizing</b>		<p>Find the right electric or electromechanical servo drive.</p> <p>Electric Motion Sizing, the online sizing and simulation tool for electric drives (servo drives and motors = servo drive package) as well as for electromechanical drive solutions (= electromechanical servo drive package comprising servo drives and motors as well as mechanics), helps you to find the right electromechanical drive solution for your application quickly and without complications.</p> <p>This tool can be found at  <a href="http://www.festo.com/x/electric-motion-sizing">→ www.festo.com/x/electric-motion-sizing</a></p>
<b>Simplified Motion Series – Solution Finder</b>		<p>The simplicity of pneumatics is now combined for the first time with the advantages of electric automation thanks to the Simplified Motion Series.</p> <p>These integrated drives are the perfect solution for all users who are looking for an electric alternative for very simple movement and positioning tasks, but don't want the commissioning process for traditional electric drive systems that can often be quite complex.</p> <p>This tool can be found at  <a href="http://www.festo.com/x/simplified-motion-series">→ www.festo.com/x/simplified-motion-series</a></p>

### Servo motors

	<b>Servo motors EMMT-AS</b>		<b>Servo motors EMME-AS</b>
<b>Nominal torque</b>	0.6 ... 82.4 Nm	0.12 ... 6.4 Nm

## Product overview

### Software-Tools

<b>Commissioning software Festo Automation Suite</b>		<p>The quick and reliable way to a ready-to-use drive system – the Festo Automation Suite combines the parameterisation, programming and maintenance of Festo components in one program and enables the entire drive package, from the mechanical system to the controller, to be commissioned. Perfect for making industrial automation simple, efficient and seamless.</p> <p><b>Servo drive plug-in CMMT-AS</b></p> <ul style="list-style-type: none"> <li>An operational drive system in just 5 steps – parameterisation is almost fully automatic with the commissioning wizard</li> <li>Advanced editing with the expert view provides full access to all device parameters</li> <li>Conveniently install the plug-in using the software</li> </ul> <p>This tool can be found at  <a href="http://www.festo.com/AutomationSuite">→ www.festo.com/AutomationSuite</a></p>

## Stepper motor controllers

		Servo drives CMMT-ST
Nominal current, load supply	8 A	
Nominal voltage, load supply DC	24 V, 48 V	
Fieldbus coupling	EtherCAT, EtherNet/IP, Modbus/TCP, PROFINET	
Safety function	Safe torque off (STO), safe stop 1 with time control (SS1-t)	
Performance Level (PL)	STO/cat. 3, PLd (EC motor without diagnostics), STO/cat. 3, PLe (stepper motor/EC motor with diagnostics)	
Description	<ul style="list-style-type: none"><li>Very efficient for tasks with low power requirements</li><li>Ideal for positioning tasks and point-to-point and interpolating motion solutions</li><li>50% more compact than the smallest servo drive CMMT-AS</li><li>150 W at 24 V DC, 300 W at 48 V DC</li><li>With safety functions</li><li>Optimised for use with stepper motors like the tried-and-tested EMMS-ST</li></ul>

## Servo motors EMMT-AS

- Dynamic, brushless, permanently excited synchronous servo motors
- Extremely low cogging torque – supports high synchronisation even at low rotational speeds
- Optimised torque
- Optimised speed
- Simple connection technology (OCP: one cable plug) – hybrid cable: motor cable and connecting cable for supply and encoder in one
- Rotatable plug

03

Motors and servo drives

Electric servo drives &gt; Servo drives &gt;

## Servo drives CMMT-AS

### Accessories

#### Plug assortment NEKM<sup>1)</sup>

For	Type	Part no.
For single wiring connection		
CMMT-AS-....3A-...S1	NEKM-C6-C16-S	4325822
CMMT-AS-....11A-P3-...S1	NEKM-C6-C45-P3-S	5119205
For double wiring connection		
CMMT-AS-....3A-...S1	NEKM-C6-C16-D	5054513
CMMT-AS-....11A-P3-...S1	NEKM-C6-C45-P3-D	5118001

1) Required accessories

#### Operating panel CDSB-A1, with touchscreen

Description	Type	Part no.
USB interface: USB 2.0 type mini		
3 GB user memory	CDSB-A1	8070984

#### Connecting cable NEBC-R3G8

Cable length	Connection on the right	Type	Part no.
Connection on the left: straight plug, RJ45, 8-pin			
0.2 m	Straight plug, RJ45, 8-pin	NEBC-R3G8-KS-0.2-N-S-R3G8-ET	8082383

#### Braking resistor CACR

Resistance value [Ω]	Nominal power [W]	Type	Part no.
For CMMT-AS-C2-3A-...S1			
100	150 <sup>1)</sup>	CACR-LE2-100-W500	1336615
100	720 <sup>1)</sup>	CACR-KL2-100-W1800	8091545
For CMMT-AS-C2-11A-...S1, CMMT-AS-C3-11A-...S1			
240	120 <sup>2)</sup>	CACR-LE2-240-W500	8091543
240	720 <sup>2)</sup>	CACR-KL2-240-W1800	8091544
For CMMT-AS-C4-3A-...S1			
72	150 <sup>1)</sup>	CACR-LE2-72-W500	1336611
100	150 <sup>1)</sup>	CACR-LE2-100-W500	1336615
67	720 <sup>1)</sup>	CACR-KL2-67-W1800	1336617
100	720 <sup>1)</sup>	CACR-KL2-100-W1800	8091545
For CMMT-AS-C5-11A-...S1			
100	150 <sup>2)</sup>	CACR-LE2-100-W500	1336615
100	720 <sup>2)</sup>	CACR-KL2-100-W1800	8091545
For CMMT-AS-C7-11A-...S1			
72	120 <sup>2)</sup>	CACR-LE2-72-W500	1336611
67	720 <sup>2)</sup>	CACR-KL2-67-W1800	1336617
For CMMT-AS-C12-11A-...S1			
50	120 <sup>2)</sup>	CACR-LE2-50-W500	2882342
40	480 <sup>2)</sup>	CACR-KL2-40-W2000	2882343

1) at 380 V

2) at 780 V

#### Mains filter CAMF-C6-F

Description	Type	Part no.
Sufficient for: 2x CMMT-AS-C2-3A or 1x CMMT-AS-C4-3A		
1-phase, 8 A	CAMF-C6-F-C8-3A	8088928
Sufficient for: 6x CMMT-AS-C2-3A or 3x CMMT-AS-C4-3A		
1-phase, 20 A	CAMF-C6-F-C20-3A	8088929
Sufficient for: 8x CMMT-AS-C2-11A or 5x CMMT-AS-C3-11A or 2x CMMT-AS-C5-11A or 2x CMMT-AS-C7-11A or 1x CMMT-AS-C12-11A		
3-phase, 16 A	CAMF-C6-F-C16-11A	8096868
Sufficient for: 21x CMMT-AS-C2-11A or 14x CMMT-AS-C3-11A or 7x CMMT-AS-C5-11A or 5x CMMT-AS-C7-11A or 3x CMMT-AS-C12-11A		
3-phase, 42 A	CAMF-C6-F-C42-11A	8096894

#### Line choke CAMF-C6-FD

Description	Type	Part no.
Sufficient for: 2x CMMT-AS-C2-3A or 1x CMMT-AS-C4-3A		
1-phase, 6 A	CAMF-C6-FD-C6-3A	8088930
Sufficient for: 3x CMMT-AS-C2-11A or 2x CMMT-AS-C3-11A or 1x CMMT-AS-C5-11A		
3-phase, 6 A	CAMF-C6-FD-C6-11A	8096867

- Space-saving servo drive for operating stepper motors and brushless direct current motors
- Extremely economical for positioning tasks and motion solutions with low power requirements up to 300 W
- Integrated safety functions:
  - Safe torque off (STO)
  - Safe stop 1 with time control (SS1-t)

## Product overview

### Software-Tools

#### Product finder for grippers

A secure grip is a question of the right calculation. In this case, calculation of weight, direction of movement, distances, etc. The software tool immediately determines which type of gripper – parallel, three-point, angle or swivel/gripper – and which size best matches your requirements.

These tools can be found at

- [www.festo.com/x/gripper-parallel](http://www.festo.com/x/gripper-parallel)
- [www.festo.com/x/gripper-3-point](http://www.festo.com/x/gripper-3-point)
- [www.festo.com/x/gripper-angle](http://www.festo.com/x/gripper-angle)
- [www.festo.com/x/gripper-radial](http://www.festo.com/x/gripper-radial)

## Product overview

[Mechanical grippers >](#)

### Angle grippers

Angle grippers  
DHWS

<b>Size</b>	10, 16, 25, 32, 40
<b>Total gripping force at 0.6 MPa (6 bar, 87 psi), closing</b>	30 ... 1362 Ncm
<b>Max. opening angle</b>	40°
<b>Gripping force backup</b>	During closing
<b>Gripper repetition accuracy</b>	≤0.04 mm
<b>Position sensing</b>	Via Hall sensor, via proximity sensor
<b>Description</b>	<ul style="list-style-type: none"> <li>• Improved gripper jaw guide</li> <li>• Internal fixed flow control, does away with the need for external flow control in 80% of applications</li> <li>• Slotted guide</li> <li>• Max. repetition accuracy</li> <li>• Can be used as a double- and single-acting gripper</li> <li>• Single-acting variant or with gripping force backup, normally closed (NC)</li> <li>• Suitable for external and internal gripping</li> <li>• Wide range of adaptation options on the drives</li> </ul>
<b>→ Page/online</b>	<a href="#">dhws</a>

[Mechanical grippers >](#)

### Radial grippers

Radial grippers  
DHRS

<b>Size</b>	10, 16, 25, 32, 40
<b>Total gripping force at 0.6 MPa (6 bar, 87 psi), closing</b>	15 ... 660 Ncm
<b>Max. opening angle</b>	180°
<b>Gripping force backup</b>	During closing
<b>Gripper repetition accuracy</b>	≤0.1 mm
<b>Position sensing</b>	Via Hall sensor, via proximity sensor
<b>Description</b>	<ul style="list-style-type: none"> <li>• Lateral gripper jaw support for high torque loads</li> <li>• Self-centring</li> <li>• Internal fixed flow control</li> <li>• Max. repetition accuracy</li> <li>• Slotted guide</li> <li>• Can be used as a double-acting and single-acting gripper</li> <li>• Single-acting variant or with gripping force backup, closing (NC)</li> <li>• Wide range of adaptation options on the drives</li> </ul>
<b>→ Page/online</b>	<a href="#">dhrs</a>

- Oval piston for high gripping forces
- High gripping forces with compact dimensions
- Gripper jaw centring options
- Wide range of adaptation options on the drives

- Adaptable position sensor for the small gripper sizes
- Integrated proximity sensors for the medium and large gripper sizes
- Suitable for external and internal gripping

Mechanical grippers &gt;

## Parallel grippers DHPS

## Accessories

## [1] Connecting cable NEBU

For size 6, connection between signal converter and controller

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 4-pin			
2.5 m	Cable, open end, 4-wire	NEBU-M8G4-K-2.5-LE4	541342
5 m		NEBU-M8G4-K-5-LE4	541343
Connection, left: angled socket, M8x1, 4-pin			
2.5 m	Cable, open end, 4-wire	NEBU-M8W4-K-2.5-LE4	541344
5 m		NEBU-M8W4-K-5-LE4	541345

## [2] Connecting cable NEBU

For size 6, connection between position sensor and signal converter

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 4-pin			
2.5 m	Straight plug M8x1, 4-pin	NEBU-M8G4-K-2.5-M8G4	554035

## [3] Signal converter SVE4

For size 6, for evaluating signals for position sensor SMH-S1

Switching output	Output connection	Type	Part no.
Input connection: socket M8x1, 4-pin			
2x PNP	Plug M8x1, 4-pin	SVE4-HS-R-HM8-2P-M8	544216
2x NPN		SVE4-HS-R-HM8-2N-M8	544219

## [4] Position sensor SMH-S1

For size 6

Description	Type	Part no.
Adaptable and integratable sensor technology for sensing the piston position	SMH-S1-HGP06	175710

[5] Centring sleeve ZBH<sup>1)</sup>

For size	Type	Part no.
For centring the gripper fingers on the gripper jaws		
10	ZBH-5-B	8146543
16, 20	ZBH-7-B	8146544
25, 35	ZBH-9-B	8137184
		8137185

1) Packaging unit 10 pieces. The delivery scope of the gripper for size 10 and above includes 4 centring sleeves

## [6] Proximity switch for T-slot, N/O contact, magneto-resistive SMT-8G

For size	Description	Type	Part no.
PNP, inserted in the slot from the side			
10, 16, 20, 25	Cable, 3-wire, lateral, 2.5 m	SMT-8G-PS-24V-E-2,5Q-OE	547859
35	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-8G-PS-24V-E-0,3Q-M8D	547860
NPN, inserted in the slot from the side			
10, 16, 20, 25	Cable, 3-wire, lateral, 2.5 m	SMT-8G-NS-24V-E-2,5Q-OE	8065028
35	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-8G-NS-24V-E-0,3Q-M8D	8065027

## [8] Sensor rail HGP-SL, can be glued in

For size	Type	Part no.
10	HGP-SL-10-10	535582
16	HGP-SL-10-16	535583
20	HGP-SL-10-20	535584
25	HGP-SL-10-25	535585
35	HGP-SL-10-35	535586

## [9] Proximity switch, N/O contact, magneto-resistive SMT-10G

For sensor rail HGP-SL	Type	Part no.	
PNP, inserted in the slot from the side			
10, 16, 20, 25	Cable, 3-wire, lateral, 2.5 m	SMT-10G-PS-24V-E-2,5Q-OE	547862
35	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10G-PS-24V-E-0,3Q-M8D	547863
NPN, inserted in the slot from the side			
10, 16, 20, 25	Cable, 3-wire, lateral, 2.5 m	SMT-10G-NS-24V-E-2,5Q-OE	8065030
35	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10G-NS-24V-E-0,3Q-M8D	8065029

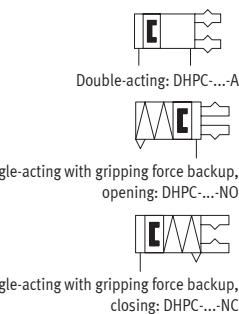

[11] Centring sleeve ZBH<sup>1)</sup>

For size	Type	Part no.
For centring the gripper during mounting		
6, 10	ZBH-5-B	8146543
16, 20	ZBH-7-B	8146544
25	ZBH-9-B	8137184
35	ZBH-12-B	8137185

1) Packaging unit 10 pieces. The scope of delivery of the gripper includes 2 centring sleeves.

## Connecting cable NEBU

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	541333
5 m		NEBU-M8G3-K-5-LE3	541334
Connection, left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	541338
5 m		NEBU-M8W3-K-5-LE3	541341

- Heavy-duty and precise ball guide
- High gripping forces with compact dimensions
- Max. repetition accuracy
- Wide range of mounting and connection options

- Can be used as a double-acting or single-acting gripper
- Suitable for external and internal gripping

Mechanical grippers &gt;

## Parallel grippers DHPC

## Accessories

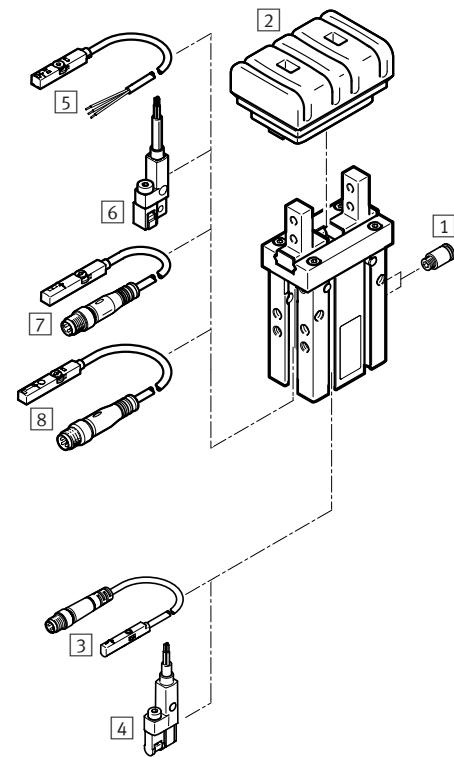

Size 6

Size 10

Size 16 ... 40

- [1] Push-in fitting QS → 319  
 [2] Protective dust cap DHAS-DP → dhpc  
 [3] Proximity switch SMT-10M → 136  
 [4] Proximity switch SMT-10G → 136  
 [5] Proximity switch SMT-8M → 136  
 [6] Proximity switch SMT-8G → 136  
 Connecting cable NEBU → 132  
 [7] Position transmitter SMAT-8M → dhpc  
 [8] Position transmitter SDAS-MHS → dhpc

## [3] Proximity switch, N/O contact, magneto-resistive SMT-10M

For size	Description	Type	Part no.
PNP, for round slot, inserted in the slot from above			
6, 16, 20, 25, 32, 40	Cable, 3-wire, lengthwise, 2.5 m	SMT-10M-PS-24V-E-2,5-L-OE	551373
	Plug M8x1, 3-pin, length- wise, 0.3 m	SMT-10M-PS-24V-E-0,3-L-M8D	551375
	Cable, 3-wire, lateral, 2.5 m	SMT-10M-PS-24V-E-2,5-Q-OE	551374
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10M-PS-24V-E-0,3-Q-M8D	551376

## [4] Proximity switch, N/O contact, magneto-resistive SMT-10G

For sensor rail HGP-SL	Description	Type	Part no.
PNP, for round slot, inserted in the slot from the side			
6, 16, 20, 25, 32, 40	Cable, 3-wire, lateral, 2.5 m	SMT-10G-PS-24V-E-2,5Q-OE	547862
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10G-PS-24V-E-0,3Q-M8D	547863
NPN, for round slot, inserted in the slot from the side			
6, 16, 20, 25, 32, 40	Cable, 3-wire, lateral, 2.5 m	SMT-10G-NS-24V-E-2,5Q-OE	8065030
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10G-NS-24V-E-0,3Q-M8D	8065029

## [5] Proximity switch, N/O contact, magneto-resistive SMT-8M

For size	Description	Type	Part no.
PNP, for T-slot, inserted in the slot from above, short design			
10, 16, 20, 25, 32, 40	Cable, 3-wire, 2.5 m	SMT-8M-A-PS-24V-E-2,5-OE	574335
	Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-PS-24V-E-0,3-M8D	574334
NPN, for T-slot, inserted in the slot from above, short design			
10, 16, 20, 25, 32, 40	Cable, 3-wire, 2.5 m	SMT-8M-A-NS-24V-E-2,5-OE	574338
	Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-NS-24V-E-0,3-M8D	574339

## [6] Proximity switch, N/O contact, magneto-resistive SMT-8G

For size	Description	Type	Part no.
PNP, for T-slot, inserted in the slot from the side			
10, 16, 20, 25, 32, 40	Cable, 3-wire, lateral, 2.5 m	SMT-8G-PS-24V-E-2,5Q-OE	547859
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-8G-PS-24V-E-0,3Q-M8D	547860
NPN, for T-slot, inserted in the slot from the side			
10, 16, 20, 25, 32, 40	Cable, 3-wire, lateral, 2.5 m	SMT-8G-NS-24V-E-2,5Q-OE	8065028
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-8G-NS-24V-E-0,3Q-M8D	8065027

## Connecting cable NEBU

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	541333
5 m		NEBU-M8G3-K-5-LE3	541334
Connection, left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	541338
5 m		NEBU-M8W3-K-5-LE3	541341

- Sturdy and precise kinematics for very high torque resistance and long service life
- Virtually backlash-free plain-bearing guide
- Reduced weight: systematic use of high-performance and lightweight materials
- 4 sensor slots: proximity switches no longer project past the housing at the bottom. Up to 4 positions can be sensed using the proximity sensors
- Suitable for external and internal gripping

**[9]** Adapter kit DHAA, HAPG → [hgpt](#)

**[2] Centring sleeve ZBH<sup>1)</sup>**

For size	Type	Part no.
For centring the gripper jaw blanks/gripper fingers on the gripper jaws		
25	ZBH-7-B	8146544
35	ZBH-9-B	8137184
For centring the gripper fingers laterally on the gripper jaws		
25	ZBH-5-B	8146543
35	ZBH-7-B	8146544

1) Packaging unit 10 pieces. Centring sleeves included in the scope of delivery of the gripper.

**[4] Proximity switch, N/O contact, magneto-resistive SMT-8G**

For size	Description	Type	Part no.
PNP, for T-slot, inserted in the slot from the side			
25, 35	Cable, 3-wire, lateral, 2.5 m	SMT-8G-PS-24V-E-2,5Q-OE	547859
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-8G-PS-24V-E-0,3Q-M8D	547860
NPN, for T-slot, inserted in the slot from the side			
25, 35	Cable, 3-wire, lateral, 2.5 m	SMT-8G-NS-24V-E-2,5Q-OE	8065028
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-8G-NS-24V-E-0,3Q-M8D	8065027

**[7] Blanking plug B<sup>1)</sup>**

For size	Type	Part no.
For sealing the supply ports		
25, 35	B-M5-B	174308
1) Packaging unit 10 pieces		
For size	Type	Part no.

**[8] Centring sleeve ZBH<sup>1)</sup>**

For size	Type	Part no.
For centring the gripper during mounting		
25, 35	ZBH-7-B	8146544

1) Packaging unit 10 pieces

**[4] Proximity switch, N/O contact, magneto-resistive SMT-10G**

For size	Description	Type	Part no.
PNP, for round slot, inserted in the slot from the side			
25, 35	Cable, 3-wire, lateral, 2.5 m	SMT-10G-PS-24V-E-2,5Q-OE	547862
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10G-PS-24V-E-0,3Q-M8D	547863
NPN, for round slot, inserted in the slot from the side			
25, 35	Cable, 3-wire, lateral, 2.5 m	SMT-10G-NS-24V-E-2,5Q-OE	8065030
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10G-NS-24V-E-0,3Q-M8D	8065029

Parallel grippers HGPL-B, heavy-duty with long stroke

- High torque resistance due to guided gripper jaw
  - Compact and sturdy design
  - Suitable for external and internal gripping

A	Via proximity switch
005	Generation
B	Series B

## Product options

Size  
25, 40, 63

Stroke per gripper jaw  
60, 80, 100, 150 mm

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/hgpl](http://www.festo.com/catalogue/hgpl)

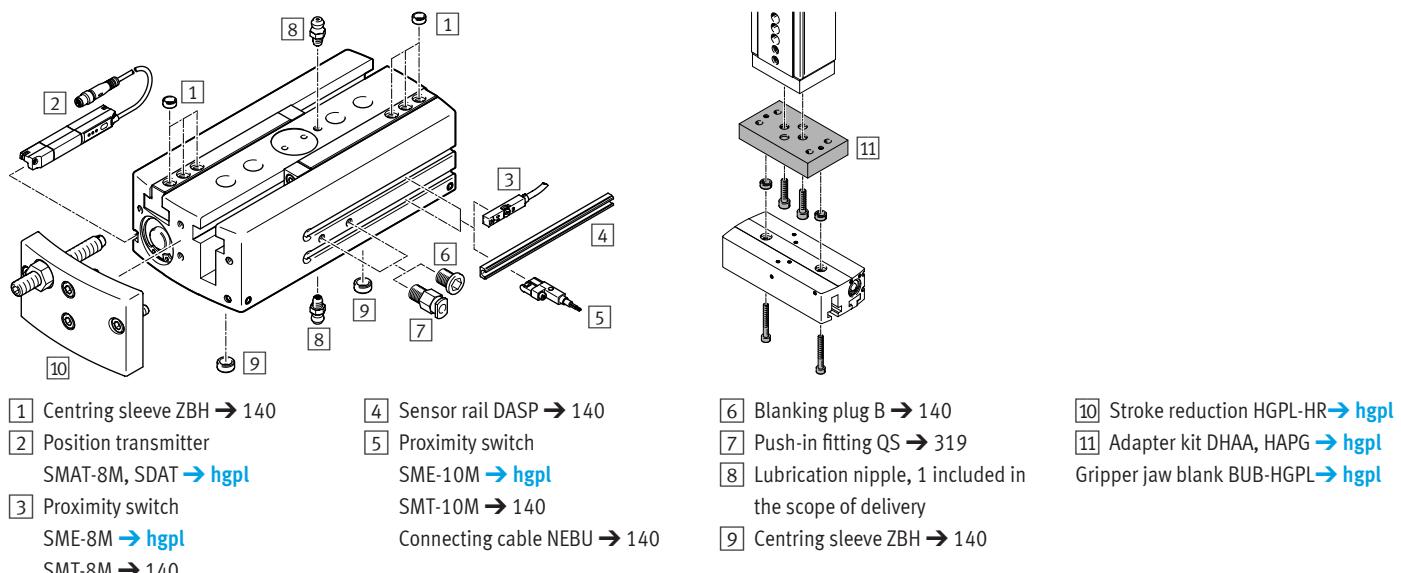

## Ordering – Basic design

Double-acting			
002 Size	003 Stroke per gripper jaw [mm]	Type	Part no.
14	20	HGPL-14-20-A-B	3361479
	40	HGPL-14-40-A-B	3361480

Mechanical grippers &gt;

## Parallel grippers HGPL-B, heavy-duty with long stroke

## Accessories

[1] Centring sleeve ZBH<sup>1)</sup>

For size	Type	Part no.
For centring the gripper jaw blanks/gripper fingers on the gripper jaws		
14	ZBH-5-B	<b>8146543</b>

1) Packaging unit 10 pieces. 4 included in the scope of delivery.

## [3] Proximity switch, N/O contact, magneto-resistive SMT-8M

For size	Description	Type	Part no.
PNP, for T-slot, inserted in the slot from above, short design			
14	Cable, 3-wire, 2.5 m	SMT-8M-A-PS-24V-E-2,5-OE	<b>574335</b>
	Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-PS-24V-E-0,3-M8D	<b>574334</b>
NPN, for T-slot, inserted in the slot from above, short design			
14	Cable, 3-wire, 2.5 m	SMT-8M-A-NS-24V-E-2,5-OE	<b>574338</b>
	Plug M8x1, 3-pin, 0.3 m	SMT-8M-A-NS-24V-E-0,3-M8D	<b>574339</b>

[4] Sensor rail DASP<sup>1)</sup>

Description	Type	Part no.
For using the proximity switch SME/SMT-10, for gluing into the slot		
For a gripper stroke of max. 60 mm	DASP-B6-60-C-SR	<b>3528767</b>
For a gripper stroke of max. 80 mm	DASP-B6-80-C-SR	<b>3528768</b>

1) Packaging unit 2 pieces

## [5] Proximity switch, N/O contact, magneto-resistive SMT-10M

For size	Description	Type	Part no.
PNP, for round slot, inserted in the slot from above			
14	Cable, 3-wire, lengthwise, 2.5 m	SMT-10M-PS-24V-E-2,5-L-OE	<b>551373</b>
	Plug M8x1, 3-pin, lengthwise, 0.3 m	SMT-10M-PS-24V-E-0,3-L-M8D	<b>551375</b>
	Cable, 3-wire, lateral, 2.5 m	SMT-10M-PS-24V-E-2,5-Q-OE	<b>551374</b>
	Plug M8x1, 3-pin, lateral, 0.3 m	SMT-10M-PS-24V-E-0,3-Q-M8D	<b>551376</b>

## [6] Connecting cable NEBU

Cable length	Connection, right	Type	Part no.
Connection, left: straight socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8G3-K-2.5-LE3	<b>541333</b>
5 m		NEBU-M8G3-K-5-LE3	<b>541334</b>
Connection, left: angled socket, M8x1, 3-pin			
2.5 m	Cable, open end, 3-wire	NEBU-M8W3-K-2.5-LE3	<b>541338</b>
5 m		NEBU-M8W3-K-5-LE3	<b>541341</b>

[6] Blanking plug B<sup>1)</sup>

For size	Type	Part no.
For sealing the supply ports		
14	B-M5-B	<b>174308</b>

1) Packaging unit 10 pieces

[9] Centring sleeve ZBH<sup>1)</sup>

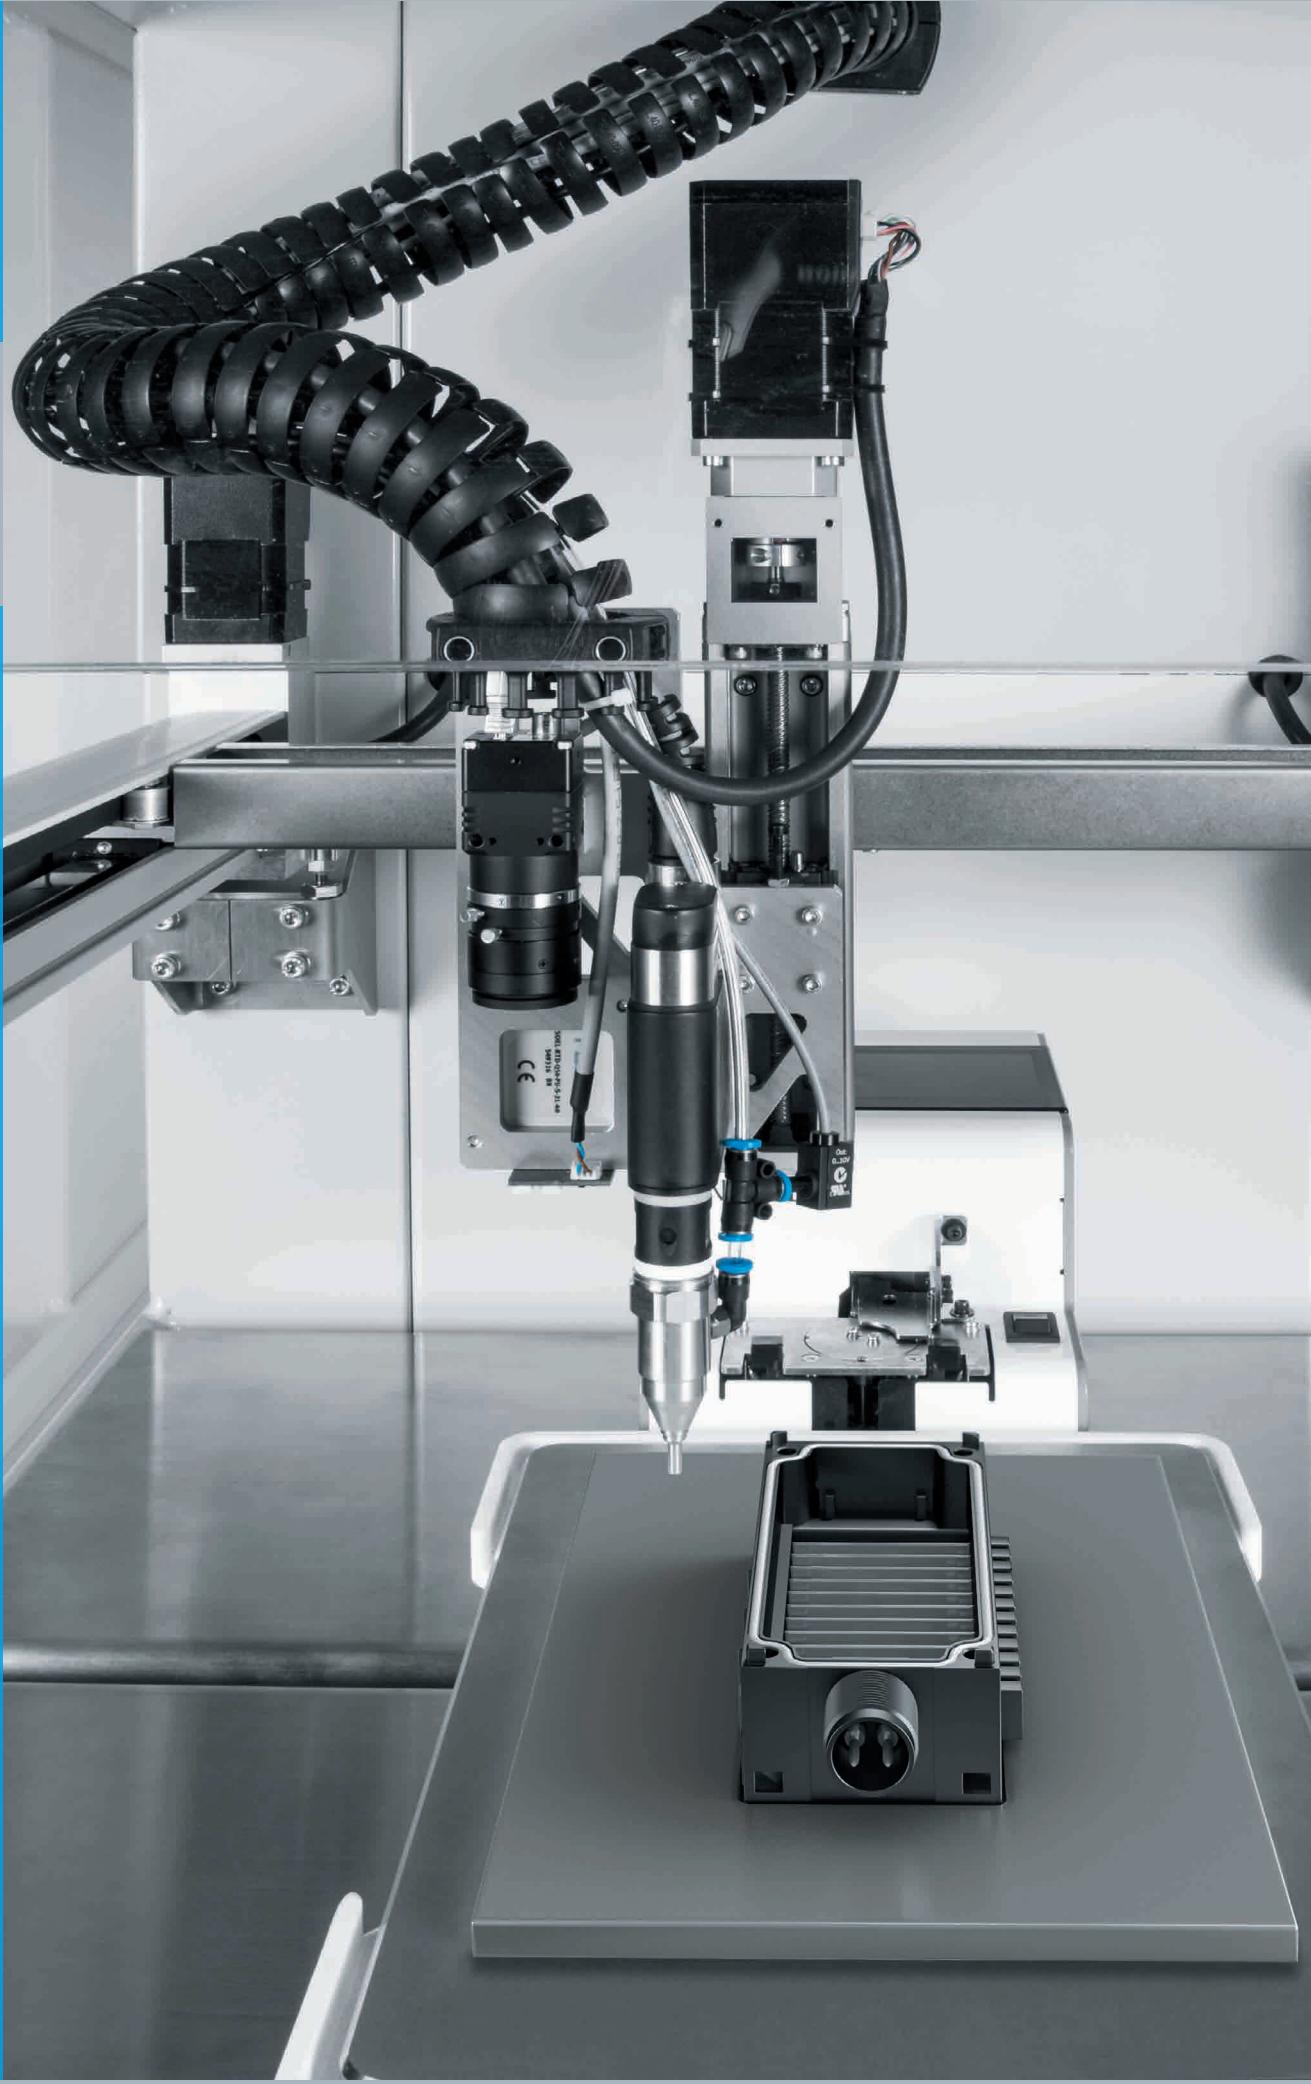

For size	Type	Part no.
For centring the gripper during mounting		
14	ZBH-9-B	<b>8137184</b>

1) Packaging unit 10 pieces. 2 included in the scope of delivery.

### Software-Tools

#### Engineering tool: Handling Guide Online (HGO)

Planning and designing complex handling systems, e.g. for pick & place applications, generally takes a lot of time. With the innovative Handling Guide Online (HGO) you can design a tailor-made system in just a few steps. Simply enter your application data such as the load mass, travel and cycle time.

#### Advantages:

- 1D- ... 3D kinematics
- Tailor-made system solution within just a few minutes
- CAD model available immediately
- Fully automatic selection of all relevant components
- Fully automated processing including ordering function
- Fully assembled or unassembled systems

This tool can be found at

## Product overview

### Software-Tools

<b>Vacuum selection</b>		<p>Which suction cup for which surface and which movement? Don't experiment – calculate!</p> <p>The vacuum selection program helps you select the right suction cups, tubing and venturi nozzles. It also calculates the distribution of the forces acting on the individual suction cups, as well as the evacuation time. This software tool even enables a distinction to be made between linear and rotary movements.</p> <p>This tool can be found at → <a href="http://www.festo.com/x/vacuum-sizing">www.festo.com/x/vacuum-sizing</a></p>

Vacuum generators &gt;

## Vacuum generators OVEL

- Various performance levels and vacuum types
- Short switching times thanks to integrated solenoid valves
- Quick, precise and safe placing of the workpiece via ejector pulse
- Compact and lightweight size for installing in the gripping area
- Ideal for fast small parts handling
- Maintenance-free open silencer

Legend: Mandatory entry Optional entry

## Product options

Vacuum type  
L High suction rate  
Supply air port  
P For pneumatic links via manifold rail

Vacuum port  
VM7 M7  
VQ3 Push-in connector 3 mm  
Exhaust port  
RQ Push-in connectors, metric  
UC Closed silencer

Ejector pulse connection  
Z Additional connection (like pneumatic port for supply air)  
Additional function  
- Without ejector pulse

Vacuum sensor pressure measuring range  
- Without vacuum sensor  
Vacuum sensor output signal  
- Without vacuum sensor  
Robot connection  
RA1 Universal robots

This product and all its product options can be ordered online via the configurator:

Vacuum generators &gt;

## Vacuum generators VN, pneumatic

- High vacuum levels of up to 93%
- Easy connection of holders and suction cups
- Lightweight and compact design thanks to plastic housing
- Non-wearing and maintenance-free, long service life
- Vacuum monitoring via vacuum switch
- Low environmental impact due to silencers

1) Packaging unit 20 pieces

## Suction cups VAS/VASB

VAS-...-S-PUR-B VAS-...-NBR VAS-...-SI-B VASB-...-PUR-B

- The ideal solution for transporting workpieces of different weights, surfaces and shapes
- Wide range to suit applications with various temperature ranges and workpiece surfaces

- Suction cups made from silicone are food-safe
- All tubing connection sizes correspond to a holder size

## Order code

001 002 003 004 005 006

Legend:  Mandatory entry  Optional entry

001	Type
VAS	Suction cup, round, flat
VASB	Suction cup, round, bellows with 1.5 convolutions
002	Suction cup Ø [mm]
...	2, 5, 8, 10, 15, 30, 40, 55, 75, 100, 125
003	Vacuum connection
PK-3	PK-3
M3	M3 thread
M5	M5 thread
1/8	G1/8 thread
1/4	G1/4 thread
3/8	G3/8 thread

004	Suction cup shape
-	Round, flat
-	Round, bellows with 1.5 convolutions
S	Round, flat
005	Suction cup material
PUR	TPE-U(PU), suction cup shape S
NBR	Nitrile rubber
SI	VMQ (silicone)
PUR	Polyurethane
006	Generation
-	A series
B	B series

## Suction grippers ESG – Overview

- Any combination of suction cup holder ESH and suction cup with connection attachments ESS is possible in the same holder size
- 15 suction cup diameters from 2 ... 200 mm
- 6 different materials – including anti-static ones
- 6 suction cup shapes
- Numerous suction cup holders
- Suitable for a wide variety of temperature ranges and workpiece surfaces

### Product options

#### Suction cup holder ESH → esh

Threaded connection G  
For suction cup Ø 60 ... 200 mm  
For suction cup size 15x45 ... 30x90 mm

Push-in connector QS  
For suction cup Ø 2 ... 50 mm  
For suction cup size 4x10 ... 10x30 mm

Barbed fitting connector PK  
For suction cup Ø 2 ... 50 mm  
For suction cup size 4x10 ... 10x30 mm

Holder type  
For suction cup diameter [mm]  
For suction cup size [mm]

#### Angle compensator ESWA → eswa

#### Vacuum filter ESF → esf

#### Suction cup ESS → ess

- FPM (fluoro rubber)
- NBR (nitrile rubber)
- BR (butadiene rubber), anti-static
- VMQ (silicone)
- PUR (polyurethane)
- Vulkollan®

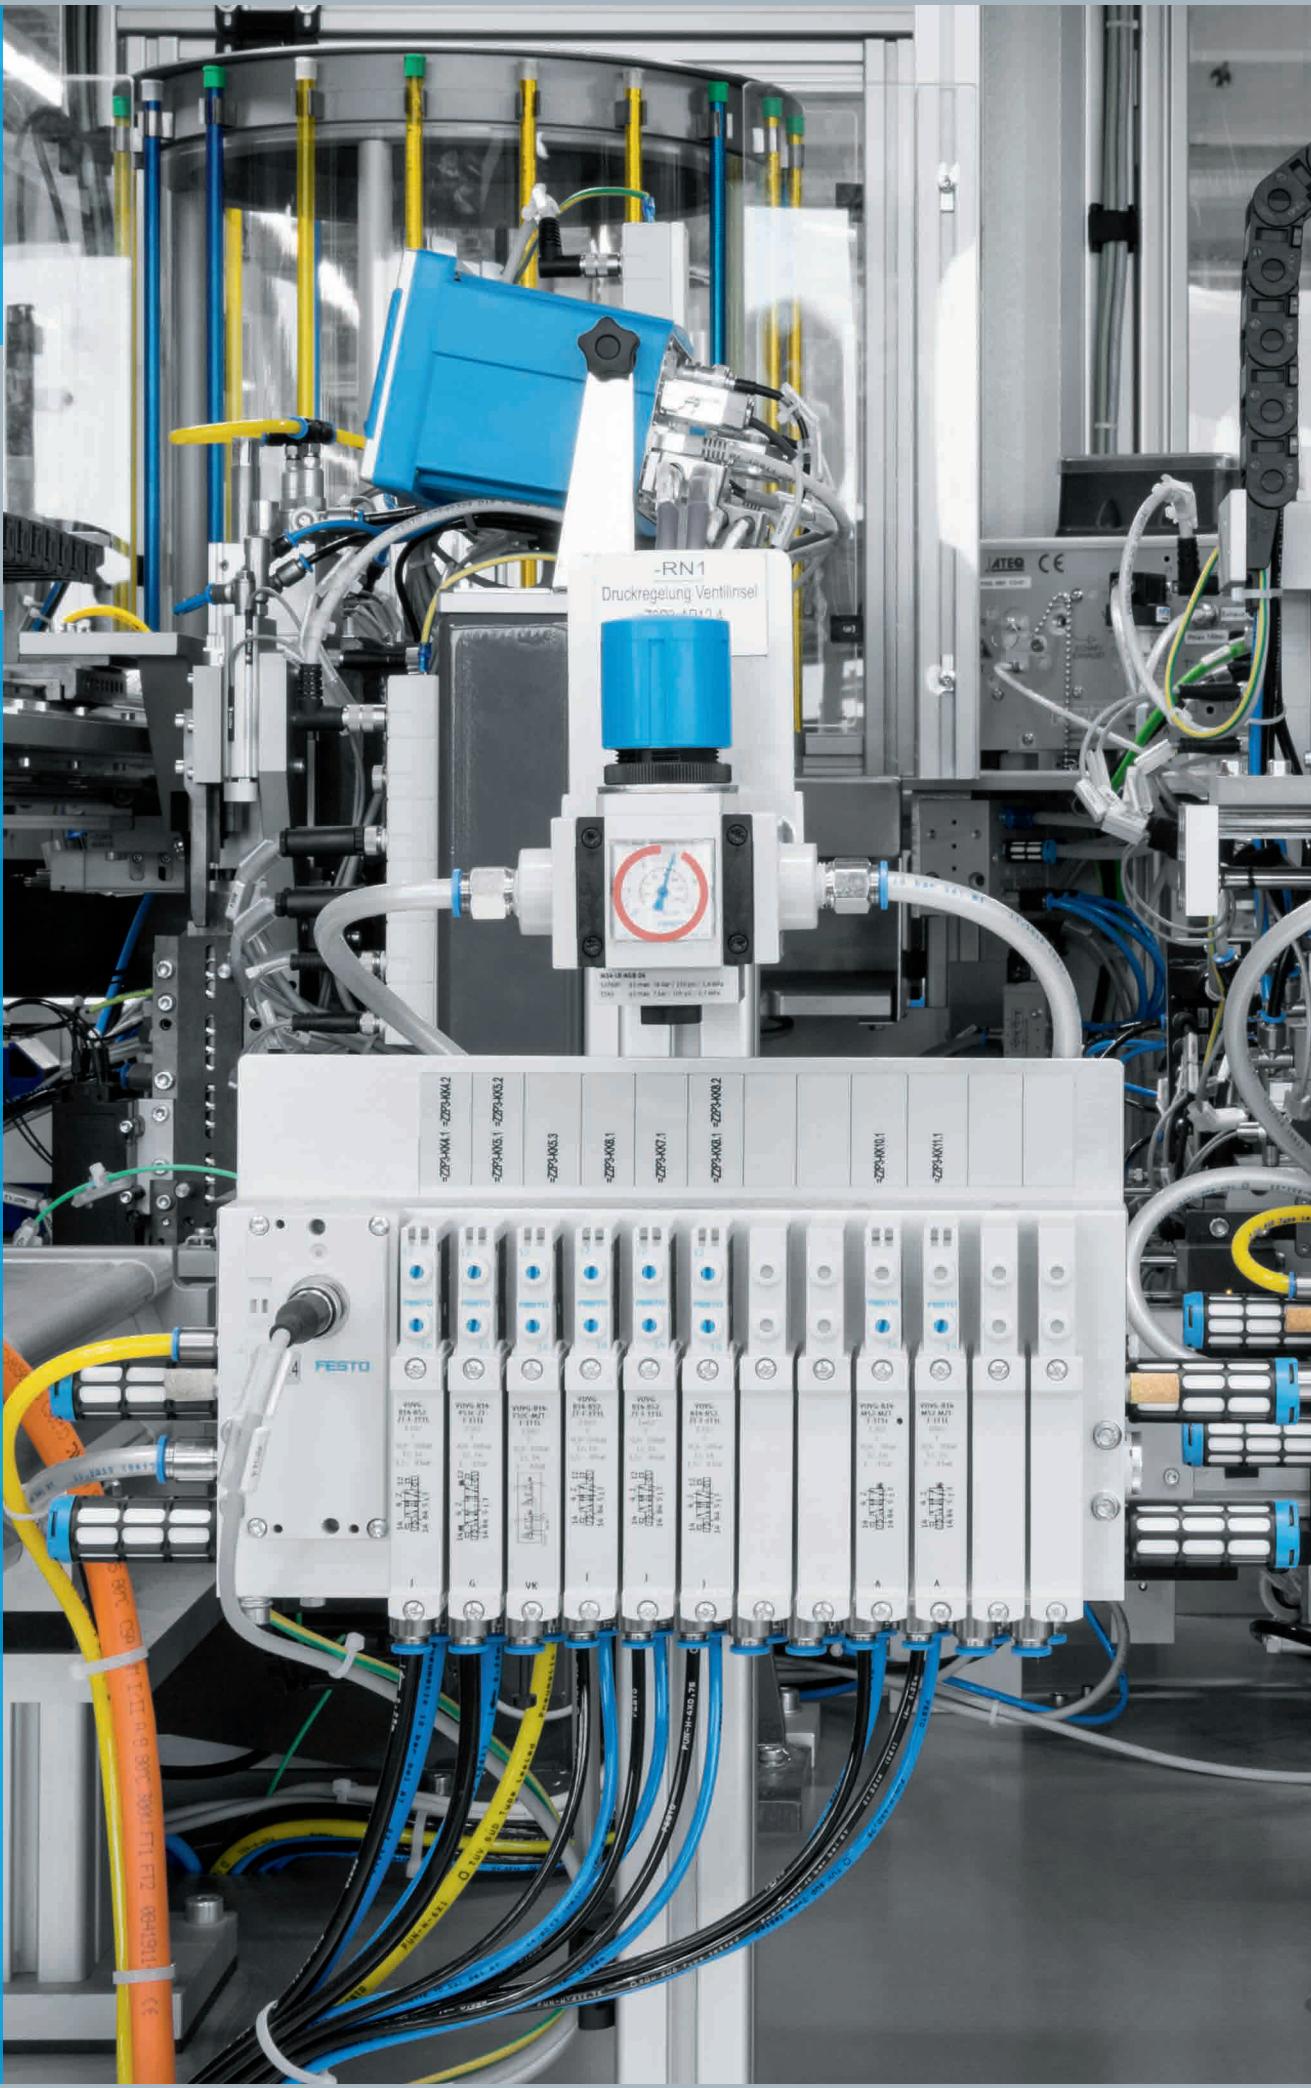

This product and all its product options can be ordered online via the configurator:

## Product overview

### Software-Tools

#### Pneumatic sizing

Size pneumatic control loop systems quickly and energy-efficiently.

In order to survive in a tough competitive environment, many companies are searching for ways to make savings in their production. Such savings can often be found in their existing compressed air systems, which have generally been in place for years. Up to 60% of energy costs can be saved through optimisation at both the production facility and system level.

This tool can be found at

## Product overview

### Solenoid-actuated process and media valves

 Solenoid valves VZWP	
<b>Design</b>	Piloted piston poppet valve
<b>Actuation type</b>	Electrical
<b>Nominal width</b>	13 ... 25 mm
<b>Flow rate Kv</b>	1.5 ... 11.5 m³/h
<b>Temperature of medium</b>	-10 ... 80°C
<b>Medium pressure</b>	0.5 ... 40 bar
<b>Process valve connection</b>	1 NPT, 1/2 NPT, 1/4 NPT, 3/4 NPT, 3/8 NPT, G1, G1/2, G1/4, G3/4, G3/8
<b>Description</b>	<ul style="list-style-type: none"> <li>For all applications with a differential pressure of min. 0.5 bar</li> <li>For high pressures and high flow rates with relatively small solenoids</li> <li>For controlling gaseous and liquid media in open circuits</li> </ul>

### Customised components – for your specific requirements

#### Valves with customised designs

Can't find the valve you need in our catalogue?

We can offer you customised components that are tailored to your specific requirements.

#### Common product modifications:

- Coatings for special ambient conditions
- Customised cables: length, pin allocation, pre-assembled with plug
- Modified actuating elements
- Modified connecting thread
- Modified valve sub-bases

Many additional variants are possible.

Ask your Festo sales engineer, who will be happy to help:

→ [www.festo.com/contact](http://www.festo.com/contact)

VSNC-...-F8

VSNC-...-F8-1A1

- Connection G1/4, 1/4 NPT
- Flow rate 900 ... 1350 l/min
- Voltage 12, 24, 48 V DC, 24, 48, 120, 230 V AC
- Namur connection pattern to VDE/VDI 3845
- Solenoid actuated, piloted
- Mechanical spring return

- Can be converted from 3/2-way to 5/2-way function
  - Selected types in accordance with ATEX directive for potentially explosive atmospheres
- [www.festo.com/ex](http://www.festo.com/ex)

## Product options

### Design principle

T Poppet valve

### Additional function

AC Connections swapped and  
convertible valve function

### Manual override

H Non-detenting

S Covered

- Without

### Pneumatic connection

Push-in connector 6, 8, 10 mm, 1/4",  
5/16", 3/8"

### Exhaust

QN With fitting

U... With silencer

Valve pilot control interface

F19 Electric with 13 mm armature  
tube for solenoid coilF19A Electric with 13 mm armature  
tube for solenoid coil, intrin-  
sically safe

P2 Interface for pilot valve size

30 mm to ISO 15218  
(CNOMO)

- Standard

### Power consumption

11 1.1 W

18 1.8 W

### Nominal operating voltage

12 V DC, 24 V AC/50-60 Hz,

48 V AC/50-60 Hz, 60V DC/AC,

110 V AC/50-60 Hz, 230 V AC/50-60  
Hz

### Electrical connection

C3 Cable, 3 m

K4 Cable connector, metric

K11 Cable with insulating conduit  
connection

### Degree of protection for electrics

S8 IP67

S11 IP66

### Circuitry

F Fuse

EU certification

EX2 II 3GD

EX4 II 2GD

### Certification

U4 Class 1 Div 1 to NEC 500

### Ignition protection type

A Intrinsically safe

D Flameproof enclosure

M Encapsulation

ME Encapsulation, enhanced  
safety

N Non-sparking

Electrical accessories, valve

G Connector socket, without  
LED

Electrically and pneumatically actuated directional control valves > Standards-based directional control valves >

## Solenoid valves VSNC, NAMUR

### Ordering – Product options

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/...](http://www.festo.com/catalogue/)

Enter the part number or the type.

Part no. Type

**8026033 VSNC**

### Ordering – Basic design

Without solenoid coil, 004 Convertible valve function

008 Pneumatic connection	Type	Part no.
012 Without electrical connection		
<b>005 5/2-way valve, single solenoid</b>		
<b>010 With 8 mm armature tube, long</b>

Electrically and pneumatically actuated directional control valves > Standards-based directional control valves >

## Solenoid valves VSNC-G18, NAMUR

- With NAMUR connection pattern to VDE/VDI 3845
- Compact and powerful
- Especially suitable for quarter turn actuators DAPS and DFPD with connection pattern to VDI/VDE 3845
- Electrical connection with plug pattern type C, to EN 175301-803
- Integrated 24 V solenoid
- Extended temperature range -20 to +50 °C
- Excellent price/performance ratio
- Additional function: swapped connections and convertible valve function

[4] NAMUR connection can be turned 270°. It is also possible to mount a 1/4" NAMUR valve on a 1/2" actuator	8098891	VABS-B14-270-FF14
[5] NAMUR connection can be turned 180°. It is also possible to mount a 1/4" NAMUR valve on a 1/2" actuator	8099347	VABS-B14-180-FF14
[6] NAMUR connection can be turned 90°. It is also possible to mount a 1/4" NAMUR valve on a 1/2" actuator	8098888	VABS-B14-90-FF14

## Exhaust plates VABF with through-hole

Description	Part no.	Type
[7] Exhausing a quarter turn actuator with Namur connection via a valve terminal or a normal in-line valve NPT1/4	8099627	VABF-B14-M3-N14
Exhausing a quarter turn actuator with Namur connection via a valve terminal or a normal in-line valve G1/4	8099350	VABF-B14-M3-G14

## Throttle plates VABF with through-hole

Description	Part no.	Type
[8] Flow control for single-acting quarter turn actuators	8098885	VABF-B14-F1B1P1-FF14
[9] Flow control for double-acting quarter turn actuators	8098887	VABF-B14-F1B1P2-FF14

## Connector plates VABS with through-hole

Description	Part no.	Type
[10] Enables the Namur valve to be used as an in-line valve with NPT1/4"	8099628	VABS-B14-T-FN14
Enables the Namur valve to be used as an in-line valve with G1/4"	8098884	VABS-B14-T-FG14

## Push-in fittings QS

Pneumatic connection 2	Part no.	Type
Pneumatic connection 1: male thread G1/8		
[11] For tubing O.D. 4 mm	186095	QS-G1/8-4
For tubing O.D. 6 mm	186096	QS-G1/8-6
For tubing O.D. 8 mm	186098	QS-G1/8-8

## Pneumatic connection 1: male thread G1/8 with internal hexagon

[11] For tubing O.D. 4 mm	186106	QS-G1/8-4-I
For tubing O.D. 6 mm	186107	QS-G1/8-6-I
For tubing O.D. 8 mm	186109	QS-G1/8-8-I
For tubing O.D. 10 mm	132999	QS-G1/8-10-I

## Silencers AMTE, U

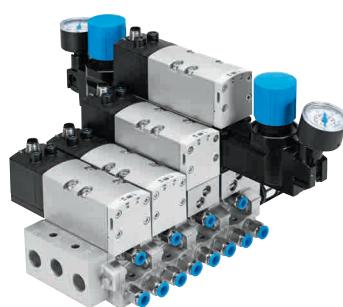

Description	Part no.	Type
Pneumatic connection: G1/8		
[12] Short version, sintered metal	1206622	AMTE-M-H-G18
Long version, sintered metal	1205860	AMTE-M-LH-G18
Polymer version	2307	U-1/8
Polymer version, 50 pieces per pack	534222	U-1/8-50
Polymer version, female thread	3670	U-1/8-I
Die-cast metal version	6841	U-1/8-B
Polymer version	161419	UC-1/8

## Push-in fittings NPQE

Pneumatic connection 2	Part no.	Type
Pneumatic connection 1: male thread R1/8		
[13] For tubing O.D. 4 mm	8112913	NPQE-D-R18-Q4-P10
For tubing O.D. 6 mm	8112914	NPQE-D-R18-Q6-P10
For tubing O.D. 8 mm	8112915	NPQE-D-R18-Q8-P10
For tubing O.D. 10 mm	8112916	NPQE-D-R18-Q10-P10
For tubing O.D. 12 mm	8112917	NPQE-D-R18-Q12-P10

Electrically and pneumatically actuated directional control valves > Standards-based directional control valves >

## Solenoid valves VSVA, to ISO 5599-1

- High-performance valves in a sturdy metal design
- Width 42 mm/ISO size 1
- Flow rate up to 1300 l/min
- Solenoid coil with central plug M12, 24 V DC
- Wide range of vertical stacking modules: pressure regulator, flow control, vertical pressure shut-off plate, etc.
- Valve on individual sub-base or for manifold assembly

## Solenoid valves VSVA, to ISO 15407-1

- High-performance valves in a sturdy metal housing
- Width of standards-based valve 18/26 mm, flow rates up to 1400 l/min
- Manifold assembly with mixture of sizes possible
- Electrical connection with round or square plug socket
- Complete and standardised valve range
- Wide range of vertical stacking modules: pressure regulator, flow control valve, vertical pressure shut-off plate, etc.

## Solenoid valves VUVG

### Designed for reliable and easy operation

The VUVG has been a huge success since it was introduced. This is without doubt due to its first-class pneumatic performance of the VUVG as well as numerous other technical features.

Integrated LED for 360 degree view – convenient for a fast status overview as well as reduced downtimes.

Standard: the non-detenting/detenting manual override for easy commissioning with cover if required.

Direction indicator: detent for correct valve installation.

Click! Just snap it in and it's done. E-box with numerous connection options for optimum integration into your system concept.

Retained mounting screws: robust, secure mounting, no lost parts.

Imperial connections (inch) can be easily realised with hybrid fittings.

Captive seal integrated into the valve.

Make the most of the available installation space with a host of connection options and functions.

Individual valves can be mounted one behind the other without an extra manifold rail or bracket thanks to the side holes.

No additional components required to mount an individual valve onto a valve manifold.

In-line valve VUVG-L10 with seal  
VABD-L1-10XSub-base valve  
VUVG-B10

- Connection technology via electrical connection box (E-box)
- Specific I-Port interface from Festo for fieldbus node
- IO-Link mode for direct connection to a higher-level IO-Link master
- Festo-specific I-Port interface with interlock

- Variable multi-pin plug connection using Sub-D or flat cable
- Sturdy and durable metal components
- Reversible piston spool valves
- Up to 24 valve positions

## Accessories

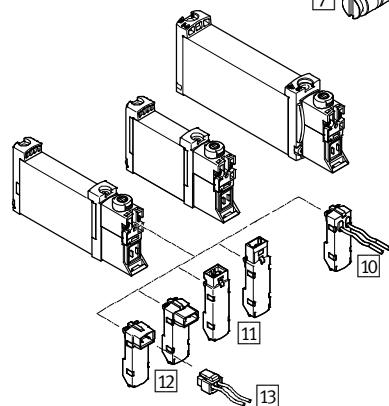

In-line valve VUVG-L with seal

Sub-base valve VUVG-B

Electrical connection box

- [1] Seal VABD-L1-10X for in-line valve → 185
- [2] Cover VMPA-HBT-B for manual override, non-detenting → 185
- [3] Inscription label holder ASLR-D for labelling the valves, covering the mounting screw and the manual override → 185
- [4] Manifold rail VABM for 2 to 10 valve positions → 186
- [5] H-rail mounting VAME-T-M4 for fitting the valve manifold on an H-rail → 185
- [6] H-rail NRH-35-2000 for mounting → nrh-35
- [7] Separator VABD-B for creating pressure zones → 186
- [8] Blanking plate VABB for covering an unused valve position → 186
- [9] Supply plate VABF → 186
- Electrical connection box VAVE
- [10] With flying leads → 186
- [11] With vertical plug → 186
- [12] With horizontal plug → 186
- [13] Plug socket with cable NEBV, open end → 186

- 1) Additional functions: spark arresting, bipolar, IP40  
2) Additional functions: spark arresting, reduction of holding current, IP40  
3) Additional functions: spark arresting, bipolar, IP65

[13] Plug socket with cable NEBV			
Description	Cable length	Type	Part no.
Straight socket, 2-pin			
Flying leads, open end	0.5 m	NEBV-H1G2-KN-0.5-LE	566654
	1 m	NEBV-H1G2-KN-1-LE2	566655
	2.5 m	NEBV-H1G2-KN-2.5-LE	566656
Individual cable, 0.5 m, open end, 2-pin			
	0.5 m	NEBV-H1G2-P-0.5-LE2	566658
	1 m	NEBV-H1G2-P-1-LE2	566659
	2.5 m	NEBV-H1G2-P-2.5-LE2	566660

- Width of valves 20 (21 mm), 25 (26.5 mm), 30 (31 mm), flow rate up to 2300 l/min
- In-line valves can be used as individual valves or manifold valves
- Variable pressure zones
- Universal valve, sturdy and durable
- Low-cost, no limitations with regard to performance
- Can be used as a valve manifold VTUS

110/120 V AC; 50/60 Hz	VACF-B-C1-16B	8030815	
230/240 V AC; 50/60 Hz	VACF-B-C1-3W	8030817	
Plug pattern type A, to EN 175301-803, for size 30			
24 V DC	VACF-A-A1-1	8030822	

- Low actuating forces
- Ergonomic and reliable operation
- Practical connection with threaded connection or connecting pieces
- Fast mounting: via retaining bracket or screwed directly via through-hole

- Sturdy metal housing
- Reverse operation possible

### Accessories

- [1] Hand lever valve VHER (pneumatic port on the side) → 193
- [2] Actuating lever, large, polymer
- [3] Lever mounting clip, large
- [4] Inscription label
- [5] Control panel (not included in the scope of delivery)
- [6] Mounting screws (not included in the scope of delivery)
- [7] Proximity switch SME-10... -L... (electrical connection, in-line) → 194
- [8] Hand lever valve VHER (pneumatic ports underneath) → 193
- [9] Knurled nut, control panel mounting
- [10] Actuating lever, small, polymer
- [11] Lever mounting clip, small
- [12] Actuating lever, small, metal
- [13] Actuating lever, large, metal

[7] Proximity switch, magnetic reed  
For valves with pneumatic ports underneath

Description	Type	Part no.
Cable, 2.5 m, 3-wire	SME-10-KL-LED-24	173210
Connector M8x1, 3-pin	SME-10-SL-LED-24	173212

- Precise mechanical system
- Low actuating forces
- Ergonomic and reliable operation
- Practical connection with threaded connection or connecting pieces
- Fast mounting: via retaining bracket or screwed directly via through-hole
- Sturdy metal housing
- Reverse operation possible

## Accessories

- [1] Fitting for supply air/exhaust air ports (1, 3, 5) and working ports (2, 4)  
Push-in fittings QS, G thread → 319
- [1] Push-in fittings QB, NPT thread → 192
- [2] Silencer U, for exhaust air ports (3, 5)  
G thread → 343  
NPT thread → 192
- [3] 3/2-way valve VHEF-PTC-M32..., VHEF-PTCZ-M32...
- [4] 5/2-way valve VHEF-P-M52...

- Precise mechanical system
- Low actuating forces
- Ergonomic and reliable operation
- Practical connection with threaded connection or connecting pieces
- Fast mounting: via retaining bracket or screwed directly via through-hole
- Sturdy metal housing
- Reverse operation possible

Roller lever valves VMEF-K

## Accessories

- [1] Fitting for supply air/exhaust air ports (1, 3, 5) and working ports (2, 4)  
Push-in fittings QS, G thread → 319  
Push-in fittings QB, NPT thread → 192
- [2] Silencer U, for exhaust air ports (3, 5)  
G thread → 343  
NPT thread → 192
- [3] 3/2-way valve
- [4] 5/2-way valve

- Controlled, piloted non-return function
- Manual exhausting
- Can be rotated when installed
- Push-in connector  
Flow rate 130 ... 1400 l/min
- Female thread  
Flow rate 130 ... 1600 l/min

- [1] HGL-M5-QS-4  
[2] HGL-...-QS  
[3] HGL-M5-B  
[4] HGL-...-B

Shut-off valves &gt; Shut-off valves and ball valves &gt;

## Hand slide valves VBOH

- Can be used as a shut-off function for pressurising and exhausting compressed air systems, e.g. upstream of service unit combinations, for air guns or for exhausting pneumatic cylinders
- Non-overlapping, so no pressure losses when switching
- Minimal installation effort
- Standard nominal flow rate 236 ... 7691 l/min
- Operating pressure -0.95 ... +12 bar
- Exclusive design

## Order code

## Customised components – for your specific requirements

### Valve terminals with customised designs

Can't find the valve terminal you need in our catalogue?

We can offer you customised components that are tailored to your specific requirements.

Common product modifications:

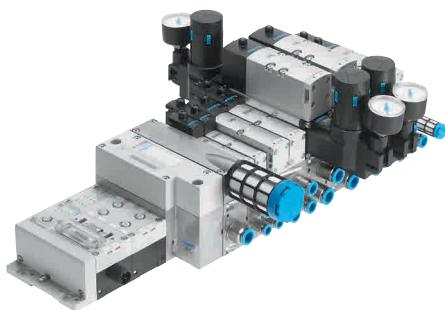

- Coatings for special ambient conditions
- Customised cables: length, pin allocation, pre-assembled with plug
- Modified actuating elements
- Modified connecting thread
- Modified valve sub-bases

Many additional variants are possible.

Ask your Festo sales engineer, who will be happy to help:

→ [www.festo.com/contact](http://www.festo.com/contact)

Standards-based valve terminals >  
Valve terminals VTSA

- Sturdy and flexible valve terminal
- Widths 18 and 26 mm: ISO 15407-2, widths 42 and 52 mm: ISO 5599-2
- Widths 18 mm, 26 mm, 42 mm and 52 mm can be combined on one valve terminal without an adapter
- Complete and standardised valve range
- Wide range of vertical stacking modules: pressure regulator, flow control, vertical pressure shut-off plate, etc.
- Integrated safety functions
- Flow rate: 550 ... 2900 l/min
- Flow-optimised version VTSA-F: 700 ... 4000 l/min
- High pressure range: -0.9 ... 10 bar
- All pneumatic connections can also be supplied with an NPT thread

## Key features

### Innovative

- High-performance valves in a sturdy metal housing
- Five valve sizes on one valve terminal (width 65 mm with adapter)
- Standardised from the multi-pin plug to the fieldbus connection and control block
- Dream team: fieldbus valve terminal suitable for electrical peripherals CPX. This means:
  - Forward-looking internal communication system for controlling the valves and CPX modules
  - Four valve sizes on one valve terminal without adapters
- Valve functions for integration in control architectures of higher categories to EN ISO 13849-1

### Versatile

- Modular system offering a range of configuration options
- Expandable with up to 32 solenoid coils
- Conversions and extensions are possible at any time
- Integration of innovative function modules possible
- Flexible air supply and variable pressure zones
- Reverse operation
- High pressure range -0.9 ... 10 bar, flow range 550 ... 4000 l/min
- Wide range of valve functions
- Valve supply 24 V DC or 110 V AC

### Reliable

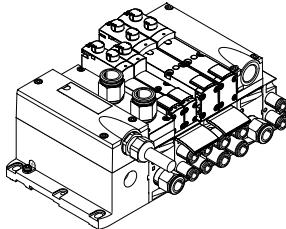

- Sturdy and durable metal components
  - Valves
  - Manifold sub-bases
  - Seals
- Fast troubleshooting thanks to LEDs on the valves and diagnostics via fieldbus
- Reliable servicing thanks to valves that can be replaced quickly and easily
- Manual override, either non-detenting, non-detenting/detenting or covered
- Durable thanks to tried-and-tested piston spool valves
- Large and durable labelling system
- 100% duty cycle

### Easy to install

- Ready-to-install and tested unit
- Reduced selection, ordering, installation and commissioning costs
- Secure mounting on wall or H-rail
- Manifold sub-bases can be extended using four screws, sturdy duct separation on metal support

## Electrical connection options

### Multi-pin plug connection

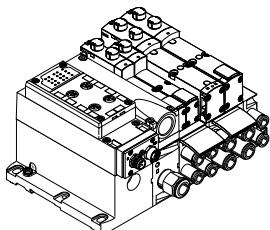

Control signals from the controller to the valve terminal are transmitted via a pre-assembled multi-wire connecting cable or a self-assembled multi-pin plug connection, which substantially reduces installation time.

The valve terminals can be equipped with max. 32 valves with max. 32 solenoid coils.

### Versions

- Multi-pin plug connection with terminal strip (spring-loaded terminal), 24 V DC
- Pre-assembled connecting cable, 24 V DC
- Sub-D plug for assembly by the user, 37-pin, 24 V DC
- Round plug M23, 19-pin, 24 V DC

### AS-Interface connection

A special feature of the AS-Interface is the simultaneous transmission of data and supply power via a two-wire cable. The encoded cable profile prevents connection with incorrect polarity.

The valve terminal with AS-Interface is available in the following versions:

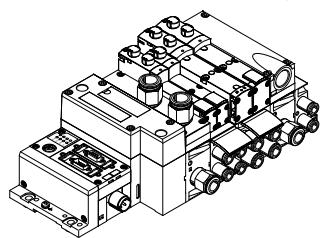

- With 1 to 8 modular valve positions (max. 8 solenoid coils). This corresponds to 1 to 8 VTSA valves.
- With all available valve functions.

The connection technology used for the inputs can be selected as with CPX: M8, M12, quick connector, Sub-D, spring-loaded terminal (terminals to IP20).

## Key features

### Electrical connection options

Fieldbus connection via the CPX system

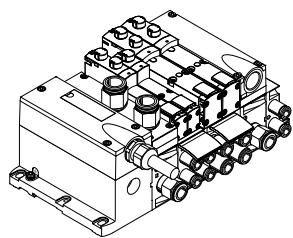

An integrated fieldbus node manages the communications connection with a higher-order PLC. This enables a space-saving pneumatic and electronic solution.

Valve terminals with fieldbus interfaces from the CPX system can be configured with up to 16 manifold sub-bases. With 2 solenoid coils per connection, up to 32 solenoid coils can thus be actuated.

Versions:

PROFIBUS, INTERBUS, DeviceNet, CANopen, CC-LINK, EtherNet/IP, EtherCAT, Modbus TCP, PROFINET, POWERLINK, Sercos III

Control block connection via the CPX system

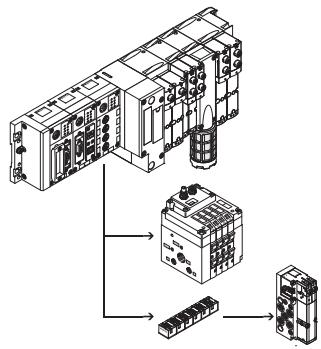

A controller integrated in the Festo valve terminal enables the design of stand-alone control units with protection to IP65 without a control cabinet thanks to two different operating modes.

In the slave operating mode, these valve terminals can be used for intelligent preprocessing and are therefore ideal modules for designs using decentralised intelligence.

In the master operating mode, terminal groups can be designed with many options and functions that can autonomously control a medium-sized machine/system.

CP string extension

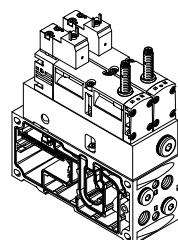

The optional CP string extension enables additional valve terminals and I/O modules to be connected to the fieldbus node of the CPX terminal on up to four CP strings. Different input and output modules as well as valve terminals MPA-S can be connected.

The maximum length of the CP string extension is 10 metres, which means that the extension modules can be mounted directly on site. All the required electrical signals are transmitted via the CP cable, which in turn means that no further installation is needed on the extension module.

One CP string offers:

- 32 input signals
- 32 output signals for output modules 24 V DC or solenoid coils
- Logic and sensor supply for the input modules
- Load voltage supply for the valve terminals
- Logic supply for the output module

Control block with safety function,  
width 26 mm

5/2-way solenoid valve

These valves are used for special applications, for example for:

- Protecting against unexpected start-up
- Safe reversing
- Drives in manually loaded devices

This control block is suitable for use as a press safety valve to EN 962.

This valve is a safety device in accordance with the Machinery Directive 2006/42/EC.

Standards-based valve terminals >  
Valve terminals VTSA

## Key features

### Modular pneumatic peripherals

The modular design of the VTSA/VTSA-F/VTSA-F-CB enables maximum flexibility right from the planning stage and offers maximum ease of service in operation. The system consists of manifold sub-bases and valves.

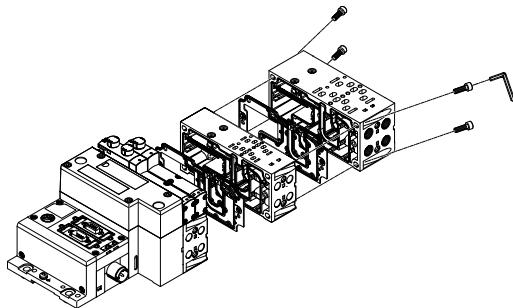

The manifold sub-bases are screwed together and thus form the support system for the valves.

Inside the manifold sub-bases are the ducts for supplying compressed air to and exhausting from the valves on the terminal as well as the working ports for the pneumatic cylinders for each valve.

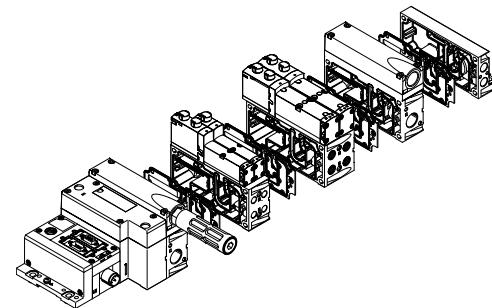

Each manifold sub-base is connected to the next using four screws.

Individual valve terminal sections can be isolated and further blocks easily inserted by loosening these screws. This ensures that the valve terminal can be rapidly and reliably extended.

Basic system modularity

Valve modularity

### Modular electrical peripherals

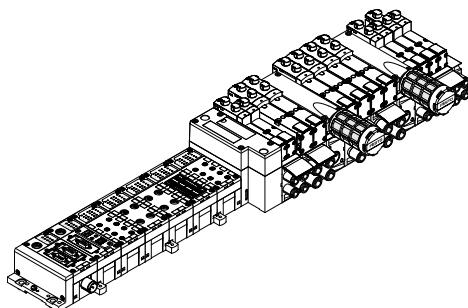

The valves are actuated differently depending on whether a multi-pin terminal or fieldbus terminal is used.

The VTSA/VTSA-F with CPX interface is based on the internal bus system of the CPX terminal and uses this communication system for all solenoid coils and a range of electrical input and output functions.

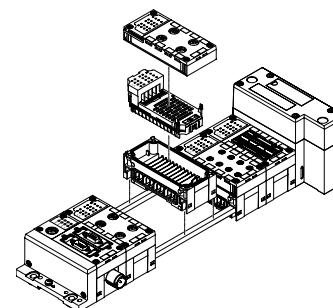

Parallel links enable the following:

- Transmission of switching information
- Compact design
- Position-based diagnostics
- Separate voltage supply for valves
- Flexible conversion without address shifting
- Option of CP interface
- CPX-CEC as stand-alone controller with access via Ethernet and web server
- Transmission of status, parameter and diagnostic data

The valve terminals are fully assembled according to your order specifications and are individually tested. This reduces assembly and installation time to a minimum.

Universal valve terminals &gt;

## Valve manifolds VTUG-S with individual electrical connection

## Key features

**Innovative**

- Can be set to internal or external pilot air supply for manifold assemblies with sub-base valves
- Maximum pressure 10 bar
- Design principle:
  - Piston spool with sealing ring (VUVG-LK, VUVG-BK)
  - Piston spool with sealing cartridge (VUVG-L, VUVG-B)

**Versatile**

- Wide range of valve functions
- Choice of quick plug connectors
- In-line valves
- Semi in-line valves for manifold assembly
- M5 and M7 in-line valves can be combined on one manifold rail
- Valve manifold with pressure zones
- IP40, IP65
- Connection technology via:
  - Electrical connection box (E-box)
  - Pneumatic interface CNOMO, to ISO 15218

**Reliable**

- Sturdy and durable metal components
  - Valves
  - Manifold rails
- Fast troubleshooting thanks to 360° LED display
- Reliable servicing thanks to valves that can be replaced quickly and easily
- Choice of manual override: non-detenting, covered, non-detenting/detenting or detenting (without accessories)

**Valve functions**

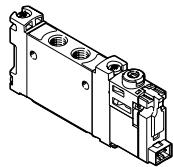

- 2x3/2-way valve
  - Normally open
  - Normally closed
  - 1x normally closed, 1x normally open
- 5/2-way valve
  - Single solenoid
  - Double solenoid
- 5/3-way valve
  - Mid-position pressurised
  - Mid-position exhausted
  - Mid-position closed

**Easy to install**

- Secure mounting on wall or H-rail
- Easy mounting, captive screws and seal
- Connection technology easy to change via the E-box
- Inscription label holder for labelling the valves

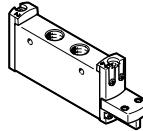

## Individual valves and valve manifolds

In-line valves as individual valve

In-line valve VUVG-LK/  
VUVG-L

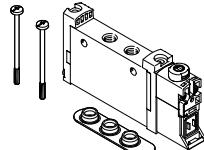

In-line valves are designed to be used without pneumatic links. All pneumatic connections are on the valve and can be equipped with fittings/tubing. The electrical connection is provided by different E-boxes.

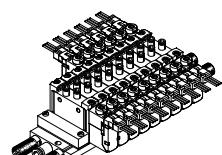

In-line valve VUVG-L to  
ISO 15218 (CNOMO)

The in-line valve VTUG-L-...-P1 to ISO 15218 is a solenoid valve without electrical pilot control. The basic valve with the pneumatic CNOMO interface to ISO 15218 can be equipped with type C connection (DIN EN 175301-803) or M12 connection (IEC 61076-2-101).

Semi in-line valves for manifold assembly

Semi in-line valve  
VUVG-S

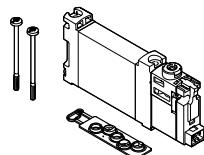

Valve manifold VTUG made up of  
semi in-line valves VUVG-S

The supply ports (1, 3 and 5) for semi in-line valves are connected to the valve by common pneumatic links (e.g. sub-base).

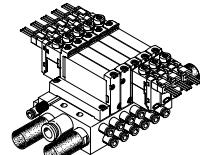

The working ports (2, 4) are on the valve.

The electrical connection is established via variable E-boxes.

Sub-base valves for manifold assembly

Sub-base valve VU-  
VG-BK/VUVG-B

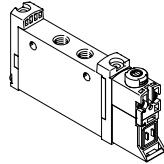

Valve manifold VTUG made up  
of sub-base valves VUVG-BK/  
VUVG-B

In the case of sub-base valves, the supply ports (1, 3 and 5) and the working ports (2, 4) are connected to the valve via the pneumatic links (e.g. sub-base).

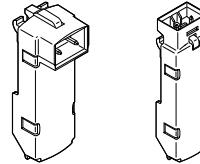

The electrical connection is established via variable E-boxes.

## Basic valves VUVG

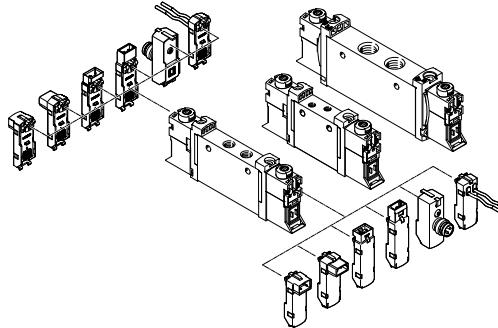

- Size 10, 14 and 18 mm
- In-line valves and semi in-line valves
- Sub-base valves
- 2x 3/2-way, 5/2-way and 5/3-way valves

## E-boxes

- 5, 12 and 24 VDC
- With or without holding current reduction
- LED

## Basic valve and E-box combinations

### Configurable product

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/...](http://www.festo.com/catalogue/)

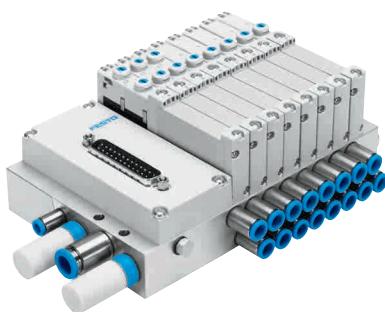

Enter the part number or the type.

The valve manifold is fully assembled according to your order specification and individually checked. This reduces assembly and installation time to a minimum.

Part no. 572230 Type VTUG-S

Universal valve terminals &gt;

## Valve terminals VTUG with multi-pin or fieldbus connection

- Up to 24 valve positions in a fixed grid
- Vacuum and pressure on one valve terminal
- Multiple different pressure zones on one valve terminal
- Flexible control cabinet installation
- Flow rate 330 ... 1200 l/min
- Size 10, 14, 18
- Pressure range -0.9 ... 10 bar

## Key features

### Innovative

- Festo-specific I-Port interface for bus nodes (CTEU)
- IO-Link mode for direct connection to a higher-level IO-Link master
- Festo-specific I-Port interface with interlock
- Flexible multi-pin plug connection using Sub-D or ribbon cable
- Reversible piston spool valves, up to 24 valve positions
- Reduced power consumption
- Excellent price/performance ratio

### Versatile

- Choice of quick plug connectors
- Multiple pressure zones possible
- Sub-D variant and fieldbus interface with protection to IP67
- Internal or external pilot air with the same manifold rail possible through the use of blanking plugs
- Sub-base valves with working ports underneath for installation in control cabinets

### Reliable

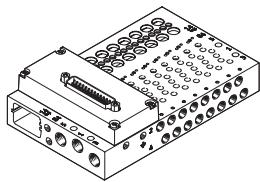

- Sturdy and durable metal components
  - Valves
  - Manifold rails
- Fast troubleshooting thanks to LED indicator
- Manual override: choice of non-detenting, detenting or covered

### Valve functions

- 3/2-way valve
  - Single solenoid
  - Normally open
  - Normally closed
- 2x 3/2-way valve
  - Single solenoid
  - Normally open
  - Normally closed
  - 1x normally closed, 1x normally open
  - Mechanical spring
  - Pneumatic spring
- 5/2-way valve
  - Single solenoid
  - Pneumatic/mechanical spring
  - Mechanical spring
  - Pneumatic spring
  - Double solenoid valve
- 5/3-way valve
  - Mid-position pressurised
  - Mid-position exhausted
  - Mid-position closed
- Reversible piston spool valves, up to 24 valve positions

## Electrical connection

### Multi-pin plug connection

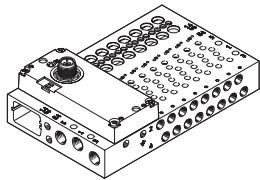

The signals are transmitted from the controller to the valve terminal via a pre-assembled or self-assembled multi-wire cable to the multi-pin plug connection.

This substantially reduces installation time compared to individually connected valves. The valve terminal can be equipped with max. 48 solenoid coils.

#### Versions:

- Sub-D connection
- Ribbon cable

### I-Port interface

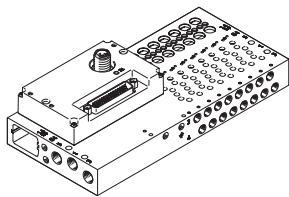

Festo-specific interface as a basis for bus nodes (CTEU) or in IO-Link mode for direct connection to a higher-order IO-Link master.

Communication and power supply take place via a common M12 interface.

#### Connection options:

- As I-Port interface for bus nodes (CTEU)
- In IO-Link mode for direct connection to an IO-Link master

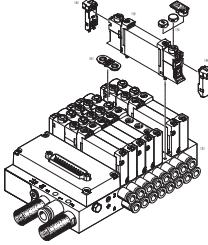

### I-Port interface with interlock

The interlock function enables the first 16 solenoid coils to be individually supplied externally.

The external supply guarantees the safety-related enabling of these valves.

### Valves with individual electrical actuation

The VTUG variant with multi-pin plug connection and fieldbus interface offers the additional option of individual electrical actuation of the valves.

### Configurable product

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/...](http://www.festo.com/catalogue/)

Enter the part number or the type.

Part no.      Type  
**573606**      **VTUG**

The valve terminal is fully assembled according to your order specifications and individually tested. This reduces assembly and installation time to a minimum.

Universal valve terminals &gt;

## Valve manifolds VTUS

- Sturdy valves with long service life  
VUVS → 187
- Individual electrical connection
- Pilot air supply in the manifold rail
- Comprehensive range of accessories

- Flow rate 600 ... 2300 l/min
- Sizes 20, 25, 30
- Pressure range –0.9 ... 10 bar

## Key features

## Innovative

- A reliable, sturdy valve with a long service life
- Design principle:
  - Piston spool with sealing ring (VUVS-LK)
  - Poppet seat, soft-sealing (VUVS-LT)
  - Piston spool with sealing cartridge (VUVS-L)
- Flow rate up to 1800 l/min with VUVS-LK and VUVS-LT
- Flow rate up to 2300 l/min with VUVS-L
- Wide range of valve functions

## Versatile

- Operating voltage can be easily altered by changing the solenoid coil (VUVS-L and VUVS-LT)
- In-line valves can be used as individual valves or manifold valves
- Flexible pressure zones
- Wide range of mounting options

## Reliable

- Ergonomic and safe operation
- Reliable servicing thanks to valves that can be replaced quickly and easily

## Easy to mount

- Pre-assembled units on rails
- Individual valves assembled ready for installation
- Common supply manifolds for mounting on one or both sides
- Secure mounting on wall or H-rail

## Valve functions

- Internal/external pilot air supply
- Reset via pneumatic/mechanical spring
- Direction of flow can be reversed in the case of external pilot air supply

## Equipment options

- VUVS-LK: 3/2-way and 5/2-way valves, with solenoid coil
- VUVS-LT: 3/2-way, 2x 3/2-way and 5/2-way solenoid valves, with or without solenoid coil
- VUVS-L: 3/2-way, 5/2-way and 5/3-way valves, with or without solenoid coil

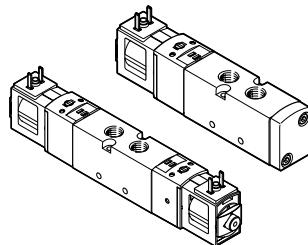

## Versions

- A maximum of 16 valve positions can be configured in the standard version (for VUVS-L variant only)
- A maximum of 12 valve positions can be configured in the compact version (maximum of 10 valve positions for VUVS-LK variant)
- Valve positions 2 ... 10 can be configured in increments of 1, valve positions 10 ... 16 in increments of 2
- Manifold block with a maximum of 10 valve positions
- Extension module with 2 valve positions
- Common supply manifold with a maximum of 10 valve positions
- Creation of pressure zones (maximum 9 pressure zones in the case of a valve manifold with 16 valve positions)

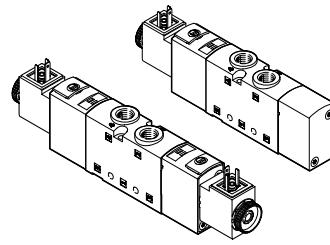

## Solenoid valves VUVS

In-line valves are designed to be used without pneumatic links. All pneumatic connections are on the valve and can be equipped with fittings/tubing.

In-line valve VUVS-LK as individual valve (piston spool valve)

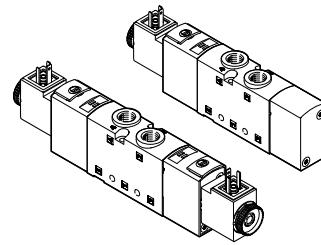

In-line valve VUVS-LT as individual valve (poppet seat valve)

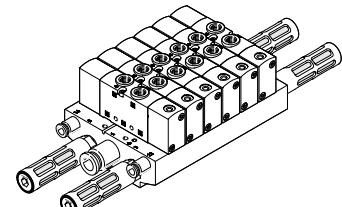

By using a special seal set, the in-line valves can also be mounted on a manifold rail (pneumatic links) as semi in-line valves.

In-line valve VUVS-L as individual valve (piston spool valve)

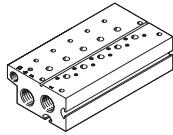

Valve manifold VTUS

## Connection blocks

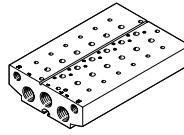

### Standard manifold block

For 3/2-way valves

- Connection Size 20: G3/8 Size 25: G1/2 Size 30: G3/4
- For valves with external pilot air supply
- Maximum 10 valve positions

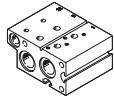

For 5/2-way and 5/3-way valves

- Connection Size 20: G3/8 Size 25: G1/2 Size 30: G3/4
- For valves with external pilot air supply
- Maximum 10 valve positions

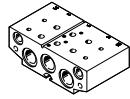

### Manifold block extension module, for standard manifold block

For 3/2-way valves

- Connection Size 20: G3/8 Size 25: G1/2 Size 30: G3/4
- Maximum two valve positions

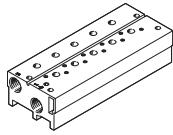

For 5/2-way and 5/3-way valves

- Connection Size 20: G3/8 Size 25: G1/2 Size 30: G3/4
- Maximum two valve positions

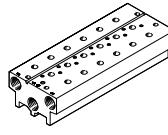

### Compact manifold block

For 3/2-way valves

- Connection Size 20: G1/4 Size 25: G3/8 Size 30: G1/2
- Maximum 10 valve positions

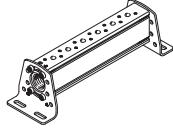

For 5/2-way and 5/3-way valves

- Connection Size 20: G1/4 Size 25: G3/8 Size 30: G1/2
- Maximum 10 valve positions

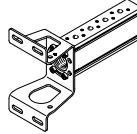

### Common supply manifold

Mounting on both sides

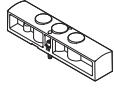

- Connection Size 20: G3/8 Size 25: G1/2 Size 30: G3/4
- Maximum 10 valve positions

Mounting on one side

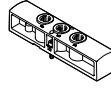

- Connection Size 20: G3/8 Size 25: G1/2 Size 30: G3/4
- Maximum 4 valve positions

### Cover plate for vacant position

For covering vacant valve positions

For additional air supply and exhaust via a valve position

### Separator for pressure zones

For creating pressure zones (maximum 9 pressure zones permitted)

#### Configurable product

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/...](http://www.festo.com/catalogue/)

Enter the part number or the type.

Part no.	Type	Size	Standard nominal flow rate
577304	VTUS-20	20	600 ... 700 l/min
8022016	VTUS-25	25	1000 ... 1300 l/min
8022019	VTUS-30	30	1600 ... 2300 l/min

The valve manifold is fully assembled according to your order specifications and individually tested. This reduces assembly and installation time to a minimum.

Universal valve terminals &gt;

## Valve terminals MPA-S with CPX terminal

- Actuated via fieldbus or control block
- Max. 64 valve positions/max. 128 solenoid coils
- Digital inputs/outputs
- Analogue inputs/outputs
- Parameterisation of inputs and outputs
- Integrated convenient diagnostic system
- Proportional technology
- Integrated, high-level diagnostics thanks to serial linkage
- Up to 8 voltage zones
- Flow rate 360 ... 700 l/min
- Width 10 mm, 14 mm, 20 mm
- Pressure range -0.9 ... 10 bar

## Key features

### Innovative

- Compact high-performance valves in sturdy metal housing
- MPA1 Flow rates of up to 360 l/min
- MPA14 Flow rates of up to 670 l/min
- MPA2 Flow rates of up to 840 l/min
- Standardised from the individual valve to the valve terminal multi-pin plug, AS-Interface, CPI and fieldbus connection and control block
- Dream team: fieldbus valve terminal suitable for electrical peripherals CPX. This means:
  - Forward-looking internal communication system for actuating the valves and CPX modules
  - Diagnostics down to the individual valve
  - Valves can be actuated with or without (standard) separate electrical circuits

### Versatile

- Modular system offering a range of configuration options
- Expandable with up to 128 solenoid coils
- Conversions and extensions possible at a later date
- Further sub-bases can be expanded using just three screws, sturdy separating seals on metal separator plates
- Integration of innovative function modules possible
- Manual regulators, swivelling pressure gauges
- Proportional pressure regulators
- Air supply can be extended via additional pressure zones with supply plates
- Wide range of pressures -0.09 ... 1 MPa
- Wide range of valve functions

### Reliable

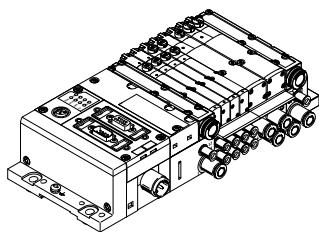

- Sturdy and durable metal components
  - Valves
  - Sub-bases
  - Seals
- Fast troubleshooting thanks to LEDs on the valves and diagnostics via fieldbus
- Extensive operating voltage range ±25%
- Easy to service thanks to replaceable valves and electronic modules
- Manual override either non-detenting, detenting or protected against unauthorised activation (covered)
- Durable thanks to tried-and-tested piston spool valves
- Large and durable labelling system, suitable for barcodes

### Easy to mount

- Ready-to-install and tested unit
- Reduced selection, ordering, installation and commissioning costs
- Secure mounting on wall or H-rail

## Electrical connection options

Fieldbus connection via the CPX system

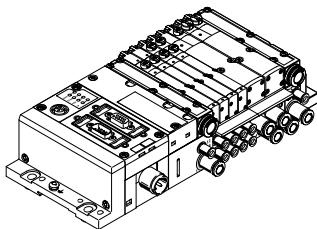

An integrated fieldbus node manages the communications connection with a higher-order PLC. This enables a space-saving pneumatic and electronic solution.

Valve terminals with fieldbus interfaces can be configured with up to 16 sub-bases. In combination with the MPA1 or MPA14 and 8 solenoid coils per sub-base, up to 128 solenoid coils can thus be controlled. An MPA2 with 4 solenoid coils per sub-base can actuate 64 solenoid coils.

Versions:

PROFIBUS-DP, INTERBUS, DeviceNet, CANopen, CC-LINK, EtherNet/IP, EtherCAT, Modbus/TCP, PROFINET, POWERLINK, Sercos III, Front End Controller Remote, Front End Controller, Remote I/O, CPX terminal

Control block connection via the CPX system

Controllers integrated in the Festo valve terminals enable the design of stand-alone control units to IP65, without control cabinets.

In the slave operating mode, these valve terminals can be used for intelligent preprocessing and are therefore ideal modules for designs using decentralised intelligence.

In the master operating mode, terminal groups can be designed with many options and functions that can autonomously control a medium-sized machine/system.

### Configurable product

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/...](http://www.festo.com/catalogue/)

Enter the part number or the type.

The valve terminals are fully assembled according to your order specifications and are individually tested. This reduces assembly and installation time to a minimum.

Electrical peripherals &gt;

## Automation system CPX-AP-I

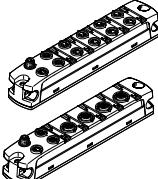

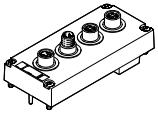

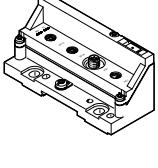

- Decentralised remote I/O system
- Ultra-lightweight and compact
- IO-Link master and IO-Link device tool
- Short bus cycle times up to 250 µs
- 2 kByte of I/O process data
- Parallel data processing of real-time and non-real-time data
- Theoretically up to 500 modules in line, star and tree topology
- Cable lengths up to 50 m between modules
- Best price/performance ratio by combining valve terminals and decentralised I/Os

## Product overview

### Software-Tools

<b>Festo Design Tool 3D</b>		The Festo Design Tool 3D is a 3D product configurator for generating specific CAD product combinations from Festo. The configurator makes your search for the right accessory easier, more reliable and faster.  You can then order the module that has been created as a single order item, either completely pre-assembled or as individual parts in a single box. This considerably reduces your bill of materials, and downstream processes such as product ordering, order picking and assembly are significantly simplified.
This tool can be found at → <a href="http://www.festo.com/x/festo-design-tool">www.festo.com/x/festo-design-tool</a>

- Switching output NPN, PNP, PNP/NPN switchable, contactless, 2-wire
- Insertable in the slot from above, does not protrude beyond the cylinder profile
- Suitable for use with energy chains and robots
- Cable clip and inscription labels included in the scope of delivery
- With switching status indication

Pressure and vacuum sensors &gt;

## Pressure sensors SPAN

- For network monitoring, regulator monitoring, leak test and object detection
- Relative method of measurement, based on a piezoresistive measuring cell
- Serial communication integrated using IO-Link® 1.1
- Compact design
- High-contrast display

## Accessories

### Pressure sensor

- [1] SPAE-...-S...
- [2] SPAE-...-F...
- [3] SPAE-...-Q...

- [4] Blanking plug, for SPAE-...-Q... (included in the scope of delivery)
- [5] Plug NECU-S-M8G3-HX-Q3, SEA-4GS-7-2,5 → spae
- [6] Mounting clip SAMH-PE-MC-1 → spae
- [7] Mounting clip SAMH-PE-MC-8 → spae

## Flow sensors SFAH

- High measuring dynamics (1:50)
- Measurement method is based on the thermal heat-transfer method
- Clear 2-line display
- Intuitive menu navigation
- L1 and M8 plugs for fast commissioning
- High pressure range -0.9 bar ... 10 bar
- Degree of protection IP40 or IP54
- Switching output 2 x PNP or 2 x NPN, switchable
- N/C or N/O, switchable

- SOOD
- Diffuse sensors SOOD-BS
  - Retro-reflective sensors SOOD-RS
  - Light barriers SOOD-TB
- For very tight application environments

- SOOE
- Diffuse sensors SOOE-BS, SOOE-DS, SOOE-KS
  - Distance sensors SOOE-MS
  - Retro-reflective sensors SOOE-RG, SOOE-RS
  - Light barriers SOOE-TB
- IO-Link® interface
- Highly precise multi-pixel technology (MPT)

#### Diffuse sensors SOOD-BS

- Diffuse sensor with background suppression
- The switching distance is set using optical triangulation
- Switching distance virtually independent of colour and surface
- Can also be used with a shiny or reflective background
- Detection of small differences in distance
- Easy adjustment

#### Retro-reflective sensors SOOD-RS

- Retro-reflective sensors with two lenses
- Particularly economical

#### Light barriers SOOD-TB

- Through-beam sensors
- Transmitter and receiver in different housings
- Most reliable principles in harsh ambient conditions

#### Diffuse sensors SOOE-BS

- Diffuse sensor with background suppression
- The switching distance is set using optical triangulation
- Switching distance virtually independent of colour and surface
- Can also be used with a shiny or reflective background
- Detection of small differences in distance
- Easy adjustment

#### Diffuse sensors SOOE-DS

- Cheaper
- Longer switching distance
- More reliable for detecting only slightly reflective objects

#### Diffuse sensors SOOE-KS

- Highly precise, energetic contrast sensor
- Detects small contrast differences within a working range up to 120 mm

#### Distance sensors SOOE-MS

- Sensors evaluate the distance and transfer the value via IO-Link®

#### Retro-reflective sensors SOOE-RG

- Retro-reflective sensors with auto-collimation
- No blind zone
- High precision across the entire sensing range
- Radially symmetrical sensing range
- Good repeatability
- Low hysteresis
- Particularly suitable for transparent objects

#### Retro-reflective sensors SOOE-RS

- Retro-reflective sensors with two lenses
- Particularly economical

#### Light barriers SOOE-TB

- Through-beam sensors
- Transmitter and receiver in different housings
- Most reliable principles in harsh ambient conditions

## Product overview

### Software-Tools

<b>Air consumption</b>		<p>Calculate your system's air consumption quickly and conveniently.</p> <p>Simply enter all the drives and tubing, set the cycle times and working pressure and the air consumption per minute and per day will be calculated for you. It includes a feature for exporting the input table together with the result directly to Excel.</p> <p>This tool can be found at  <a href="http://www.festo.com/x/air-consumption">→ www.festo.com/x/air-consumption</a></p>
<b>Configurator</b>		<p>Design a product with numerous features reliably and quickly with the help of the configurator.</p> <p>Select all the required product features step by step. The use of logic checks ensures that only correct configurations are available for selection.</p> <p>A dynamic graphic generated on the basis of the configuration provides a visual aid for selecting the correct product features.</p> <p>This tool can be found at  <a href="http://www.festo.com/x/service-unit-sizing">→ www.festo.com/x/service-unit-sizing</a></p>

## Customised components – for your specific requirements

### Components for compressed air preparation with customised designs

Can't find the compressed air preparation components you need in our catalogue?

We offer you customised components that are tailored to your specific requirements.

Common product modifications:

- Modified pressure range
- Rotary knob: in a special colour, with protection against rotation
- Fitting: integrated throttling port, special thread
- Tubing with special printing
- Pressure gauge with red-green range

Many additional variants are possible.

Ask your Festo sales engineer, who will be happy to help:

→ [www.festo.com/contact](http://www.festo.com/contact)

Service units &gt; MS series &gt;

## Service unit combinations MSB4/MSB6, MS series

- For filtered and unlubricated compressed air
- Supply pressure can be opened and closed
- Output pressure is infinitely adjustable within the pressure regulation range
- Flow rate 800 ... 4800 l/min
- Operating pressure 1.5 ... 20 bar
- Grade of filtration 0.01 ... 40 µm
- Manual condensate drain

## Combinations comprising:

- ① Manually operated on/off valve, filter regulator with lockable pressure gauge, mounting bracket
- ② Manually operated on/off valve, filter regulator with lockable pressure gauge, branching module with pressure switch, mounting bracket
- Electrical pressure monitoring with adjustable switching pressure

- ③ Manually operated on/off valve, filter regulator with lockable pressure gauge, electrically actuated on/off valve with pressure sensor for operational status indicator, mounting bracket
- Electrical pressure monitoring with adjustable switching pressure
  - When the unit is switched off, quick exhausting ensures rapid pressure reduction

Filter regulators/lubricators &gt; MS series &gt;

## Service unit combinations MSB4/MSB6-FRC, MS series

- Filter, regulator and lubricator functions in a single unit
- High flow rate and highly efficient in removing contaminants
- Good regulation characteristics with minimal pressure hysteresis
- Set values are secured by locking the rotary knob
- Flow rate 850 ... 4800 l/min
- Operating pressure 1.5 ... 20 bar
- Grade of filtration 40 µm
- Manual condensate drain

Filter regulators &gt; MS-B series &gt;

## Filter regulators MS2/MS4/MS6-LFR-B, MS-B series

- Very compact and extremely light-weight series for use close to the process directly in the machine
- Filter and pressure regulator in a single unit
- For stepless, precise adjustment of the required operating pressure
- Flow rate 140 ... 5300 l/min
- Operating pressure 1 ... 10 bar
- Grade of filtration 5 µm, 40 µm
- Manual or fully automatic condensate drain

6	<b>MS6-MV1</b>	<b>8119204</b>

Filter regulators &gt; MS series &gt;

## Filter regulators MS4/MS6/MS12-LFR, MS series

- Filter and pressure regulator in a single unit
- Good regulation characteristics with minimal hysteresis and primary pressure compensation
- Good particle and condensate separation
- Flow rate 850 ... 17000 l/min
- Operating pressure 0.8 ... 20 bar
- Grade of filtration 5 µm, 40 µm
- Manual or fully automatic condensate drain
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Product options

- Size 9, grid dimensions 90 mm
- Pneumatic connection
  - Connecting plate
  - Module without connecting thread, without connecting plate
- Pressure regulation range 0.3 ... 4 bar
- Condensate drain
  - Semi-automatic
  - External fully automatic condensate drain
- Pressure gauge alternatives
- Alternative pressure gauge scale

- Without secondary exhaust
- Long rotary knob
- Lockable
  - None
  - With integrated lock
- With mounting bracket
- EU certification: II 2GD to EU Explosion Protection Directive (ATEX)
- UL certification
- Flow direction from right to left

## Accessories

- [6] Mounting bracket MS4/6-WR → 281
- [7] Hex nut MS4/6-WRS → ms4-wrs
- [8] Cover plate VS → ms4-lfr
- [9] Adapter plate for EN pressure gauge → ms4-lfr
- [10] Pressure gauge MA → ms4-lfr
- [11] Pressure sensor without display → ms4-lfr
- [12] Connecting cable NEBU-M8...-LE3 → 304
- [13] Pressure sensor with display → ms4-lfr
- [14] Connecting cable NEBU-M8...-LE3/NEBU-M12...-LE4 → 304
- [15] Fully automatic condensate drain, electrically actuated → ms4-lfr
- [16] Padlock LRV5-D → ms4-lfr

Mounting bracket  
MS4/MS6-WP, MS4/MS6-WPB,  
MS4/MS6-WPM → 281  
MS4/6-WPE → ms4-wpe  
Filter cartridge MS-LFP → 281

[3] Module connector MS-MV		
Size	Type	Part no.
4	MS4-MV1	8119201
6	MS6-MV1	8119204

Module connector MS-MVM		
Size	Type	Part no.
For installing modules with regulator knob pointing downwards		
4	MS4-MVM	532800
6	MS6-MVM	532801

[4] Mounting bracket MS-WB		
Size	Type	Part no.
For wall mounting		
4	MS4-WB	532185
6	MS6-WB	532196

[6] Mounting bracket MS-WR		
Size	Type	Part no.
For wall mounting		
4	MS4-WR	526064
6	MS6-WR	526075

Mounting bracket MS-WP		
Size	Type	Part no.
For wall mounting		
4	MS4-WP	532184
6	MS6-WP	532195

Mounting bracket MS-WPB		
Size	Type	Part no.
For wall mounting		
4	MS4-WPB	526063
6	MS6-WPB	526074

Mounting bracket MS-WPM		
Size	Type	Part no.
For wall mounting		
4	MS4-WPM-D	526060
6	MS6-WPM-D	526073

Filter cartridge MS-LFP		
Size	Type	Part no.
Grade of filtration 5 µm		
4	MS4-LFP-C	534501
6	MS6-LFP-E	534499

Pressure regulators &gt; MS-B series

## Pressure regulators MS2/MS4/MS6-LR-B, MS-B series

- Very compact and extremely light-weight series for use close to the process directly in the machine
- Maintains a constant working pressure independent of pressure fluctuations and air consumption
- Stable control behaviour
- Integrated secondary exhaust and primary exhaust with return flow function
- Flow rate 170 ... 6000 l/min
- Operating pressure 1 ... 10 bar

Pressure regulators &gt; MS series &gt;

## Pressure regulators MS4/MS6/MS12-LR, MS series

- Maintains a constant working pressure independent of pressure fluctuations and air consumption
- High flow rate with minimal pressure drop
- Flow rate 1000 ... 22000 l/min
- Operating pressure 0.8 ... 20 bar
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Product options

- Size 9, grid dimensions 90 mm
- Pneumatic connection
  - Female thread G1/8, G3/8, G3/4, G1
  - Connecting plate
  - Module without connecting thread, without connecting plate
- Pressure regulation range
  - 0.5 ... 16 bar
  - Max. 16 bar, pneumatically actuated
  - 0.15 ... 6 bar, electrically actuated
- Regulator type: directly actuated
- Pressure gauge alternatives
- Alternative pressure gauge scale

- Without secondary exhaust
- Rotary knob alternatives
  - Rotary knob underneath
  - Long rotary knob
  - Rotary knob pressure gauge, small
  - Rotary knob pressure gauge, large
- Lockable
  - None
  - With integrated lock
- With mounting bracket
- EU certification: II 2GD to EU Explosion Protection Directive (ATEX)
- UL certification
- Flow direction from right to left

Mounting bracket

MS4/MS6-WPM → 281

MS4/6-WPE → ms4-wpe

Compressed air distributors &gt; MS series &gt;

## Branching modules MS4/MS6-FRM, MS series

- Compressed air distributors with 4 connections
- Can be used as an intermediate distributor for varying air qualities
- Outlet at top and bottom
- Flow rate 1200 ... 14700 l/min
- Operating pressure 0 ... 20 bar

## Order code – Basic design

## Product options

- Size
  - 12, grid dimensions 124 mm
- Additional connection sizes
- With integrated non-return function
- Pressure gauge/pressure gauge alternatives
- Alternative pressure gauge scale
- With pressure switch
- With mounting bracket
- EU certification
- UL certification
- Flow direction from right to left

 Configurable product

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/...](http://www.festo.com/catalogue/)

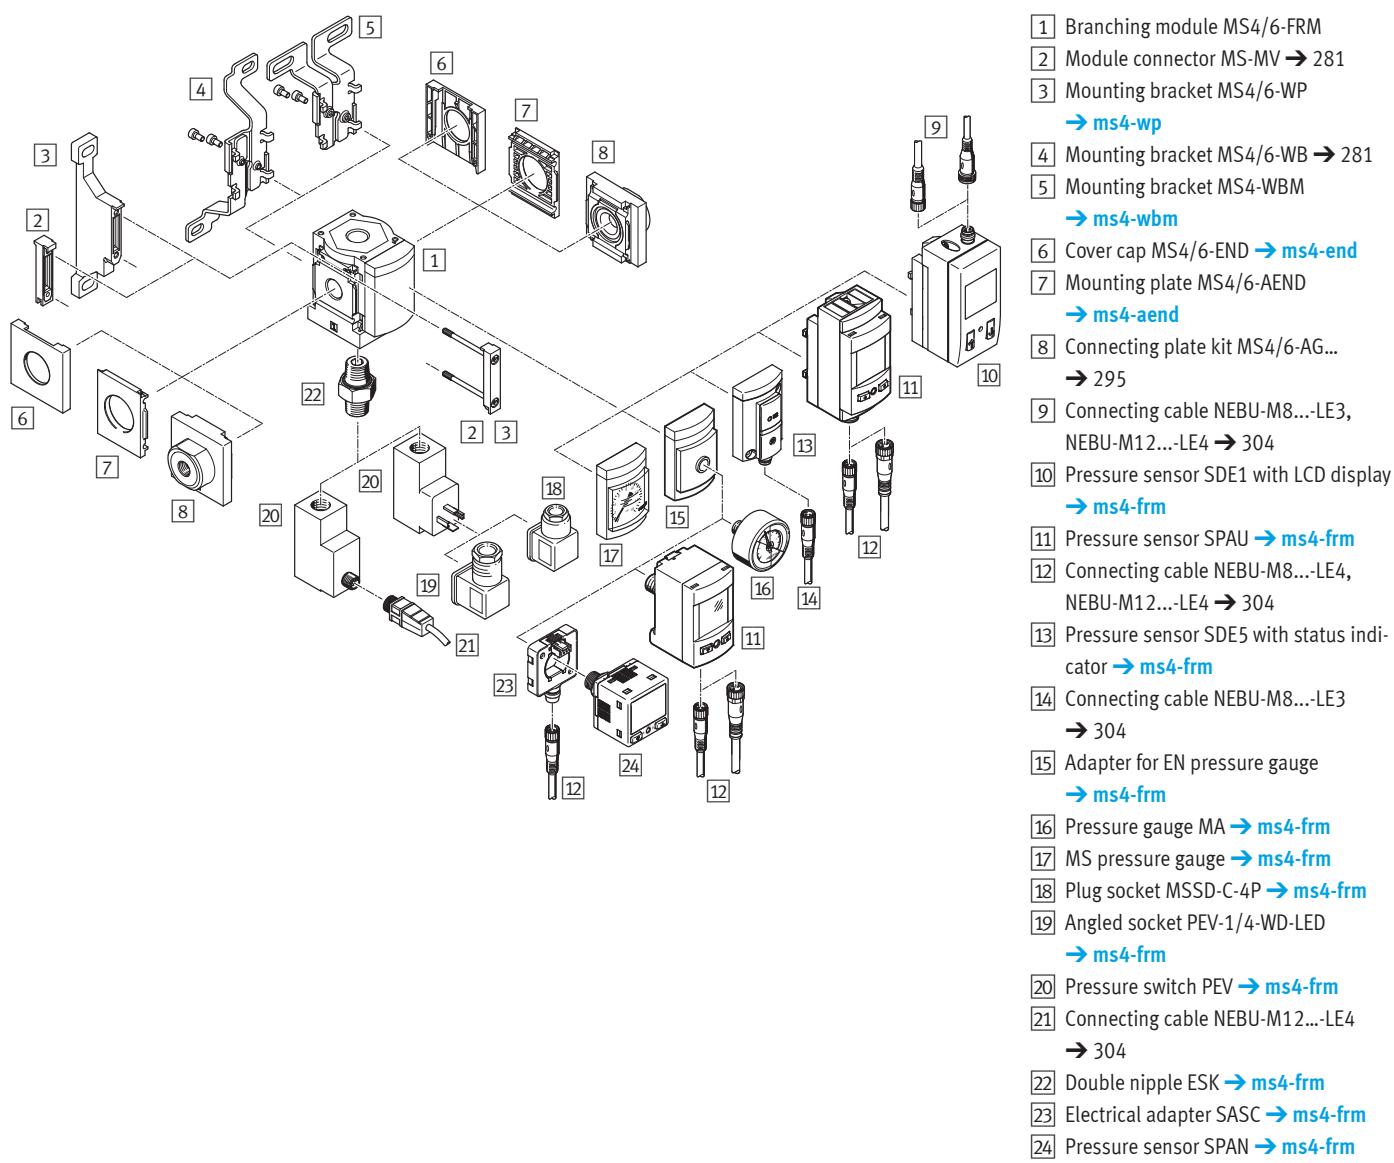

Enter the part number or the type.

Part no.	Type	Standard nominal flow rate	Operating pressure
527703	MS4-FRM	1200 ... 4600 l/min	0 ... 14 bar

## Product overview

### Software-Tools

#### Configurator for connecting cables

Design a product with numerous features reliably and quickly with the help of the configurator.

Select all the required product features step by step. The use of logic checks ensures that only correct configurations are available for selection.

A dynamic graphic generated on the basis of the configuration provides a visual aid for selecting the correct product features.

You will find the configurator

1. at [www.festo.com/catalogue/nebu](http://www.festo.com/catalogue/nebu)
2. Click on the product
3. Click on the blue „Configure product“ button

<b>Description</b>	<ul style="list-style-type: none"> <li>For valves with F, D, N1, V, E, EB, N2, Y, Z, ZB, ZC, MD-2 and MH-2 solenoid coils</li> <li>For connecting individual valves</li> <li> Optionally with LED indicator</li> </ul>	
<b>→ Page/online</b>	<a href="#">mssd</a>	

The configurable connecting cables offer unlimited combinations in terms of plug sockets, cable lengths, cable qualities and plugs. They match all devices with M8 and M12 plugs such as proximity switches, position transmitters, pressure and flow sensors, optical and inductive sensors as well as individual valves. Cable

lengths are freely selectable within a range of 0.1 ... 30 m.

The ends and middle pieces can also be freely selected for maximum customisation.

## Basic

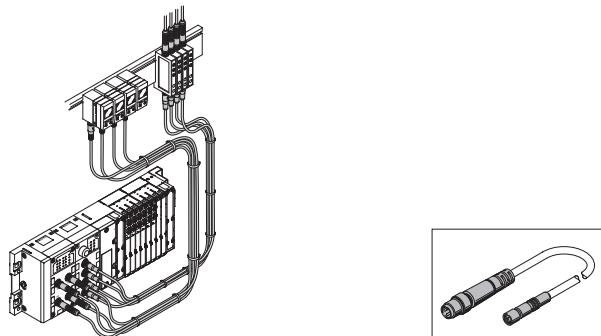

### Applications

Static installation, no or small mechanical load

### Properties of basic cables

Price-optimised cable for simple, mainly static applications

## Standard

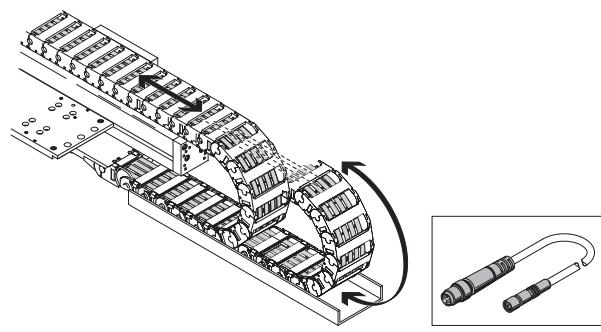

### Applications

Low to average mechanical load, energy chains with large radius  $\geq 75$  mm

### Properties of standard cables

Good oil resistance, good bending properties, suitable for use with energy chains

## Energy chain

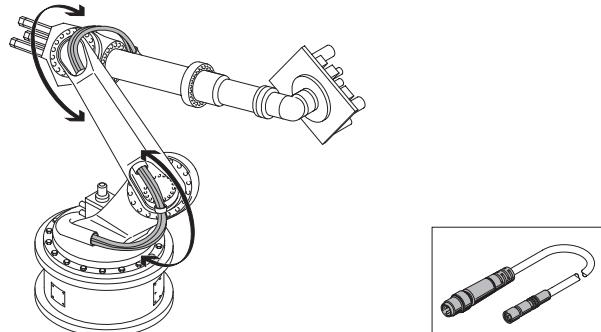

### Applications

Energy chain applications involve high mechanical loads, particularly if very small radii are required.

### Properties of cables suitable for use with energy chains

Very good oil resistance, very good bending properties, highly suitable for energy chains, halogen-free

## Robot

### Applications

Robot applications involve high mechanical loads that are primarily caused by torsion.

### Properties of robot cables

Very good oil resistance, very good bending properties, suitable for use with energy chains, halogen-free

The technical data as well as an overview of the range of options for the connecting cables NEBU can be found online

Plastic tubing

**PUN-H**

- + Wide choice of variants
- + PUN-H: high resistance to microbes and hydrolysis and approved for use in the food industry
- + PUN-H-T: translucent black, blue, green, red, yellow

→ 314

Push-in fittings

**QSM, QS**

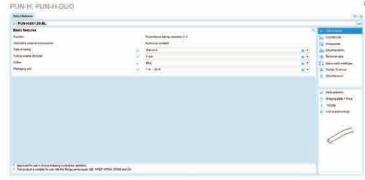

- + QSM: mini series for maximum component density in small installation spaces
- + QS: standard series for maximum flexibility in standard applications

→ 317, 319

## Product overview

### Software-Tools

<b>Configurator for tubing</b> 	<p>Design a product with numerous features reliably and quickly with the help of the configurator.</p> <p>Select all the required product features step-by-step. The use of logic checks ensures that only correct configurations are available for selection.</p> <p>You can find the configurator for the product you want</p> <ol style="list-style-type: none"> <li>1. at <a href="http://www.festo.com/catalogue/tubing">www.festo.com/catalogue/tubing</a></li> <li>2. by selecting the product you want</li> <li>3. and clicking on the blue "Configure product" button</li> </ol>
<b>Festo Design Tool 3D</b> 	<p>The Festo Design Tool 3D is a 3D product configurator for generating specific CAD product combinations from Festo.</p> <p>The configurator makes your search for the right accessory easier, more reliable and faster. You can then order the module that has been created as a single order item, either completely pre-assembled or as individual parts in a single box.</p> <p>This considerably reduces your bill of materials, and downstream processes such as product ordering, order picking and assembly are significantly simplified.</p> <p>This tool can be found at  <a href="http://www.festo.com/x/festo-design-tool">www.festo.com/x/festo-design-tool</a></p>

## Overview: Tubing/fitting combinations

## Everything from a single source – for the ideal combination

Our range of tubing and fittings covers every conceivable task. Regardless of whether your selection is determined by standard requirements or extreme condi-

tions such as heat, welding spatter, high pH values or resistance to hydrolysis – at Festo you'll always find the right tubing/fitting combination.

## Tubing

→ [www.festo.com/productfinder/fittings](http://www.festo.com/productfinder/fittings)

Tubing &gt; Standard O.D. tubing &gt;

## Plastic tubing PUN-H, hydrolysis-resistant

- Extremely flexible polyurethane tubing
- Suitable for energy chains
- Operating media: compressed air, vacuum, water
- PUN-H-T: transparent version for greater safety, e.g. solid particles can be detected immediately
- Individual configuration for plastic tubing

## Product options

## Materials:

PUN (Standard) polyurethane

## Certifications:

CM	Anti-static
V0	Flame-retardant to UL 94 V0
R	Sturdy
MF	Automotive approval certificate
VOC	Resistant to welding spatter

## Paired tubing:

DUO DUO tubing

## Colours:

GN	Green
RT	Red
WS	White
GE	Yellow
BR	Brown
BS	Blue/Black

## Packaging units:

100 m, 200 m, 300 m, 400 m, 500 m

## Push-in fittings/connectors NPQH

- All metal push-in fitting/connector made of chemically nickel-plated brass
- High corrosion and chemical resistance
- FDA-compliant for the food and packaging industry (see → [www.festo.com/certificates/NPQH](http://www.festo.com/certificates/NPQH))
- For pneumatic applications with a temperature range up to 150 °C and a pressure range up to 20 bar

S12	Push-in sleeve 12 mm
S14	Push-in sleeve 14 mm
008	Packaging unit
P10	10 pieces

## Product options

Additional features:

S Rotatable

LS Long, rotatable

This product and all its product options can be ordered online via the configurator:

→ [www.festo.com/catalogue/npqh](http://www.festo.com/catalogue/npqh)

## Threaded fittings NPFC

- Nickel-plated brass
- Resistant to mechanical loads
- For service units, control cabinet construction or the easy installation of pneumatic controllers
- For pneumatic applications with a temperature range up to 150 °C and a pressure range up to 50 bar

## Order code

- Corrosion-resistant
- Volume up to 20 l
- Compensation of pressure fluctuations and as accumulators in the event of sudden air consumption
- Providing large volumes of compressed air for supplying fast-pulsing drives
- CRVZS-5, -10 and -20 according to EU Pressure Equipment Directive
- Optionally with condensate drain

Solenoid valves VZWM	380
Ball valve actuator units VZBM	382
Filter regulators PCRP	384

## Standardising and automating process valves

Fully automated process valves from a single source make planning, procurement and commissioning significantly easier and cost effective. They eliminate a considerable amount of project management work, reduce warehousing costs for spare parts, and speed up service and maintenance.

### Quarter turn actuator DFPD

The new benchmark for quarter turn actuators. Its range of variants and standardised hole patterns to NAMUR VDI/VDE 3845 for pilot valves open up a wide variety of possible applications.

→ 351

### Position sensing for all application areas

Whether an open solution with the sensor SRBG, the sturdy limit switch attachment SRBC for basic applications indoors and outdoors or the allrounder SRBE for explosion-proof areas. Festo always has the right solution.

→ 358

### Alternative to the limit switch box: the positioners CMSX and CMSH for analogue control, for example for flow rates

The CMSX can be used for basic position control tasks, while the CMSH is suitable for highly challenging control with 2-conductor connection technology.

→ 349

### Standard NAMUR valve VSNC

Controls quarter turn actuators and linear actuators with a VDI/VDE 3845 interface. Globally certified in accordance with current Ex standards. Now also available with poppet valve technology.

→ 173

### Pilot valves VOFC/VOFD

An extremely sturdy alternative to the valve VSNC. Ideal for outdoor areas and potentially explosive atmospheres. The extremely sturdy VOFC/VOFD can control valve actuators in the chemical, petrochemical and pharmaceutical production plants of leading companies worldwide.

→ 347

### Configurator for butterfly valve unit KVZA, ball valve unit KVZB, drive unit KDFP

Software tools for easy selection and configuration of process valve units.

→ [www.festo.com/process](http://www.festo.com/process)

We offer a wide selection of tubing and fittings for a broad range of applications, from standard applications to applications with specific external influences.

→ Pneumatic connection technology

→ 308

You can find the appropriate components here:

## Product overview

### Software-Tools

**Process Valve Automation Tool (PVA-Tool) engineering software**

User-friendly software for sizing and selecting the appropriate quarter turn actuators for automating butterfly and ball valves

The torque curve of the selected actuator will be displayed for visual confirmation. The specifications for the application can be changed at any time and the results will be automatically adjusted in line with the new requirements.

You can find the engineering software at  
→ [www.festo.com/x/engineering](http://www.festo.com/x/engineering)

## Limit switch attachments SRBC

- Measuring principle: electromagnetic, magnetic reed or inductive
- Switching element function: toggle switch, single-pole (SPDT), N/C or N/O
- For DC and AC voltage
- Pre-assembled mounting adapter
- Ambient temperature  $-40^{\circ}\dots +80^{\circ}\text{C}$
- Cable connector and blanking plug included in the scope of delivery
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Limit switch attachments SRBG

SRBG-...-M12

SRBG-...-C2

- Inductive double sensor
- Direct mounting on quarter turn actuators to VDI/VDE 3845
- No adjustment is necessary when mounting the sensor
- Suitable for clockwise and anticlockwise rotating actuators in the setting range 0 ... 180°
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

## Positioners CMSX

- Positioners for single-acting and double-acting pneumatic quarter turn actuators and double-acting linear actuators in process automation systems
- High process reliability thanks to analogue and digital feedback signals
- Fail-safe or fail-in-place safety function
- Extremely energy-efficient: no internal air consumption at rest
- For automated butterfly valves, ball valves, bulk goods deflectors, etc.

Positioner, external displacement/angle detection		130 l/min		CMSX-P-S-C-U-F1-D-50-C	3929315
				CMSX-P-SE-C-U-F1-D-130-C	3929540

1) Failure of the operating voltage supply or the setpoint specification.

Combinations <sup>2)</sup> of positioners and actuators			
Positioners CMSX	Quarter turn actuator DFPD → 368	Quarter turn actuator DAPS → daps	Linear actuator DFPI → dfpi
008 Flow rate	Size	Size	Piston Ø
50 l/min	≤160	≤180	–
130 l/min	≥240	≥240	≥100

2) The precise selection of the positioner for the actuator is dependent on the specific application. Please consult your local Festo contact.

## Accessories

- [1] Positioner CMSX → 362
- [2] Silencer U, polymer, male thread → 343
- [3] Silencer UC, for reducing noise at valve exhaust ports → uc
- [4] Push-in fitting QS → 319
- [5] Mounting adapter DARQ, for mounting on standards-based actuators according to VDI/VDE 3845 → 363
- [6] Quarter turn actuator DFPD → 368
- [7] Adapter kit DADG, for direct mounting of a positioner on the linear actuator DFPI → dadg
- [8] Linear actuator DFPI → dfpi

## [5] Mounting adapter DARQ

	Size	Type	Part no.
	AA 1 to VDI/VDE 3845	DARQ-K-P-A1-F05-20-R1	2197135
	AA 2 to VDI/VDE 3845	DARQ-K-P-A1-F05-30-R1	2197136

## Valve positioners CMSH

- Highly dynamic positioning system with high air output for fast and precise control of both small and large actuators without additional instruments
- Large display with plain text and rotatable reading direction for ease of operation
- Fail-safe or fail-in-place safety function
- Low internal air consumption
- Setup wizard for efficient and easy commissioning

## Linear actuators DFPC

- Sturdy tie rod design
- Sizes Ø80 ... Ø320 mm
- Stroke length 10 ... 1600 mm
- Mounting interface in accordance with ISO 5210 or ISO 15552, with extended tie rods
- Operating pressure 0.06 ... 0.8 MPa, 0.6 ... 8 bar
- Ambient temperature -20 ... +80 °C
- Selected types in accordance with ATEX directive for potentially explosive atmospheres

Actuators &gt;

## Quarter turn actuators DFPD

- Suitable for the automation of butterfly valves, ball valves and air dampers
- Also suitable for water/wastewater, beverage and pharmaceutical industries as well as process automation
- Size 10 ... 2300
- Torque 10 ... 2200 Nm
- Swivel angle 90°, 120°, 135°, 180°
- Flange hole pattern to ISO 5211
- Port pattern to NAMUR VDI/VDE 3845 for mounting solenoid valves, position sensors and positioners

Process valves &gt;

## Angle seat valves VZXA

- Suitable for virtually all media
  - High chemical and thermal resistance
  - Modular design
  - Hygienic design, insensitive to dirt
  - Long service life
  - Quick and easy maintenance
  - High flow rates can be achieved
  - Selected types in accordance with ATEX directive for potentially explosive atmospheres

<b>[3] Pilot valve VOFX</b>		
Description	Type	Part no.
3/2-way, single solenoid, closed	VOFX-LT-M32C-MY-G18-SG18-1B2	8119587

<b>[7] Position indicator SAMH</b>		
Description	Type	Part no.
Without sensors	SAMH-F12-MK	8092711
With 2 sensors with explosion protection and a high level of IP protection <sup>1)</sup>	SAMH-F12-MK-A2	8101084

<b>[4] Stroke reduction VAVA</b>		
Description	Type	Part no.
Opening stroke limitation		
Stop with adjustable threaded pin, only for flow beneath the seat	VAVA-F12-H-H1	8089993
Stop with adjustable shock absorber	VAVA-F12-H-H6	8107369

VZQA-C-M22C

VZQA-C-M22U

- Easy-to-clean housing (clean design)
- Shut-off element made of elastomer
- For controlling fluid/powdery media, solids and mixtures of substances

- Selected types in accordance with ATEX directive for potentially explosive atmospheres
- [www.festo.com/ex](http://www.festo.com/ex)

## Accessories

### Solenoid coil MD

Voltage	Type	Part no.
Solenoid coil for VZWM- ... -F4- ...		
24 V DC	MD-2-24VDC-PA	549903
110 V AC, 50 ... 60 Hz	MD-2-110VAC-PA	549904
230 V AC, 50 ... 60 Hz	MD-2-230VAC-PA	549905

### Solenoid coil MH

Voltage	Type	Part no.
Solenoid coil for VZWM- ... -F5- ...		
24 V DC	MH-2-24VDC-PA	549906
110 V AC, 50 ... 60 Hz	MH-2-110VAC-PA	549907
230 V AC, 50 ... 60 Hz	MH-2-230VAC-PA	549908

### Plug socket MSSD

Electrical connection	Type	Part no.
Connection pattern to EN 175301-803 type A		
3-pin, square design	MSSD-N	550067

### Mounting bracket HRM

Material	Type	Part no.
Galvanised steel	HRM-1	9769
	HRM-2	9770
	HRM-3	9771

Process valve units &gt;

## Ball valve actuator units VZBM

- Pneumatic actuation
- Ball valve actuator unit with double-acting or single-acting quarter turn actuator
- Swivel angle 0 ... 90°
- Brass design
- Pipe thread to EN 10226-1
- Flange hole pattern to ISO 5211
- Flow is fully opened or closed in both directions
- Limit switch attachments or limit switches can be mounted directly on the actuator unit for sensing the end positions
- Flow rate 5.9 ... 243 m³/h

## Filter regulators PCRP

- Robust housing for the specific requirements of process automation
- Suitable for use outdoors and at temperatures down to -60 °C
- Resistant to UV radiation and corrosive environments
- Connection G1/4, G1/2, NPT1/4-18, NPT1/2-14
- Pressure regulation ranges 0.5 ... 7 bar; 0.5 ... 12 bar
- Flow rate 1600 ... 4115 l/min

## Energy efficiency

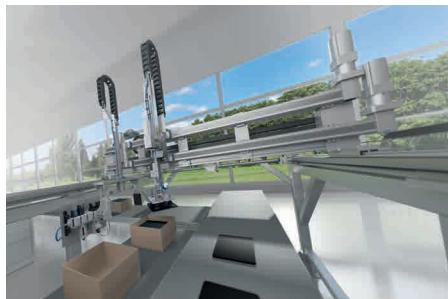

### Sustainability in manufacturing

Automation solutions enable faster, more flexible and more cost-efficient production, but they also consume energy – whether to generate compressed air in pneumatic systems or to operate electric components. We support you in four core areas to achieve greater sustainability in manufacturing: our products and solutions have the greatest impact on

your energy footprint and on protecting the climate. The sustainability of our portfolio extends from its production and operation, right through to the end of its long service life. We support you with digital tools for the design of energy-efficient systems. Our services help you to identify potential savings in your compressed air system and our offer of basic and

further training gives your current and future experts the knowledge they need to work sustainably. Improve your energy efficiency and productivity with us. We are your partner on the journey to CO<sub>2</sub>-neutral production.

### Products for sustainable operation

Festo offers products and solutions that use energy more efficiently so that you can realise significant potential savings right now, whether with high-performance, simple pneumatic systems or precise, dynamic electric automation technology.

### Save energy with good design

Your applications are most efficient when they are tailored exactly to your individual requirements. By selecting the right technology and optimally sizing components, you will create the framework for long-term energy savings. And by using our numerous engineering tools this process is made even easier.

### Save more energy with Festo services

High energy prices, rising cost pressure and a growing awareness of climate protection have undoubtedly made industrial energy efficiency a key activity in your business. Festo Energy Saving Services according to DIN EN ISO 11011 offer you a tailor-made range of services that enable you to identify and utilise potential compressed air savings in an optimal, integrated and sustainable way.

### Sustainability in basic and further training

Energy efficiency and sustainability start in the minds of your employees. Festo Didactic is the world's leading specialist in technical education. We teach the specialists of today and tomorrow the knowledge and skills they need to identify potential savings in their work and implement them systematically, from the design of your systems through to day-to-day operation.

## Ways to make automation more efficient

MSE6-C2M with pressure reduction and soft start for restarting

Up to  
20%**Energy efficiency modules from the MSE6 series**

Avoid unnecessary compressed air consumption. In some work cycles, the energy supply can be temporarily stopped – right up to zero energy consumption and zero leakage. That is why the intelligent energy efficiency modules of the MSE6 series constantly monitor the compressed air consumption and shut

off the compressed air during non-production times after a certain amount of time. The MSE6-C2M and MSE6-D2M also maintain the system pressure at a minimum standby pressure level.

→ [www.festo.com/mse6](http://www.festo.com/mse6)

MSE6-E2M with complete pressure shut-off

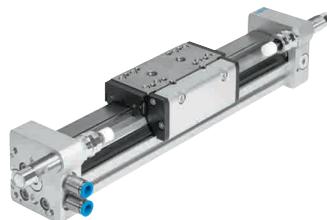

MSE6-D2M as an extension for a second string on the MSE6-C2M or a CPX terminal

Up to  
20%**Flow sensor SFAM**

You can install the flow sensor SFAM as a stand-alone device or in combination with an MS series service unit so you get a transparent impression of

the compressed air consumption straight away. Because a changing flow value is often a sign that there is a potential for savings.

→ [www.festo.com/sfam](http://www.festo.com/sfam)

Up to  
10%**Pneumatic linear drive DGC**

The patented sealing band in the rodless drive's sealing system really comes into its own with long strokes. Virtually leakage free, the drive systemati-

cally reduces compressed air consumption.

→ [www.festo.com/dgc](http://www.festo.com/dgc)

Up to  
60%**Vacuum generator OVEM**

Reliably holding objects using vacuum does not necessarily require a constant vacuum pressure. In particular with smooth surfaces, you can avoid continuous air consumption with an air-saving circuit.

The intelligent vacuum generator OVEM monitors the vacuum pressure, generates vacuum only when it is needed and thus significantly reduces energy consumption.

→ [www.festo.com/ovem](http://www.festo.com/ovem)

Up to  
20%

The percentage values for energy saving potential are based on calculations carried out at Festo for a sample application. We will be happy to explain the details to you and also to calculate your specific cost benefits.

The saving is not generated by using the product itself, but rather by detecting the status and monitoring for leakages.

## Festo Services and Support

### Consistent and comprehensive support

The service and support philosophy of Festo is based on a constant analysis of the value chains of different types of customers.

Festo has built on this knowledge to develop a sophisticated portfolio that supports you along your entire value chain.

It includes numerous services such as the Energy Saving Services, customised developments of ready-to-install solutions and special designs.

Our networked digital information system now consists of a database-driven catalogue with over 30,000 products and accessories as well as tools for configuration, planning and design. Globally standardised application platforms for product lifecycle, production, logistics, sales and finance help to create integrated, global processes that will benefit you.

#### Engineering

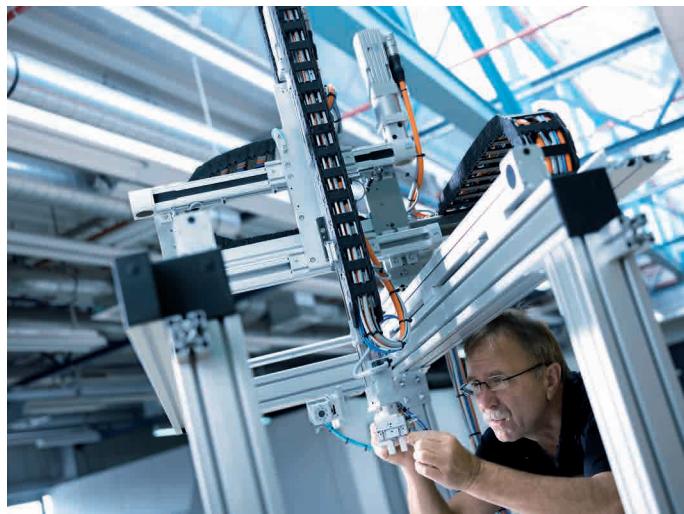

- Consulting
- Design aids
- 2D/3D CAD drawings and models
- Design and sizing tools
- Selection tools
- Engineering of ready-to-install solutions

#### Procurement/logistics

- Festo Online Shop
- 24-hour delivery service

## Reliable and efficient compressed air

Decide what kind of compressed air quality you need for your application. Our preconfigured service units are designed to meet your requirements and can be ordered with just a single part number. Save energy by automatically shutting off the compressed air in stand-by mode. Our energy efficiency modules MSE6... monitor the compressed air supply fully automatically.

## Certified food safe

Manage demanding applications for clean and safe food dispensing with the pneumatic pinch valve VZQA. Its silicone diaphragm comes in an N/O variant and with a declaration of conformity in accordance with Regulation (EC) No. 1935/2004. This pinch valve variant has thus been approved for direct contact with food products.

## Food safety and efficiency ...

... are key requirements.

Our clever mix of solutions provides the perfect ingredients for production systems that produce high-quality food and drink economically.

→ [www.festo.com/food](http://www.festo.com/food)

## Maximum performance

Fast, easy and energy-efficient. Decentralised valve terminal concepts increase the productivity of your systems. With the clean design valve terminal MPA-C there's no need for a control cabinet thanks to degree of protection IP69K. Or you can use valve terminal VTUG in the control cabinet, with multi-pin plug, all common fieldbuses or IO-Link®.

## High operational reliability

Reliable components are essential for high machine availability. Take the stainless-steel cylinder CRDSNU from our clean design drive portfolio, for example. It's always correctly set thanks to the self-adjusting end position cushioning system PPS – and has no adjusting screw where dirt can accumulate.

## Training and consulting

Festo Didactic is a leading global solution provider for technical education and training with a strong industrial DNA. Thanks to a state-of-the-art approach to training and education, the company ensures its employability and productivity of its customers. The product and service portfolio offers customers comprehensive training solutions that cover the main technology areas of factory and process automation. We combine technical training content with expertise and training courses from other specialist areas, such as process optimisation,

management and communication. As an integral part of the Festo Group, the interplay between automation and education is exceptional. Thanks to the close contact with Festo Automation, we are aware of the challenges facing our customers. This enables us to offer tailored and practical training courses for industry. Our experienced trainers teach relevant content that is tailored to each specific group.

## Our offer

The goal is maximum value creation. This can be achieved through training courses on different topics and in different formats.

### Technology

Development of technical skills: core technologies in factory and process automation

### Organisation

Driving continuous improvement: strategic planning and process optimisation along the value chain

### People

Development of behaviour and attitude: teamwork, communication skills and leadership qualities

### Innovations

Development of skills for the future: learning, leading and being ready for future production in the context of Industry 4.0

### Overview of topics

- Pneumatics
- Hydraulics
- PLCs (programmable logic controllers)
- Electrical engineering/electronics
- Process automation
- Handling systems
- Water management
- Maintenance
- Supply chain management
- Lean production
- Process optimisation
- Service and sales competence
- Industry 4.0

### Training offered

- Public courses
- Company-specific training courses
- Consulting
- Coaching
- Skills programmes
- Business games
- Training needs analysis, certification, blended learning concepts

## What must be taken into account when using Festo products?

The limit values specified in the technical data and any specific safety instructions must be adhered to by the user in order to ensure correct functioning.

The pneumatic components must be supplied with correctly prepared compressed air without aggressive media.

Take the ambient conditions at the place of use into consideration. Corrosive, abrasive and dusty environments (e.g. water, ozone, grinding dust) will reduce the service life of the product.

Check the resistance of the materials of Festo products to the media used and surrounding media.

When using Festo products in safety-oriented applications, all national and international laws and regulations, for example the EC Machinery Directive, must be observed and complied with together with the relevant references to standards, trade association rules and the applicable international regulations.

Unauthorised conversions or modifications to products and systems from Festo constitute a safety risk and are thus not permitted.

Festo doesn't accept any liability for any resulting damage.

You should contact Festo if one of the following applies to your application:

- The ambient conditions and conditions of use or the operating medium differ from the specified technical data.
- The product is to perform a safety function.
- A risk or safety analysis is required.
- You are unsure about the product's suitability for the planned application.
- You are unsure about the product's suitability for use in safety-oriented applications.

All technical data is correct at the time of going to print.

All content, texts, illustrations, images and drawings included in this document are the intellectual property of Festo SE & Co. KG and are protected by copyright law.

Any duplication, processing, translation, microfilming, storage, or processing in electronic systems of any kind whatsoever without the consent of Festo SE & Co. KG is prohibited.

All information is subject to change according to technical updates.
